## More Earthquakes in Costa Rica

### NIGHT EDITION ATTEMPTED SUICIDE JOHN K. WHITING

#### MORE EARTH SHOCKS

Were Felt in Costa Rica This Morning

SAN JOSE, Costa Rica, May 13.—The earth tremors continued today. In the month since April 13 four hundred distinct shocks have been recorded. The volcanoes of the vicinity exhibit no special activities. A force of 200 men would be required for six months to clear the ruins of Cartago. Half that number of men is engaged under good organization. Ninety-five buildings contributed to the debris. Samuel T. Lee, the American consul at San Jose, is active in the relief work.

#### SUPERIOR COURT TRAINING SCHOOL

Street Railroad Case on Trial Today

The case of Ada Newell against the Fitchburg & Lowell street railway was called in the superior court late yesterday afternoon, and took up today's session. Edward and F. A. Fisher for the plaintiff, and Baker & Baker for the defense. Mr. and Mrs. Newell alighted from a car at the park station in Lunenburg Aug. 28, 1909, and proceeded to the waiting room, when Mr. Newell was struck by the running board of a car rounding the curve, and thrown violently against Mrs. Newell, who was in front of him. She was thrown to the ground, and it is claimed that her knee was seriously and permanently injured. She now walks with difficulty, using two crutches.

#### Good Spring Tonic

"We have taken Hood's Sarsaparilla for a spring tonic and as a blood purifier. Last spring I was not well at all. When I went to bed I was tired and nervous and could not sleep well. In the morning I would feel twice as tired; my mother got a bottle of Hood's Sarsaparilla, which I took. I felt like a new person when I had finished that bottle. We always have some of Hood's medicine in the house." Hilvey Roselle, Marinette, Wis.

There is no "just as good" medicine. Insist on having Hood's.

#### Henry Trickett Took a Dose of

Carbolic Acid

Henry Trickett, aged about 45 years, made two unsuccessful attempts to end his life early this morning at his home, 5 Howard's place off Appleton street. He first took a dose of carbolic acid, but the acid had been diluted with water and was not strong enough to do him much harm. He then tried to suffocate himself by sticking his head into a pail of water. Before the man could make a third attempt he was placed under arrest.

The members of the household notified the police and Patrolman James Doyle went to the house. Trickett's condition was apparently serious and the officer telephoned for the ambulance, but when the ambulance arrived the surgeon said that the man would be better at the police station than at a hospital.

Trickett was arraigned in police court this morning on a complaint of drunkenness and when his actions of this morning were explained the court decided that a month in jail would do the man considerable good.

#### Says Milk Company Planned to Regulate Prices

BOSTON, May 13.—The affairs of the Boston milk contractors and the situation resulting from the strike of the New England producers were further probed by the special legislative committee at today's hearing. Under the searching questions of Rep. Charles M. Gardner of Westfield, J. K. Whiting of the C. Brigham Co. admitted that his company is now delivering in Boston milk which is 72 hours old. This milk, he said, is obtained from various places in New York state. A third of it, he said, was pasteurized when it arrived here and the remainder was pasteurized by his company here. Senator John F. Meaney of Blackstone in questioning the witness brought out the fact that about fifteen years ago there was in Boston an organization of milk contractors for the purpose of regulating prices and that it was an offensive and defensive alliance. After considerable questioning Mr. Whiting answered in the affirmative when asked directly if the policy of his company was to regulate the prices of milk in Boston.

William A. Graustein of the Boston Dairy Co. was questioned for a short time. He said that his supply now is the same as it regularly is and comes from Vermont and New Hampshire. He said however, that during the first few days of the strike he had delivered milk 72 hours old and that the remotest point he received milk from at this time was Bristol, Vt.

#### FUNERAL NOTICES

#### SCHOOL CHILDREN

Tendered Pretty Reception to Mgr. Dantenwill, O. M. I.

Over 2000 Little Ones Cheer the Distinguished Prelate as He Passed Them—Ordinations at Sacred Heart Church Tomorrow

One of the prettiest and most inspiring spectacles witnessed on the public streets in a long time was the reception tendered to Archbishop Dantenwill, O. M. I., superior general of the Oblate order, by the children of St. Joseph's school and those of St. Joseph's college for boys.

Archbishop Dantenwill, who arrived in Lowell at 1:45 o'clock, left the reception to walk to the convent of the Grey Nuns in Moody street, opposite Spaulding street. The archbishop was accompanied by Very Rev. T. Wade Smith, O. M. I., provincial of the order; Rev. Fr. Wattle, O. M. I., superior of St. Joseph's parish; Rev. Leon LaMothe, O. M. I., and Rev. Fr. Ouellette, O. M. I.

On the great steps of St. Jean Baptiste church were assembled some 300 wee small boys attired in their holiday raiment and each bearing either an American, French or Carillon banner. As the distinguished prelate approached they gave a mighty chorus of "Vive Monsignor." repeating the words several times. Archbishop Dantenwill uncovered in response to the salute and when the little fellows had ceased cheering he addressed them briefly. They then sang a song in French and finally all knelt and received the archbishop's blessing. The party then moved along and from Alton to Spaulding streets they passed between two files of school boys in white shirt waists each carrying a flag and all crying "Vive Monsignor!" to the extent of their vocal power. Archbishop Dantenwill paused frequently to permit the brothers in charge of the school to kneel and kiss his ring.

As the party turned into Spaulding street they were treated to a most picturesque surprise for around the corner and hidden from view were assembled all the girls of the sisters school from the thinnest tot up to the plump side of the street, all carrying flags. In front of the nun's residence the children were banded up in a living pyramid, all gowned in white dresses and carrying flags.

Mgr. Dantenwill's pleasure was evidenced by his beaming countenance and again he removed the great black con-

Somerville. She had been a resident of Lowell for the past 45 years.

PURTELL—Irene Catherine Purtell, aged one month and nine days, daughter of Romeo and Mabel Purtell, died this morning at her parents' home, 107 Adams street.

The funeral took place this afternoon at 2 o'clock from her late home. Burial was in the Catholic cemetery, in charge of Undertaker Savage.

SPILLANE—Ellen Teresa Spillane, daughter of Maurice and Mary Spillane, died this morning at the home of her parents, No. 5 Lagrange street, aged 7 years, 8 months, 17 days. Besides her parents she leaves two brothers, James and Maurice, and a twin sister, Mary Josephine.

WELCH—Margaret T. Welch, aged 70 years, died this morning at the home of her son, Andrew J. Welch, 53 Bowdoin street. The deceased was an old resident of this city and for many years a member of the Sacred Heart church. She leaves to mourn her loss a husband, Patrick; one son, Andrew J., and one brother, Patrick Ford. Funeral notice later. M. H. McDonough & Sons.

Comet waltz, Associate, tonight.

#### THE MILK STATION

Great Progress Has Been Made

The committee from the Young Women's Hospital Guild which has the milk station in charge is well satisfied with the progress that is being made. Although all the members of the guild are intensely interested in the present work, the special management of it has been delegated to what has been called the milk committee.

Fifteen mothers took their babies to the milk station last week and twelve regular orders for milk are being received daily. Five mothers are modifying the milk for their babies at their homes and under the instruction of Miss Lindsay, the nurse employed by the committee. The price charged for the milk is one cent a bottle and the bottle contains enough for one meal for baby and according to formula.

#### A MILL WORKER

Burned to Death at Pittsburg

PITTSBURG, May 13.—Placed under a dozen white hot steel billets which had fallen from a tilting steel barge, William Wenevel, a millworker at the Jones-Laughlin steel works, was burned to death today before the eyes of a score of his fellow-workmen who stood by powerless to rescue their comrade.

TENNIS TOURNAMENT

BROOKLINE, May 13.—The annual women's tennis tournament in singles at the Country club was won today by Miss Eleanor Sears of Boston, who defeated her cousin, Miss Evelyn Sears, in former national champion, in straight sets, 6-3, 8-6.

PERKIO WON

PARIS, May 13.—The prix de Tiet of \$500, 2 1/2 furlongs, run at Maisons La Fite today, was won by Eugene Picchotti's Perkio.

#### SCHOONER FLOATED

BATH, Me., May 13.—The Oliver Ames, Captain Noah Morgan, the largest two-masted schooner in the world, struck at Perkins island in the mouth of the Kennebec today while trying to sail out of the river with a cargo of 150,000 feet of lumber for New Bedford. She was floated by the life-saving crew from Popham beach and found to be leaking badly. The life-savers with their powerboat towed the schooner eleven miles to this city and she was hauled on to the marine railway. Her forefoot was split off.

# THE NEW KING

## Finds Himself One of Hardest Worked Officials

LONDON, May 12.—From a life of comparative ease and retirement, King George suddenly finds himself one of the hardest worked officials in the kingdom. In addition to spending considerable time daily at Buckingham palace, comforting his widowed mother, he has to attend to multifarious duties connected with receiving and entertaining the royal guests and arranging the difficult details of the lying-in-state and the funeral.

Seven o'clock each morning finds His Majesty already at his desk in Marlborough house, to reply to the innumerable messages of condolence and to receive his ministers and the officials who have to do with the obsequies. Today he had a long special interview with John Duran, president of the local government board. The afternoon he spent with the queen mother, and in the evening he went to the station to meet and escort the king of Denmark to Buckingham palace.

Ex-President Roosevelt, who has been named as special envoy of the United States to attend the funeral of the king, will be presented to King George soon after his arrival in London on Monday. This has been arranged in conformity with the wish of the king, as expressed to Whitehall, that the American ambassador, Mr. Roosevelt, as special ambassador, will occupy a place with the visiting monarchs in the funeral procession, and will also attend the burial at Windsor.

The lying-in-state involves a great addition to the work of arranging the program for the funeral, all the details of which will hardly be completed before Sunday. The procession to Westminster hall on Tuesday, for the lying-in-state, will be almost as great a scale as the funeral procession. The cortege will include King George, and all the foreign sovereigns, on horseback, and the queen mother and the royal ladies in carriages. The body will be received by the members of the house of lords and the house of commons, while the choirs of Westminster Abbey and the Chapel Royal, and the band of the Coldstream guards will take part in the musical service.

When the funeral procession starts on Friday, every train car in London

### THE CORONATION OATH IS WARMLY DISPUTED

LONDON, May 12.—As has been foretold, the extremists among the protesters have taken up the fight against the proposed change in the coronation oath. King George V. makes a declaration that King George V. makes a declaration. The movement started by William Redmond, to have stricken from the oath the words that are distasteful to the Catholics, has already brought out strong words of opposition. Various Protestant societies are entering the fray. The London Council of United Protestant Societies, representing 51 of these associations, held a special meeting yesterday to consider the question.

There is no doubt that Premier Asquith's plan to modify the oath will be fought strenuously. The Church Association has already sent to Premier Asquith and to every member of both houses of parliament a copy of resolution passed by the association, denouncing the proposal to suppress the declaration, and demanding that the government "promptly reject Mr. Redmond's insidious appeal."

Among Roman Catholics there are doubtless a few who are indignant that any Protestant declaration should be made, but the bulk of the thinking members of that faith do not quarrel with the fact. They recognize that as the Protestants are in a great majority in the United Kingdom it is only to be expected that the Protestant succession to the throne shall be defined and preserved. It is the branding with contemptuous epithets the religious tenets of a large number of loyal Britons of which they complain.

Catholics also complain approvingly the utterances of British Protestant statesmen who have tried to remove what the late Lord Salisbury described as a stain on the statute book. Lord Salisbury declared that apart from the declaration being most offensive to all Catholics, the attack on the sovereignty of the Catholic subjects in Canada, comprising about 25 per cent of the entire population of the dominion, should exempt them from any such offensive reference.

The government has not yet taken any overt step in the matter, but pending some definite pronouncement nothing can be said of the prospect of revising the declaration before King George is required to make it.

Mr. Conan Doyle writing to the Times on the subject says:

"Is it anything other than persecution to hold up the Roman Catholic faith to obloquy in the coronation oath, while every other creed, Christian or non-Christian, is left unassailed?"

Games scheduled for May 20th will be played instead as double headers on May 21st, along with the regular games.

### WIDOW IS SUED

Wife Claims Damages of \$50,000

BOSTON, May 12.—Mrs. Sarah F. Merriam, a middle-aged maiden widow, who is so deaf she is obliged to use an ear trumpet, appeared yesterday afternoon before Judge Fox in the second session of the Middlesex superior court at East Cambridge, as the defendant in a suit for \$50,000 damages for her with enticing Nathaniel H. Heath, a maiden real estate dealer, from his home in 106 Washington street and alienating his affections.

Mrs. Emma Frances Heath, who asks the court and jury for the large amount to assuage the loss of Mr. Heath's society and affection, testified that her troubles began in 1905, or thereabout, when her husband sold Mrs. Merriam the Hotel Evelyn, an apartment hotel in Malden.

Since then, she said, both Mrs. Merriam and Mr. Heath had resided at the hotel, and the latter claimed such an arrangement was necessary as he intended to "build up the place, sell it, and make a good thing out of it for Mrs. Merriam and himself."

## STRIKE SETTLED ORGAN GRINDER

Italian Strikers Back at Work

PROVIDENCE, May 12.—As a result of the contractors in this city according to the demands of the strikers arriving at an amicable settlement with the building laborers committee representing the strikers all but about 300 of the original 1600 Italian laborers who struck a few weeks ago have now resumed their occupations. The last squad of strikers to return to work were those employed by the Bishop company who answered the blowing of the whistles today following a settlement with that company last night. What the exact terms of the settlement were have not been given out, but it is believed they were favorable to the strikers.

Said to Have Stolen Rivers Child

NEW YORK, May 12.—It is now admitted by all but the police that Willie Rivers, aged five, of No. 32 Washington avenue, Flushing, who has been missing since last Saturday morning, was kidnapped by a wandering organ grinder. Although the police cling tenaciously to the theory that the lad was drowned in Flushing Creek, no less than six persons yesterday declared positively they had seen the boy in the company of an organ grinder up to 3 o'clock Saturday afternoon.

Among these was a Flushing society woman of. Benson also was heard to say Mrs. Rivers' modest home yesterday and told her that at 1.30 Saturday afternoon, the itinerant musician had knocked at her back door and asked a drink for the cowering lad, whom he dragged along by the arm. After procuring the drink the lad was hurried off with the boy.

"You must not allow my name to become public," said Mrs. Rivers' caller, "for I have an unreasoning fear of the Black Hand, and I believe that man belongs to it. But I am sure it was your little son who was with the organ grinder. The little fellow wore a white felt hat and had a peculiar scar over his right temple. I remember remarking upon it at the time."

### ON IMMIGRATION

OFFICIALS CONSIDER THE CHINESE STRAGGLERS

WASHINGTON, May 12.—Immigration commissioners and agents for half a dozen points were in conference today with Benjamin S. Cole, the assistant secretary of commerce and labor, and Commissioner General of Immigration Daniel J. Keefe. They were Messrs. Berkshire at El Paso, Clark at Montreal, Billings at Boston, Williams at New York, Rogers at Philadelphia, and Weiss at Baltimore. There was a general interchange of views regarding conditions along the Atlantic coast and on the Canadian and Mexican borders. A problem with which the government has to contend is the struggling of Chinese and Japanese along these borders, the vast territory to be covered marking the work as an especially difficult one.

## COL. SCANNELL

Sued by Supreme Secretary of Owls

BOSTON, May 12.—George D. Berth of South Bend Ind., supreme secretary of the national order of Owls, through his attorney, Abram B. Berkwitz, has filed suit in the superior court against Col. Roger F. Scannell charging malicious slander and asking damages of \$25,000.

The allegation of slander, Mr. Berkwitz says, is based on the remarks made by Col. Scannell at the legislative hearing of last Tuesday in regard to the formation of an independent New England order of Owls.

The bill is returnable in June. In his declaration at that time, Mr. Berkwitz states, he may make further charges implicating others than Col. Scannell. He intends also to file a bill in equity for an injunction to prevent Col. Scannell and others from establishing the New England order.

## THE "OPEN SHOP"

### Important Decision Rendered by Judge Rugg in Supreme Court

BOSTON, May 12.—An important decision in favor of the "open shop" was rendered today by Judge Rugg in the supreme court in granting an injunction restraining a building trust and a number of labor unions from interfering with L. P. Soule Sons & Co., builders of a large wool warehouse in this city.

The case was fought for nearly two weeks by able counsel on both sides, all of whom agreed that many building contracts, throughout the state would be affected by the decision. Soule & Co. maintain an open shop and start the winter to construct one of the largest wool warehouses in the world on Summer street extension in South Boston. The firm had a joint contract with the National Fireproofing Co., which maintains a closed shop, and one of the unions called a strike on the building, aimed at the Soule firm. The owners of the property, the Fargo Real Estate Trust, sought to terminate the contract with the Soule firm on the ground that the work was not progressing satisfactorily. The Soule Co. immediately petitioned for an injunction and named three building trades unions, the real estate trust and the architect.

Judge Rugg decided today that the contract must not be terminated and that the strike was illegal.

## NARROW ESCAPE ATTORNEY TODD

Man Nearly Killed in Auto Accident Says Men Live From White Slave Traffic

NEW YORK, May 12.—Emile Krause, an automobilist, out riding with a friend, found himself trapped in trying to cross the tracks of the Staten Island railroad in his machine today as a swiftly moving train loomed suddenly around a curve. Krause tried to turn the machine about, but only succeeded in swerving it onto the track ahead of the on-coming train.

The automobile bumped along the ties for an instant, almost keeping pace with the pursuing train, but Krause, looking over his shoulder, saw the locomotive was gaining and turned off the tracks just as the train shot up.

The automobilist plunged down a 25 foot embankment, crashing into a high fence at the bottom. Krause was uninjured, but August Charrens, a policeman, who was riding with him, was dangerously hurt, having three ribs broken and sustaining possible internal injuries. It is believed he will recover.

## RAILROAD BILL

Taken up by the Senate Today

WASHINGTON, May 12.—With an agreement to begin voting on the long and short hauls amendments to the railroad bill at 4 o'clock today the senate began consideration of that measure almost immediately when it convened at noon.

Mr. Heyburn, author of the first amendment offered, proposing the modification of the long and short haul clause of the pending law, promptly took the floor in support of that provision in contra distinction to the Dixon amendment which was submitted as a substitute. The Heyburn amendment makes a flat and unqualified prohibition against the greater charge for a short than a long haul, while the Dixon provision, although making a similar prohibition, gives the interstate commerce commission discretion to make exceptions.

## BRIBERY CHARGE

Is Made Against Representative Browne

CHICAGO, May 12.—States Attorney Wayman announced today that Lee Browne, democratic leader of the house of representatives, who is charged with bribery of legislators, will be placed on trial before Judge McSorley in the criminal court next Monday. Browne is alleged to have distributed the money alleged to have been paid to certain representatives to vote for Lormer for United States senator. Reps. White, Berkemeyer and Link, who are declared by the state's attorney to have confessed to having received bribes, will be witnesses at the trial. The special grand jury, which for two weeks has been investigating alleged bribery, adjourned today until next Tuesday. The inquirers heard no witnesses today.

## Since John Quit Drinking

BY JOHN'S WIFE

I'm the happiest little woman. In all this little town. And my merry laugh and singing. Takes the place of sigh and frown. For JOHN HAS QUIT HIS DRINKING. And is like the quiet moon. And the world is just a paradise. With such happiness in store!

One day I read some verses— "Mary's Miracle," the name. And I said, that's John exactly. And I'll send and get the same. So I sent for GOLDEN REMEDY. (As my sis said) "Oh, how good!" And I put it on my poor John. And I sent it to his bed. And it didn't taste a little bit. It was the sweetest kind of sailing. For little Doctor Al. And I watched and prayed and waited. And I cried some (too, I guess). And I didn't have the greatest faith. I'm ashamed now to confess.

And John never thought a minute. He was being cured of drink. And soon he's well as any one. It makes me cry to think. Just makes me cry for gladness. I'm so proud to be his wife. Since he is free of drink. And I can't say, how glad I am.

"Since John he quit a-drinking!" I can't say it times enough! And hater and lecher a liquor. As he would a poison stuff. And when I say my prayers at night, As thankful as can be. I pray for John the best of all— Then GOLDEN REMEDY.

Feet Tired—  
So Tired?

TIZ Makes Sick Feet Well No Matter  
What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore-free.

It's the sure remedy you know for everything that gets the matter with your feet. It's for sore feet and for corns, callouses and bunions, too.

"For years I have been troubled with sore and tender feet, suffered intense pain. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with great many of my friends. I would not be without it. All it requires is to be known to be universally used." A. F. Drentzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists, 25 cents per box, or it will be sent you direct if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

from express companies from \$118,000 in 1907 to \$118 in 1909.

On a motion the vote on the motion to substitute prevailed, 59 to 48, and on a roll call, 52 to 43.

Land By Eminent Domain  
The senate the resolve for an amendment to the constitution to permit cities to acquire by eminent domain the whole of estates, a part of which is to be used for highway improvements, was passed to be engrossed on a roll call, 51 to 0.

Voluntary Trusts  
Mr. Knight of Boston moved to substitute for an adverse report a resolve providing for an investigation of the common control of lighting and transportation companies by voluntary trust. Such associations, he said, are devised for the purpose of evading the law and expressed the belief that the Consolidated gas and the Edison light companies have as a matter of fact consolidated, although such consolidation is specifically forbidden by law.

Mr. White of Brookline said the voluntary trust has flourished in Massachusetts more than in any other state, because they are permitted to make laws to suit themselves.

Mr. Warren of Chelsea said there is no evil which demands investigation, and the state commission already has all the information that could be obtained.

Mr. Riley of Malden said voluntary trusts involve the stock of railroads and street railways, thus violating the policy and the law of the commonwealth.

Mr. Mullen of Braintree did not see that there is anything to be investigated.

Mr. Milgram of Boston said most of the express companies of the state have gone into a voluntary trust, the result of this action being to reduce the amount of franchise taxes collected

amendment to make it take effect Feb. 1, 1911.

Highway Commission  
The contest between the state highway commission and the civil service commission was fought out in the house yesterday afternoon. The highway commission desire the passage of a bill providing that when its employees have been at work six months they shall not be discharged because they lack civil service endorsement.

Mr. White of Newton said such a bill would break down the civil service system.

Mr. Martin Hays of Boston said if this was true he hoped the bill would pass. He said he knew nothing of the merits of the bill, but Boston's experience of the past two weeks is enough to show that somebody ought to "missioners and bring them to their senses."

Mr. Dickson of Pittsfield also opposed the bill, although he criticized the civil service commission for their attitude toward the highway commission.

By a vote of 27 to 60 the house refused to reject the bill, as recommended by the committee on ways and means.

Boylston Railway  
The next matter taken up was the bill providing that electric railroads shall be completed within four years of the granting of their certificates. Mr. Keene of Somerville offered an amendment providing that such roads must use a subway in cities of 30,000 or more inhabitants, unless the local authorities consent to other construction.

Mr. Allen of Worcester raised a point of order that the bill seeks by indirect action to repeal the charter of the Boylston bicycle railway, and is in contravention of the rules of the house. Pending the decision of the chair, further consideration was postponed until Monday.

Intelligence Offices  
After a brief debate the house reconsidered its rejection of the resolve directing the director of the bureau of statistics to investigate the employment and intelligence offices of the commonwealth, by a vote of 51 to 48.

The question then recurred to rejecting the resolve as recommended by the committee on ways and means, and Messrs. White of Brookline and Crocker of Boston of that committee asked that they might present a resolve authorizing the governor to appoint an investigating commission.

After debate, by a voice vote the house refused to reject the bill and Mr. O'Brien of Boston gave notice that he would offer today a resolve authorizing the governor to appoint a commission.

Motor Vehicle Bill  
The motor vehicle bill was ordered to a third reading without debate.

Mr. Cushing of Boston opposed the recommendation of the ways and means committee that the bill to create a metropolitan Boston council should be rejected.

The bill was rejected, 59 to 46.

## Killed Bill for Popular Election of U. S. Senators

BOSTON, May 13.—The Massachusetts state senate yesterday negatived the vote of the lower house by rejecting the Riley resolve demanding that congress call a constitutional convention to amend the federal constitution providing for the election of U. S. senators by the people.

The resolution was rejected without a word of debate, 11 to 22.

Yes—Hunting, Butler, Doyle, Lomasney, Mahoney, Malley, Meaney, Nason, O'Connor, Russ, Teeling—11.

No—Blanchard, Bray, Burnham, Crosby, Denny, Evans, Greenwood, Harvey, Hibbard, Hultman, Keith, Mellen, Mulligan, Nash, Newhall, Parker, Pickford, Richmond, Thinkham, Tolman, Tuttle, White—22.

Senator Mahoney of Holyoke immediately moved a reconsideration of the vote, and his motion goes into the orders of the day for today.

Three republicans—Bunting, Nason and Russ—voted with the eight democrats for the resolution.

Income Tax Goes Over  
On motion of Senator Malley of Springfield the "income tax" amendment to the constitution was put over to May 19.

For Voting Machine  
Senator Mahoney of Holyoke offered the resolve for an amendment of the constitution to permit the use of voting machines at elections in this commonwealth. He said the committee had asked to see the machines but not one was presented.

Senator Lomasney also opposed the resolve which was favored by Senator Tuttle of Pittsfield.

The resolve was passed, 18 to 12.

Yes—Blanchard, Bray, Doyle, Evans, Greenwood, Harvey, Hibbard, Malley, Mulligan, Nash, Nason, Parker, Rockwood, Ross, Teeling, Thinkham, Tolman, Tuttle—18.

## ANNIVERSARY SALE

AT GILBRIDE'S DRY GOODS STORE

The second anniversary sale at Gilbride's popular department store is on, and it is a special genuine mark-down sale on every article without reserve or limit. The previous anniversary sale was such a success that when they announced they would have another one this year thousands of people within a radius of fifty miles of Lowell were on hand to attend the sale. All day yesterday the clerks in every department were as busy as bees, and the management was obliged to close the doors three times during the day, as it was impossible to take care of the immense throng of people attracted by the advertisements of the bargain sale. As a more illustration of the power of advertising there were crowds from South Braintree, Mass., and Franklin and Nashua, N. H., and many other cities and towns. While some people may consider business a little dull just now it looks as if there never was greater prosperity at Gilbride's store. Mr. John Burns, the manager and secretary of the establishment, was the man of the hour yesterday and was undoubtedly the busiest man in the city. It takes a man with keen judgment and great business knowledge to conduct a sale of this magnitude and make it a success, and it will certainly be an immense success when it comes to a close Saturday night. Judging by the business they transacted yesterday and today, every woman in Lowell should take advantage of this sale as there are bargains enough for everybody, and it would pay to purchase for the future if you do not need anything for immediate use.

# ENTERS MINISTRY

## Young Man Ordained at Trinitarian Church

In the First Trinitarian Congregational church last evening, Rev. Melbourne O. Baltzer was ordained a Congregational minister. The ordination ceremonies were witnessed by a large audience. Mr. Baltzer has been the pastor's assistant at the First Trinitarian church for nearly a year. He will continue as assistant to Mr. Kenigott.

The ordination sermon was preached by President Albert P. Fitch, D.D. The services opened at 7:30 o'clock.

Following a statement by the moderator, Rev. R. A. Wilcott, and the reading of the minutes of the council by the scribe, Rev. James E. Gregg, pastor of the Kirk Street Congregational church, gave the invocation, which closed with the Lord's prayer. The Scripture lesson was read by Rev. Henry C. Graves, D.D. The anthem "Praise Ye the Father," (Gounod) was sung by the chorale choir. Rev. E. Victor Bigelow, pastor of the Eliot Congregational church, gave the responsive reading, Hymn 633, "The Church's One Foundation" was given by the congregation and choir.

The prayer of ordination was given by Rev. Lewis V. Price, D.D., the can-

didate kneeling during the prayer. "The Homeland of the Heart" was sung by a boy soprano, with chorus. The charge to the minister was given by Prof. Daniel Evans, D.D., who said in part: "There are more objections raised about entering the ministry than to the entering of any profession. The objections have become adept in the raising of objections, in the getting of reasons for staying out of the ministry. They say that you have got to work morning, noon and night, and preach twice on Sunday. Well, if these objections keep men from entering the ministry then it is well that they stay out, it is better for men and women that they should stay out."

"Whatever else you may forget do not forget the reasons why you came before this church for ordination. The ministry is the greatest calling in the world, but it is a mighty poor profession. There is no calling so great as this, that which gives you the opportunity of ministering to men."

"The products of the church of Christ are greater than all else in this world. You must be ready for any sacrifice when you enter it. And is not the making of sacrifices worth while

when you can turn out men with your work, and thus you are called upon to do as the Christian minister. "There are three things I wish to speak to you about. The first advice I give to you is: Take care of your mind. In this 20th century a man must be able to think for himself, and he must be able to think for others. He must be alert, quick, must know, the great truths of religion. If you should be asked what you do, you would probably say you were a student at Harvard. It seems infinitely more important to me that a man should be a student after he enters the ministry than that he should have been one before he enters it. And, yet, many ministers are first students and then become ministers, and study no longer. You ought to get six hours—yes, eight or ten—every day for study.

"And the second point is this: Keep your heart human. The ministry must be human and humanizing. It must be

more human and humanizing than any other calling in the world. No man can be in contact with so many different kinds of men and women and children as the minister. The lawyer will tell you that he sees life; so he does. The doctor tells Tennyson that he came in contact with more kinds of men and women than did the poet, and the poet merely replied: "Yes, sick men and women of different kinds." Keep your heart like the finely tuned chords of a piano, chords that will respond lovingly to every call on them.

"My third point is this: You must be religious. Now that may seem odd to say to a minister that he must be religious. You must be in the closest possible touch with the deepest realities of this world. You must be sensitive to the presence of the power and the nature of God. You must be as sure of God as of your own soul. No man can be a prophet of God who doesn't learn God, who doesn't know God. Never forget that you have entered the ministry."

Rev. George P. Kenigott extended the right hand of fellowship. Hymn 153, "Cessless Praise," was sung by the congregation and choir, standing, and the benediction was pronounced by Rev. Mr. Baltzer.

The services closed with the organ postlude "Allegro in A-Minor," by Rheinberger.

## EARLY CONFLICT

Between Peru and Ecuador Expected

WASHINGTON, May 13.—Information received here points to an early conflict between the armies of Peru and Ecuador over their boundary dispute. A dispatch received yesterday at the state department from the United States consul at Guayaquil, Ecuador, states that President Alvaro has left the capital for the frontier with 900 troops. It is not known at the state department at what frontier post the Peruvian army is concentrated, but the Ecuadorian forces are understood to be mobilizing at Machala, the capital of the southwestern province. Officers of the diplomatic corps having knowledge of the conditions in these countries, say that both Peru and Ecuador are financially in no condition to stand the expense of a war. Some months ago Peru, it is said, negotiated a loan in France of \$1,000,000 on very extraordinary conditions. She placed as security the Octroi taxes, or those collected from citizens bringing provisions and other commodities into the city for sale. This is regarded as a very unusual proceeding.

Peru has a standing army of about 4000 officers and men, but it is understood that conscripted have brought the force up to perhaps twice that number. She also has five war vessels, two of them being fast, new cruisers of three thousand tons each. The Ecuadorian army consists of about 4000 officers and men, with an available national guard of some considerable strength. She has two small war vessels that might be used for transports in case of war, but nothing sufficiently formidable to meet the Peruvian cruisers on equal terms.

## IMPERIALS DANCED

ENJOYABLE PARTY HELD AT ASSOCIATE HALL

The annual concert and dancing party of the Imperials, an organization of prominent young men of this city, was held last night at Associate hall, and the popularity of the members of the club was evidenced by the large attendance. There were about 300 couples present and the affair proved to be a social as well as financial success.

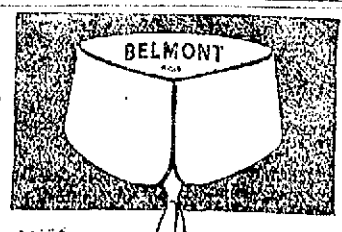

Music for dancing was furnished by Kiltredge's orchestra, and the officers of the party were as follows: General manager, William Devine; assistant general manager, John J. Coughlin; floor director, George A. Morris; chief aid, Owen L. McGuire; aids, All of Our Friends; chief announcer, Benjamin McNamara; treasurer, James L. O'Day.

## FORESTERS OF AMERICA

A well attended meeting of Court Gen. Shields, Foresters of America, was held last night. Chief Ranger Thomas A. Green presiding. Three new members were admitted and two propositions for membership received. Several committees submitted reports of progress. During the course of the meeting Chief Ranger Green took advantage of the opportunity to congratulate the members on the hearty co-operation given the officers since becoming affiliated with the grand court federal fund. Plans for organizing a ball team to compete with various Forester teams throughout the state were formulated and the nucleus of a strong organization was announced by the committee in charge. Under the head of good and welfare, the following brothers made interesting remarks, Messrs. Boles, Norton, Daley and Roddy.

## CASES OF TUBERCULOSIS

WASHINGTON, May 13.—Less than 3 per cent and not over 15 per cent of all cases of tuberculosis have bovine origin, according to Supt. E. C. Schroeder of the bureau of animal industry experiment station at Bethesda, Md., who testified yesterday before the house committee on agriculture. In a congressional hearing, however, that the milk of tuberculosis cows was not itself tuberculous, the germs being transmitted carelessly with the milk, instead of at first existing in it. The only safe way, he argued, was to pasteurize the milk.

## Our Most Successful Anniversary Sale

OPENED WITH A RUSH YESTERDAY

THE sales for the opening day exceeded those of last year—We realize hundreds had difficulty in obtaining prompt service and a number could not be waited on at all owing to the tremendous throngs surging through the aisles and reaching to every nook and corner of this store from early morning until late afternoon.

We expected crowds—and prepared for them with over 50 extra salespeople—but the response was so overwhelming that even this number was inadequate.

Today and Tomorrow there will be more salespeople, more cashiers, more delivery-men, and with the stocks replenished, we feel confident the service will be prompt and satisfactory.

In the celebration of its Second Anniversary, The Gilbride Store is the medium through which the many patrons are receiving astonishing bargains.

"To Make Good" in this sale we have labored for months with manufacturers at home and abroad to secure the best merchandise at the lowest prices ever paid. Not a cent's worth of undesirable goods is offered in this sale. Profits are ignored. Bargains in a bigger and broader sense than Lowell shoppers have ever known are here.

## \$25,000 DAMAGE

### FIRE DESTROYED ELEVATOR OF GRAIN CO.

EAST BRIDGEWATER, May 13.—The elevator and plant of the Eastern Grain Co., owned by Walter Little, was burned here last night, causing a loss of \$25,000. The fire had gained much headway when discovered and the firemen directed their efforts to preventing the flames from enveloping the shoe factory of L. Q. White Co. and the Post Bridgewater station of the New York, New Haven & Hartford railroad, both of which were in danger.

## BOYLSTON PRIZES

CAMBRIDGE, May 13.—There were eleven contestants for the Boylston prizes for elocution annually competed for at Harvard, in the final trials in Sanders theatre last night. The winners of the first prizes were W. C. Bench, 1911, of Auburn, N. Y., and E. Stern, 1912, of Boston. The second prizes went to E. A. Remis, 1911, of Cambridge; G. L. Harding, 1911, of Providence, R. I., and C. J. Cudaby, 1910, of Milwaukee, Wis.

## PRESIDENT NOT ILL

WASHINGTON, May 13.—President Taft last night set at rest rumors that he was confined to the White House by a threatened attack of pneumonia, by attending the theatre last night with Mrs. Taft. The president remained throughout the performance and, although plainly suffering from a cold, looked like anything but an invalid.

## AVIATION MEET

### TO DECIDE THE CHAMPIONSHIP OF WORLD

NEW YORK, May 13.—America's first international aviation meet for the championship of the world will be held on Long Island. The last international meet, at which Glenn H. Curtiss of Hammondsport, N. Y., won the James Gordon Bennett trophy, was held last year at Rheims, France. The exact site for the course has not been definitely chosen, but it will be somewhere on the Hempstead Plains, Long Island, just outside the limits of New York city. The course will be triangular in shape, three miles long over all.

The races will be conducted by the International Aeronautic Federation, of which the Aero club of America is a member, and will last for a week. The main contest for the world's championship and the Gordon Bennett trophy has been scheduled for October 23d. Many foreign aviators are expected to challenge this year, because under an agreement entered into between the Aero club of America and the Wright brothers the latter agreed to license all aviators competing in events sanctioned by the club.

# THE MAY FESTIVAL

## Of the Day Nursery Was Opened Last Evening

The annual May festival in aid of the Day Nursery opened last evening in Prescott hall and, if the attendance of last night can be taken as a criterion, when the event comes to a close tomorrow night it will be found that it was one of the most successful affairs that has ever been conducted in aid of the association.

The first night's program was an attractive one, and there was a generous patronage from the public. The fest-

Last night's entertainment, which will be repeated tonight, is entitled "Cupid's Garden." It is a pretty little operetta which was arranged and directed by Mrs. Julian Talbot, assisted by Mrs. Plunkett. Mr. Frederick O. Blunt is musical director, and Miss L. Blanche Perrin has charge of the dancing. Miss Rebecca Bartlett is the accompanist.

The stage is set to represent flower wreathed groves, while in the wings on both sides of the stage are seated the members of the chorus. The operetta consists of a series of pictures with Cupid as the central figure, the part of Cupid being taken by Ruth Renwick.

The following are the pictures:

Picture 2.... The First Rose of Summer  
Picture 3.... "Oh, What Makes You So Sweet?"

ure of the evening was a charming operetta.

The interior of the hall is very prettily decorated, while at different points about the hall are booths and sales tables presided over by corps of pretty young ladies.

Between 5 and 8 o'clock each night supper is served in the People's club rooms with a change of menu each night. Last night chicken was the main article, and tonight lobster in its various forms will be the principal dish.

## BIG FINANCIER

### Found Leading Double Life by First Wife

PITTSBURG, May 12.—Franklin S. Hamilton, president of the Washington Life and Annuity society, treasurer of the Lincoln Trust company, and the head of other financial institutions, is under arrest, here on a charge of bigamy and desertion brought by his Philadelphia wife, Mrs. Mary Ida Hamilton. His attorneys are arranging to settle with the Philadelphia Mrs. Hamilton for \$20,000 cash and Hamilton is mourning the sudden departure of his Pittsburgh "wife" from the luxurious home in which he had installed her.

Until a few weeks ago the Philadelphia Mrs. Hamilton, married in 1898, believed that her husband was a struggling traveling salesman. With the desire to help with the family expenses she obtained a position in Pittsburgh and came here intending to surprise him.

She found him rated as a wealthy man and occupying luxurious offices in the city building. Then she learned that he had a wife and two children here. He had married Miss Grace McGough of Wilmerding in 1903. Mrs. Hamilton returned to Philadelphia and spent three weeks in the Jefferson hospital suffering from the shock of her discovery. Then she returned here determined to prosecute.

## MISS PIGGOTT

### TO RECEIVE HER DIPLOMA AS A TEACHER

Miss Arvilla Howard Piggott, a talented No. Chelmsford girl, had a prominent place on the program of the commencement exercises of the School of Expression, Boston, on Thursday afternoon, May 12, at Jacob Sleeper hall. Miss Piggott, who is receiving her diploma as a teacher, has appeared in a number of recent recitals, prominent among them being one by the Browning Society of the school, of which she is a member. Her presentation at the commencement was "The Last Tournament" from "Penny-sore," "Idylls of the King," which left no room for question as to her ability and qualifications for a diploma. Following the exercises the teachers and trustees of the school tendered a reception to the graduates and their friends at the school studios in the Pierce Building.

## BOYS HELD UP TRAIN

PHOENIX, Ariz., May 13.—It was two boys, still in their teens, who held up a passenger train a mile from here Wednesday evening and who after a chase across the desert were captured last night. The boys gave their names as Ernest Woodson, 18 years old, and Oscar Woodson, 17, and say they were raised in Oklahoma City, Okla., and have been in Arizona but a short time.

## THE HYDE CASE

KANSAS CITY, Mo., May 13.—By tonight the jury which is to decide the fate of Dr. Hyde, accused of the murder and poisoning in connection with the Swope mystery will have retired to consider its verdict. If the final arguments are not delivered within the regular court hours today a night session will be held.

## OBJECTS TO DANCE

CHICAGO, May 13.—Chief of Police Stewart today ordered that a certain theatre, a standard playhouse devoted to musical comedy, be closed tonight and thereafter until a dance which he considers objectionable is eliminated.

Stella Mahoney, Minnie-Alice Gilligan and Marion Story.

This afternoon there was bridge whist, under the direction of Miss M. B. Russell, Mrs. Fred Church and Mrs. Bert Pickering, and the Belvidere Bridge club.

The general committee in charge of

the festival comprises the following ladies:

Mrs. Julian Talbot, chairman; Mrs. Plunkett, treasurer; Mrs. J. L. Chalfoux, Mrs. William P. Lawler, Mrs. A. Prince, Miss N. P. H. Robbins, Mrs. W. T. Brown, Mrs. Lewis MacBrayne, Mrs. N. W. Peabody, Mrs. Paul Butler

and Miss Dempsey.

The list of attendants on the different tables has already been published in The Sun.

## HANGED HIMSELF

## Banker Acquitted on Charge of Milk Producer Thinks it a Misapplying Bank Funds Case of Spite

NEW YORK, May 13.—Fitz Augustus Heinze was acquitted in New York last night of charges of misapplying funds of the Mercantile National bank while he was president of the institution in 1907, and he was cleared of the charge of over-certifying the checks of his brother's firm, Otto Heinze & Co. A jury in the criminal branch of the United States circuit court, after a trial lasting nearly three weeks, found him not guilty at 9:30 o'clock last night and he was discharged.

Thus failed ingloriously the government's attempt to hold Heinze responsible for financing during the panic of three years ago, alleged to be in vio-

lations and back slapping of the men. Out into the corridor he was pushed, where the scene of enthusiasm and disorder was repeated.

BARRÉ, May 13.—Charles N. Winship, one of the few Barré milk producers who are still sending milk to the Boston contractors, since Tuesday, has lost six cows by poisoning. The cows were grades, and were valued by Mr. Winship at \$300.

Mr. Winship is unwilling to impute the responsibility for the act to any individual person or persons, but says he fears it may have been due to the fact that he has continued to send his milk to Boston, while nearly every other milk producer in Barré has withheld it.

Tuesday morning when the herd was driven up from the pasture to be milked one cow dropped dead as she entered the barn. Upon investigation five other cows were found to be sick. Two of them died Wednesday, one yesterday, and the remaining two were killed by the veterinary in charge to put them out of their misery.

An autopsy was performed on the bodies of the dead cows by Dr. Charles Paquin, a local veterinary and board of health official, who announced that the cause of their death was mineral poisoning. The cows have subsequently been buried.

Yesterday morning William Cobb, the driver of a meat cart, found beside the road near the Winship pasture a partly burned bag in which was about a teaspoonful of Paris green. This has been taken in charge by the veterinary.

The Barré Lifer and rogue society, which has a fund of about \$2200 and to which most of the prominent local men belong, including Mr. Winship, met late yesterday afternoon and voted to offer a reward of \$200 for the arrest and conviction of the parties who poisoned Mr. Winship's cows.

Mr. Winship is one of the largest farmers and milk producers in the town. He has a farm of 1000 acres and maintains a herd of about 100 head. He has been accustomed to send to Boston from 60 to 70 cans of milk a day, which since the strike has made about half of the total amount sent from here.

Though the great majority of producers here are withholding their milk, reducing the number of cans sent from a normal of 900 to 500, and have agreed to keep up the strike for six months it need be, it is felt that a man who wishes to sell his milk should be allowed to do so. There is general condemnation against cow-poisoners by all classes of producers, whether in or out of the strike.

Witnesses say Miss Bruchel was dragged sixty feet or more, and that the chauffeur did not slow his car until after she had become disoriented from the low-built machine. Keller declared she was dragged but a few feet, and that he stopped the car as quickly as he could.

Bystanders yelled to the chauffeur, and when his machine stopped an angry crowd threatened bodily injury, and would have attacked him but for the interference of Policeman Joseph J. Weber, who arrested him. She was attended to by a priest and became unconscious on her way to the hospital where her condition was regarded as very serious.

## CALVARY CHURCH UNDER AN AUTO

Is in Good Financial Condition Woman Dragged 60 feet in New York

A business meeting of the Calvary Baptist church, called more especially for the purpose of hearing the financial report for the past year, to make appropriations for church expenses for the coming year and to act on new by-laws for both church and corporation, was held last night and there was great joy at the meeting especially when it was announced that sufficient money had been raised to pay all bills and leave a comfortable little nest egg in the treasury.

Rev. Asa Reed Dittis was moderator. For a number of years the church has been able to clear up annually all current bills, but because of the disturbance of the work of the church incident to occupancy of temporary quarters and the removal to the new church, the financial strain because of the canvass for subscriptions for the new church edifice, the financial report which was presented for this meeting was swayed with no little interest and some anxiety. The announcement that sufficient money had been raised to pay all bills and leave a balance in the treasury evoked hearty applause. The appropriations were approved as recommended by the committee.

After the adoption of the by laws the meeting adjourned with the singing of "Blest Be The Tie That Binds." The pastor and wife will leave early next week for Washington to attend the World's Sunday school convention.

## In Wild Panic After Prize Fight at Salt Lake City

SALT LAKE CITY, Utah, May 13.—More than a hundred men and four women crashed through the floor of the Salt Air pavilion in a wild panic late Saturday night and were plunged fifty feet below into the briny water of Great Salt lake, many of them being seriously injured. It was in this pavilion that it had been proposed to hold the Jeffries-Johnson fight.

Three thousand men and a number of women saw "Cyclone" Johnny Thompson whip Peter Sullivan, and then the rush to get away started. Over a hundred persons were massed on the steps when the planking sank and dropped the living burden into the water. Many tried to jump out of the windows and it was only when the crowd was shown the way through the

stage entrance that the panic subsided. Struggling in five feet of water, seizing one another and fighting loose from the wreckage, the half-submerged fight junkies, among them four ladies, cried for help. Ropes, stocks and boats were used in the work of rescue and one by one the victims were drawn from the brine. At last the swinging lanterns on the bows of the boats revealed nothing but floating headgear. The wounded were placed on the floors of improvised hospital cars and the entire crowd was hurried back to the city. Among the more seriously injured were Fire Chief Con. Gallagher of Murray, Utah, arm and leg broken and William D. Covey, leg broken. A Miss Clark had both legs broken.

## EIGHT DROWNED

## One Young Hero Died in An Effort at Rescue

WILKESBARRE, Pa., May 13.—Eight high school students, six girls and two boys, lost their lives yesterday while boating on what is known as the old paper mill dam at Huntington Mills, about 20 miles below this city.

The dead are:  
MAUD SUTLIFF, aged 17, of Town Line.  
CAROLYN KOONS, aged 16, Har-  
wylle.  
RUTH BONHAM, 18 years, Town Line.

IRIS DAVENPORT, 16 years, Watertown.

RACHEL THOMPSON, 16 years, Town Hill.

MADELINE GOOD, 17 years, Water-  
town.

ROBERT MINNICH, 16 years, Koonsville.

RAY DODSON, 17 years, Fairmount.

Twelve students secured two boats at the noon hour and started for a row on the dam. The dam is nearly half a mile in width, and when the two craft had reached the centre of the body of water it was noticed that one of them had sprung a leak. The boats were then pulled together by the young men and an effort was being made to transfer the girls from the leaky boat to the safer craft. The last one had scarcely set foot in the boat when it began to sink, owing to the combined weight of the party.

The girls were helpless to save themselves, and the boys, with the exception of Dodson, being good swimmers, struck out for the shore, which all reached in safety.

Minnich, in the excitement, it is presumed, thought that all the girls had succeeded in reaching land, but had no sooner gained the bank than he noticed them hanging to the rapidly sinking boat. The boy dashed into the water and swam swiftly to the water filled craft. Only two of the girls were clinging to the boat, the others having come down for the last time. Seizing Miss Davenport, Minnich again started for the shore, but the exertion was too much for the gallant lad and the two went down together when they were within a stone's throw of the bank.

When the boat sprang a leak there was no excitement, but as soon as the sound craft began to fill it appeared as though all became terror stricken.

the families of all the victims are prominent.

Three of those who were drowned would have graduated this summer. Young Minnich, Miss Bonham and Miss Good.

After grappling for less than two hours, all the bodies were recovered. None of the parents of the drowned boys and girls knew of the accident until all of the bodies had been brought to shore.

Y. W. C. A. BANQUET

The young ladies of the Y. W. C. A. gymnasium with the members of the gymnasium committee enjoyed a banquet in Kiron hall in the Y. W. C. A. building last night. An excellent menu was served and the event was a success in every particular. From now until October the gymnasium will be closed and Camp Comfort on the Concord river will be the centre of attraction.

At the conclusion of the dinner Mrs. F. J. Fleming, chairman of the gymnasium committee, called to order and presented Miss Frances Bent, the physical director, as the toast mistress. There were toasts to which the young women responded. In verse and in prose, and there were original songs.

Mrs. C. T. Upton, president of the board of directors, was called upon, and told of some of the associations that she visited while on the Pacific coast, and the various enterprises carried on in those institutions. She expressed the hope that some day, when the Lowell association has an addition built on the vacant lot in the rear, one of the new features will be a swimming pool.

**AD'S PEROXIDE CREAM**  
Is the best cream made for the skin. If you have a red, rough, blotched, sore, unsightly skin, try this great product of the American Druggists' Syndicate.

You can use it for massaging wrinkles and for a sallow complexion, as it whitens and beautifies, is safe, harmless and does not grow hair.

No woman who values her appearance and who wants a smooth clear skin should let a day go by without trying it for the face, neck, arms and hands.

## TERRIBLE FATE DR. J. J. COLTON

Chas. Reed of Westford  
Killed Last Night

Charles Reed, aged 55, a well known Westford farmer, was the victim of a fatal accident while driving home, about 9 o'clock last evening.

He was thrown from his wagon into an excavation, his horse falling in on top of him. He lived but a few minutes after the accident and was dead when taken out of the excavation. For the past week workmen have been setting a catch basin in the street directly in front of John C. Abbott's residence. While passing this point last evening the horse which Mr. Reed was driving slipped suddenly to one side, throwing the driver from his seat into the excavation. In his effort to get away the animal attempted to jump the hole and fell in on the unfortunate man, crushing him severely and causing internal injuries which resulted in his death a few moments later.

The horse struggled and finally released itself from the wagon and reached the surface again. The commotion attracted the attention of several people and they removed the body of Mr. Reed to a nearby house and a physician was called. Undertaker D. L. Greig took charge of the body.

It was said that several lanterns were placed about the excavation so that to drive into the hole unknowingly would be quite impossible.

Reed was a veteran of the Civil war and had no living relatives, so far as is known.

**PIERIAN CLUB**

OF HIGHLAND M. E. CHURCH  
HELD ENTERTAINMENT

A well attended and successful social and entertainment was held in the vestry of the Highland M. E. church last night under the auspices of the Pierian club of the church.

Miss Ethel Carroway entertained in piano selections and Miss Alice Livingston gave readings. There were southern songs by Mr. Fred Vanibus and Rufus Johnson and this was followed by the presentation of a two-act comedy entitled "Lucia's Love."

Observed 80th Birthday  
Anniversary Yesterday

Dr. and Mrs. J. J. Colton received their friends of the Pawtucket church at their home in Varnum avenue last evening, the occasion being the 80th birthday anniversary of Dr. Colton. They were presented with a bouquet of 80 roses by friends of the church. Mr. C. F. Miles making the presentation speech. Rev. F. G. Alger made a graceful speech and both Dr. and Mrs. Colton responded.

A feature of the informal program was the reading by Mrs. Atkinson Varnum of an original poem in which she referred humorously to the doctor's courtship days and to subsequent events in his history. During the evening there was music by his daughters, Miss W. T. Bartlett and Mrs. R. L. Chase of North Adams, and by his grandson, Winthrop Bartlett, and also Mrs. O. R. Park and Mr. S. R. Fleet.

The ladies who assisted in the dining room were Mrs. O. R. Park, Mrs. C. A.

Richardson, Mrs. G. C. Hatch, Mrs. George Coburn, Mrs. N. L. Peavey, Mrs. Lombard and Miss Cora Bartlett. At the luncheon table were Miss Alice Seaton and Miss Marion Chase. Several friends sent remembrances of flowers.

**HOW TO STOP DRINKING**

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—Break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased and he must have treatment that will cure this condition. Orline is sold under a positive guarantee to cure the drink habit or the money will be refunded. Can be given secretly.

Write for free booklet on the Cure of Alcoholism to the Orline Co., 604 Orline Building, Washington, D. C. Mailed sealed. Orline costs but \$1 per box. Sold in this city by Baker-Jaynes Drug Co., 121-123 Merrimack st.

### TWELVE FAMILIES

Are in One House in Passaic, N. J.

NEW YORK, May 13.—The census enumerator at Passaic, N. J., who found a house in which 350 persons lived by day and night shifts under the same roof thought he had made a discovery, but he must give way to another enumerator who reported even worse conditions yesterday.

Another house in Passaic shelters 12 families, numbering, with their boarders, 228 individuals, and all either tenants or day workers, so that they all sleep there at night, whereas in the first named house there were never

more than 175 sleeping at the same time. In the house found yesterday the average number of occupants in each room is 5 1-2, including the kitchen. There is no space for beds and the inmates sleep in straw.

Most of the occupants are foreigners.

### THE U. S. TRADE

WITH GERMANY SHOWS A LARGE INCREASE

WASHINGTON, May 13.—Trade of the United States with Germany in the nine months ending with March, 1910, aggregated 336 million dollars, an increase of 42 million compared with the corresponding period of the fiscal year 1909 and a decrease of 9 million compared with a like period of 1908. Imports from that country in the first nine months of the current fiscal year

were 132 million dollars in value, against 104 million in 1909 and 113 million in 1908; while exports thereto in the same period were 205 million in 1910, compared with 191 million in 1909 and 232 million in 1908. Imports from Germany in the nine months of 1910 were larger than those for the corresponding period of any other year in the history of our commerce, while exports to that country, although 14 million greater than those for the nine months of 1909, were 27 million less than those for the same period of 1908.

Manufactures form by far the greater part of the articles imported from Germany. Considering only those items whose imports are shown in the monthly summary issued by the bureau of statistics of the department of commerce and labor, the leading articles are cotton laces, edgings, etc.; silk manufactures, toys, cotton knit goods, crude India rubber, undressed furs and fur skins, coal tar colors and dyes, earthen, stone and china ware, gloves, manufactures of furs, wood pulp, hides of cattle, wool dress goods, leaf tobacco, linens, wool cloths, still wines, books and art works.

In many of the important classes marked changes have occurred in the volume of trade during the past four years. Thus in the nine months under review India rubber has increased in value of imports from \$2,385,538 in 1907 to \$4,616,872 in 1910; still wines, from \$971,987 to \$1,240,749; leaf tobacco other than wrapper, from \$910,607 to \$1,855,663; hides of cattle, from \$287,221 to \$2,040,960; wood pulp, from \$597,211 to \$2,222,485; undressed furs and fur skins, from \$2,224,892 to \$3,840,575; cotton laces, from \$1,235,614 to \$2,330,095; and art works, from \$217,506 to \$329,520. In certain of the foregoing a large increase in imports immediately followed the changes in tariff rates under the law which became effective August 6, 1909, notably art works, 20 years old and over, and hides of cattle, free of duty after the date named. Other articles, however, show decreased importations; sugar, from \$6,750,570 in the first nine months of 1907 to \$2,749 in the same period of 1910; copper pigs, etc., from \$352,740 to \$91,741; pig iron, from \$784,179 to \$33,844; gloves, from \$3,593,911 to \$2,416,380; books, from \$1,327,497 to \$948,019; cement, from \$1,093,911 to \$243,129; cotton cloths, from \$438,369 to \$280,959; earthen stone and china ware, from \$3,957,438 to \$3,074,765; linens, etc., from \$1,788,247 to \$1,595,939; silk manufactures, from \$5,753,993 to \$4,326,282; and toys, from \$4,987,770 to \$4,321,161. The most important ar-

ticles whose imports in 1910 show decreases compared with 1909 are sugar, manufactures of furs, cement, books, cotton cloths, pig iron, and carpet wool.

Reports from the United States to Germany cover a wide range of articles, chiefly materials for use in manufacturing, foodstuffs, and manufactures. Of raw cotton the exports in the nine months ending with March were 114 million dollars in 1910, against 95 million in 1909, 119 million in 1908, and 107 million in 1907; copper pigs, etc., 134 million dollars in 1910, against 13 million in 1909, 15 million in 1908, and 134 million in 1907; leaf tobacco, 41.3 million dollars in 1910, compared with 31.3 million in 1909, 41.3 million in 1908 and 34 million in 1907; illuminating oil, 54 million dollars in 1910, compared with 51.3 million in 1909, 5 million in 1908, and 4 million in 1907; and furs and fur skins, 34.5 million dollars, against 24 million in 1909, 11.3 million in 1908, and 1 million in 1907.

Articles of food have in nearly all instances decreased. Wheat exports to Germany in the nine months under review were, in 1910, 5 million dollars, against 9 million in 1909, 11.2 million in 1908, and 515 million in 1907; flour, 1 million dollars, against 1 1/2 million in 1909, 2 1/2 million in 1908, and 1 1/2 million in 1907; corn, 3 million, against 2 1/2 million in 1909, 5 million in 1908 and 5 1/2 million in 1907; cotton seed oil cake, 2 1/2 million in 1910, against 4 2-3 million in 1909, 3 million in 1908 and 4 1/2 million in 1907; and lard, 91.3 million in 1910, against 13 2-3 million in 1909, 14 million in 1908, and 13 2-3 million in 1907. In meats marked decreases occurred in almost every class, exports of lard, for example, having fallen off from 13 2-3 million in 1907 to 330,595 in 1910, and salted or pickled pork, from \$227,150 in 1907 to \$31,859 in 1910, the figures in each case referring to the nine months ending with March.

### A. O. H. REUNION

TO BE HELD AT LEXINGTON PARK JUNE 5

The reunion of the Ancient Order of Hibernians and Ladies Auxiliary will be held at Lexington park June 5. The ladies are expected to bring baskets, with luncheon, for their escorts. Special cars will leave Merrimack square, Lowell, for Lexington park at 9.10 a. m.

It is to be understood that the special tickets for this outing are good only on special cars and members not availing themselves of the opportunity to come on the special cars must pay the regular fare on the regular cars, the special ticket being good for admission to the park.

The president of each division will be held personally responsible for every invitation issued through the members of his or her division.

The committee in charge is as follows: John P. Donnelly, county president, Cambridge; John H. Craig, Natick; James J. Harold, Waltham; Jeremiah J. Cronin, Hudson; Jeremiah Sullivan, Maynard; John C. O'Rourke, Lowell; Joseph R. Cooney, Watertown; Thomas J. Green, West Newton; James J. Casey, Cambridge; Mrs. McNamee, county president, Ladies auxiliary, Somerville; Mrs. O'Donnell, Natick; Mrs. Galvin, Watertown; Mrs. Spaulding, Waltham; Mrs. McCarthy, Maynard; Miss Driscoll, Holliston.

### LAWYER DARROW

Is in Favor of Race Amalgamation

NEW YORK, May 13.—Clarence S. Darrow, the socialist lawyer of Chicago, in an address last night, at the second annual convention of the National Negro committee in Cooper Union, wiped out the color lines and urged race amalgamation as the solution of the race problem. He criticized Booker T. Washington and told his hearers that what the negro needs is someone to teach him not to work. In part, he said:

"It may be a long ways in the future, but intermarriage between the races will finally settle all difficulties as it has in the case of the Irish and German and other peoples who formerly

had to be kept apart in order to preserve the peace.

"It is not the color which causes the distinction between the negroes and the white people. The real barrier is the fact that negroes were once slaves and that today they are in the ranks of labor. It is a labor question rather than a race problem and the way for the negro to obtain recognition is to cast his lot boldly with the people and fight with them and for them. The causes of the people is his cause—and his cause is theirs."

Booker T. Washington was described as "that modest, self-abasing optimist, who builds industrial colleges to teach his people to lay bricks for the white man and to perform manual labor of the lowest kind."

U. S. CRUISERS RETURNING  
WASHINGTON, May 13.—After several years' service in far eastern waters, the cruisers Cleveland and Chattanooga started yesterday on their way home from Shanghai, China.

### CANAL WORK

HAS BEEN INTERFERED WITH BY HEAVY RAINS

WASHINGTON, May 13.—Heavy rainfalls on the Isthmus have retarded the canal diggers, according to a cable report made to the Washington office of the Isthmian Canal commission by Col. Goethals. The total excavation for the month of April was 2,692,468 cubic yards, against 3,067,479 yards in the previous month, but the rainfall for April was 5.08 inches against 3.79 inches in March. Besides rainfall, the canalers have had to contend with the fact that as they got nearer the bottom of the excavation the work increased in difficulty. In spite of this, Col. Goethals reports substantial increase in the amount of work done upon the great locks and dams of the canal during April, 96,120 cubic yards of concrete having been laid, against 90,502 yards in March.

# ORDWAY GOT LOST PATH OF HALLEY'S VISITOR AND SIR ROBERT BALL

## And Allowed the Fall River Team a Victory

A bonhead play, followed by a bad error when three men were on bases in the seventh, yesterday, lost the day for Lowell, and the fans didn't do a thing to poor Ordway, who was guilty of both the bhp and the error.

For five innings the game went along 1 to 0, in favor of the visitors, and then in the sixth Lowell got to Bedient's feet as they did on the previous day, and they batted in five runs with the aid of a couple of errors. Wood was then put in, and Lowell couldn't touch him.

In the seventh, with three on bases and none out, a fly ball was hit to short left field and Ordway ran for it and got it, though it was really Magee's ball. Upon catching the ball, Ordway stood out in the field uncertain as to what to do. Sullivan at first didn't attempt to run home, as there was no chance for him to beat a throw out. But when he saw Ordway seeing him run, also ran in without throwing the ball and finally instead of throwing to the plate threw to third base. A moment later a grounder was hit to him, and there was a fine chance for a double. But Ordway was in the air and he threw the sphere where Fitz couldn't have reached it with a 10 foot pole, and another run scored.

The game was cinched by Sullivan in the 11th, when Sully banged the ball over the left field fence for a homer.

scored. Bertwhistle hit to Fitz and was out at first. Sullivan hit to Bouttes and died at first.

In the latter half of the inning Fitz went out on a fly to Butler. Campbell hit to Sullivan and was out at first. Bedient covering the base. Fluharty hit over Weisenstein's head for a two bagger, but he remained there for Magee filed to Butler.

Score—Lowell 0, Fall River 1.

**Second Inning**

In the second inning McDermott hit through Campbell and was safe. Weaver hit in front of the plate and Stone threw to second and the ball was returned to first for a double. Perkins got a free pass and Bedient followed with a single to short center field. Butler hit to Fitz forcing Perkins at second.

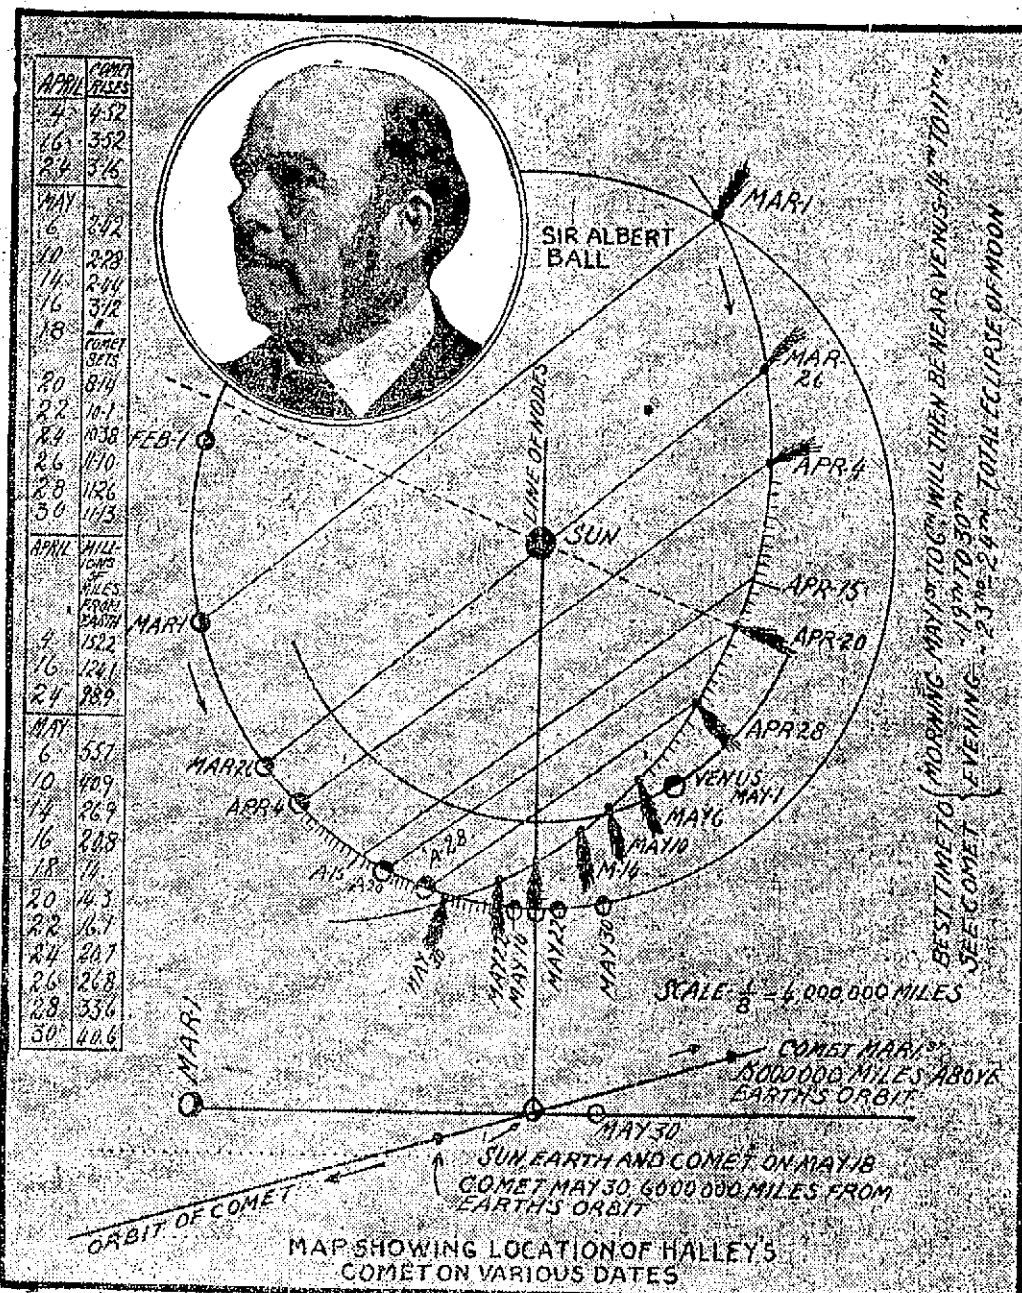

In Lowell's half Ordway hit a grounder to Butler and was out at first. Jones bunted down the third base line and beat the ball to first. McDermott threw bad and Jones went to third but he never got any farther for Stone and Morse went out on strikes.

Score—Lowell 0, Fall River 1.

**Third Inning**

Weisenstein was the first man up in the third inning, but he died easy on a fly to Fitzpatrick. Devine knocked a foul fly to the left field fence for a foul and Patrolman Con. Kelley, who takes care of that entrance, gathered the ball in and returned it to the pitcher. (There is no truth to the rumor that he has been signed by Manager Gray.) Devine then fled to Jones and Bertwhistle fled to Fluharty.

In the latter half of the inning the home team failed to score. Bouttes, the first man up, hit by Weaver and

NEW YORK, May 12.—From "Sir Robert Ball, our foremost astronomer, comes the last and final dictum concerning Halley's comet. It should set at rest the fears of a grand catastrophe in the minds of those folks who have been led to believe the comet contains mischief making potentialities. Sir Robert is the royal astronomer of England and the author of several books including "The Story of the Heavens," in which he deals with Hal-

ley's comet. "I have received multitudes of letters relating to the comet, and so many have expressed alarm as to the possibility of collision that I venture to send a reply: My dears, a rhinoceros in full charge would, not fear collision with a cowherd, and the earth need not fear a collision with a comet. In 1861 we passed through the tail of a comet. No one knew anything about it at the time. For a hundred million years life has been continuous on this earth, though we have been

visited by at least five comets every year. If comets could ever have done the earth any harm they would have done it long ago, and you and I would not be discussing comets or anything else. As far as I can learn, we were in the tail of Halley's comet May 12. I sincerely hope we were, and I think Sir John Herschel says somewhere that a whole comet could be squeezed into a suit case.

Bertwhistle for a two bagger. He went to third on a sacrifice by Fitz. Campbell struck out and Fluharty fled to Devine.

Score—Lowell 0, Fall River 1.

**Fourth Inning**

There was nothing doing in the

fourth inning. Sullivan hit to Fitz and never saw first. McDermott struck out and Weaver hit to Bouttes and was out at first.

In the latter half of the inning Magee fled to Devine and Ordway hit to Weaver and was out at first. Jones hit to Butler and was third out.

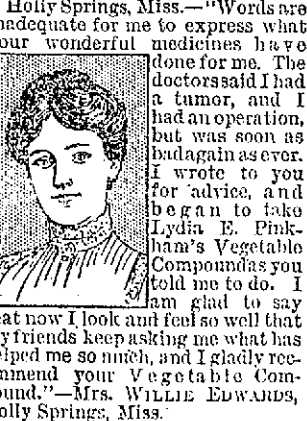

Score—Lowell 0, Fall River 1.

out at first. Fluharty hit to Butler and was the second out at first. Magee drew a base on balls. Ordway hit to short left field for a single. Magee going to second. At this point Bedient was taken out of the box and Wood substituted. Wood put three strikes over the plate on Jones and the side was retired.

Score—Lowell 0, Fall River 1.

## TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Holly Springs, Miss.—"Words are inadequate for me to express what your wonderful medicines have done for me. The doctors said I had a tumor, and I had an operation, but was soon as bad again as ever. I wrote to you for advice, and began to take Lydia E. Pinkham's Vegetable Compound as you told me to do. I am glad to say that now I look and feel so well that my friends keep asking me what has helped me so much, and I gladly recommend your Vegetable Compound."

Mrs. WILLIE EDWARDS,  
Holly Springs, Miss.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give everyone confidence.

We never publish a testimonial letter without the special permission of the writer.

Fifth Inning

Perkins struck out in the fifth inning and Eddent hit to Campbell and died at first. Butler hit to Campbell and beat the ball to first, but in trying to steal second was thrown out. The home team failed to do anything in the latter half of the inning. Stone hit to McDermott, who bunted, and the runner reached first. Morse bunted to Sullivan and the latter threw to second getting Stone. Bouttes fled to Sullivan and Fitz hit to Weaver forcing Morse at second.

Score—Lowell 0, Fall River 1.

Sixth Inning

It was a case of one, two, three out in the sixth inning. Weisenstein hit to Bouttes and was out at first. Devine hit to Morse and was out at first. Bouttes covering the base. Bertwhistle hit to Fitz and was out at first.

There was something doing in the latter half of the inning for the home team slugged Bedient to the tune of several hits and five runs. Campbell, the first man up, struck out and it looked as though the side was going to be retired in easy order, but Bedient hit Fluharty and he walked to first. Then Bedient threw to first to get Fluharty who was quite a distance from the base, but the throw was a bad one and Fitz went to third. Magee hit to the center field fence for three bases and Fluharty scored. Ordway singled to center field and Magee scored. The center fielder threw wild in returning the ball and Ordway went to third. Jones fled to Bertwhistle. Stone hit to McDermott who threw bad and Ordway scored. Stone going to second. Morse hit to right field for a single and Stone went to third. Bouttes singled scoring Stone and Morse. Fitzpatrick hit to Weaver forcing Bouttes.

Score—Lowell 0, Fall River 1.

Seventh Inning

The visitors tied the score in the seventh inning. Sullivan hit to right field for a single and McDermott followed with a Texas leaguer to left field. Weaver drew a base on balls and the bases were filled. Perkins hit to short left field and Sullivan scored. Bedient hit a grounder to Ordway, who threw to Fitz, but the throw was a wild one and the ball traveled to right field and McDermott scored. Butler singled, scoring Weaver. Bedient tried to score on the same play and was out at the plate. Weisenstein singled, scoring Butler. Devine was third out on a fly to Jones.

Campbell hit to Weisenstein and was

Score—Lowell 0, Fall River 1.

**Eighth Inning**

In the eighth inning Bertwhistle fled to Bouttes. Sullivan foul fled to Huston and McDermott struck out. Stone and Morse struck out and Bouttes hit to McDermott and was retired at first.

Score—Lowell 0, Fall River 1.

Ninth Inning

In the ninth inning Weaver fled out to Fluharty. Perkins got a single, Fitz making a good attempt to knock the ball down. Wood hit by second base, but Fitz got the ball and tagged second forcing Perkins. He then threw the ball to first base for a double play.

In the latter half of the inning Fitz fled to Weisenstein and Campbell followed him with a single to center field. Fluharty's foul fled to Sullivan. Magee foul fled to Bertwhistle.

Score—Lowell 0, Fall River 1.

Tenth Inning

Butler opened the tenth inning with a base on balls. Weisenstein sent him to second with a sacrifice. Devine fled out to Jones in right center. Jones making an excellent catch. Bertwhistle hit to Bouttes and was out at first. In Lowell's half Ordway struck out. Jones hit to Sullivan and beat the ball out to first. Huston then went to bat for Stone. He hit to deep right center field Weisenstein making a phenomenal catch. Jones then stole second. Morse hit to Wood and was out at first.

Score—Lowell 0, Fall River 1.

Eleventh Inning

Sullivan, the Lowell cast-off, sent the ball over the left field fence for a home

run. McDermott hit an easy grounder to Ordway who let it go through his legs and he got to first. Weaver sacrificed. Perkins fled to Fluharty. Wood fled to Magee.

Bouttes hit to Butler and was out at first. Fitzpatrick fled to Sullivan. Campbell hit to Butler and was out at first.

**DIAMOND NOTES**

At Haverhill today and Haverhill here tomorrow.

Jake Bouttes cannot be blamed for the loss of the game. Ordway is the guilty party.

That play of Ordway's in the seventh was worthy of Bonhead Barry himself.

We're in third place now.

Buckles will probably pitch today, and Wolfgang tomorrow.

Officer John Kelly of the Knights of Columbus ball team made a pretty catch in left field yesterday and the crowd handed him several chunks of applause. He doffed his lid? Like Kelly did.

Ordway is a snappy player in spots.

Pat Sullivan, the Lowell cast-off, clinched his job with Fall River by knocking a home run in the 11th inning over the left field fence. Sully gets five pounds of Bull Durham.

Little Jawn O'Brien sat in the grand stand until Lowell made five runs in the sixth. Then he beat for the players' bench, and lo! Fall River tied the score.

Weisenstein is ein fine fielder, chess.

Little Tommy plays right field, Devine.

Tom Fleming played right field for Haverhill yesterday and got two bingles.

Umpire Mike O'Brien is substituting for Roaring Roly, who is ill. O'Brien umpired in the Connecticut league last season.

Stone and Fitz worked a clever double play in the second.

## MATRIMONIAL

Mr. Edward Paul Riley, a well known resident of St. Patrick's parish, was united in marriage Wednesday to Miss Emma Paris, daughter of Mr. and Mrs. Henry Paris of 289 Appleton street.

The marriage ceremony was performed at the rectory of the Church of Notre Dame de Lourdes in Branch street at 6:30 by Rev. Fr. Langlois, O. M. I., the pastor. The attendants were Mr. Henry Paris, father of the bride, and Mr. Thomas Riley, brother of the groom. After the ceremony at the parish house the bridal party returned to the home of the bride's parents, where a reception was held and a number of friends called to offer congratulations to the newly married couple.

Mr. and Mrs. Riley were assisted in receiving by Mr. and Mrs. Parrie, parents of the bride, Mr. and Mrs. Louis Lettrun, Mr. Manseau, Miss Ida Paris and Miss Eva Paris, sister of the bride. The bride wore a beautiful gown of white point d'esprit and her sister, Miss Eva, wore a dress of white silk muslin. A wedding dinner was served after the reception, and then a musical program was enjoyed. Mr. and Mrs. Riley were the recipients of several gifts, including silverware, parlor and dining room sets, and a piano.

They left on the late train for Boston and will spend their honeymoon in New York and Philadelphia. They will be at home to their friends at 269 Appleton street after June 1. The groom is a well known young man who has a wide circle of friends who wish him the best success in his matrimonial life. Mrs. Riley also is very popular with her associates and for some time has occupied a responsible position with the Federal Shoe Co.

During the wedding reception a quartet, composed of E. W. Holmes of Boston, Saml. Mitchell, Frank Murphy and Mr. O'Brien of Lawrence, rendered a number of selections. John Regan was heard in several vocal numbers.

BILLY MULCAHY SIGNS WITH PHIL OTT'S COMEDIANS

Mr. William Mulcahy of this city, who has had considerable experience in the theatrical world has signed a contract with Phil Ott, the famous comedian, and will soon be found with the Ott players. Mr. Mulcahy has been connected with leading comedy companies and always has made good. He is a clever mimic, a good dancer and one of the finest whistlers going. Mr. Mulcahy's friends are sure that he will make a big hit with the Ott company.

## SUPT. CONLEY

HAS CONFERENCE WITH STATE BOARD

Supt. Conley and Commissioner Howe of the charity department went to Boston a day or two ago and talked with the state board of insanity relative to the removal of the feeble-minded from the city farm.

Dr. Wentworth of the state board came to Lowell today and visited the hospital in Chelmsford street. Messrs. Conley and Howe pleaded for the old men and women at the farm whose peculiarities and eccentricities are due to old age. Twenty-two or more had been booked for removal to state institutions for the insane and while the state board has the authority to remove them it is hoped that the intervention of those interested in them may be recognized by the state board and that the old and feeble-minded who have spent years of their life at the farm may be allowed to remain there and die in peace, comforted in their last days by loving relatives and kind friends.

News of the transfer apparently has reached the insane patients, for two of them walked out last night, one of whom materialized at city hall this morning, and began screaming that she would not go away from the Lowell institution. Incidentally, she entered in personalities that were not pleasant to the ear. The patrol wagon took her to the police station and she will be committed by the police court.

Miss Ella M. Burke is in New York selecting her midsummer millinery goods.

Now that he has no managerial burdens to carry, Larry Lajoie is battling at a .450 clip. In fact, the Cleveland Americans' star is playing that same sterling game that made him one of the greatest ball tossers in the country. For several years the worries attached to the position of pilot of a major league club and the failure of the team to capture a pennant caused a big slump in his batting and somewhat affected his playing around second corner, but this season Larry is playing a sensational game at station No. 2 and slugging the ball at a tremendous rate. At the start of the 1910 campaign Lajoie announced that he would make Ty Cobb and Honus Wagner look to their laurels as the leading swat artists of the country and that he would also be riding around in the machine offered by a certain automobile company to the player who led the major leagues in batting at the end of the season.

## COMMON COUNCIL

## Passed Upon a Big Grist of Business Last Night

A small army of candidates, wearing for weapons their most winning smiles, invaded the city hall last night for the election of the common council.

The council held an adjourned meeting which was not called to order until nine o'clock. There were twenty-three members present and a big raft of staid, patrimonial and other things was hustled through the boom in less than 30 minutes.

Monthly reports of departments were ordered on file in the city clerk's office.

The communication from the mayor relative to the urgent request of the state for the city to appropriate \$4000 for the city of Worcester was referred to the joint committee on appropriations in concurrence.

For medical inspection in private schools \$600 was voted in concurrence.

The report of the lands and buildings committee recommending an appropriation of \$10,000 for repairs to school houses and fire houses, was accepted and the matter was referred to the joint committee on appropriations.

An appropriation of \$5000 for the Lowell Textile school, an annual affair, was passed by the council in concurrence.

Before the vote was taken James T. Smith of the textile school was asked to speak on the subject. He said he did not know of any other way to continue the evening school. The state was giving generously and the city had not been asked to erect any buildings.

The motion of Cornelius Achin that the \$1500 appropriation for the Fourth of July be taken from the table was voted down.

Resolutions were passed for side-

walks on Pawtucket, Gates, School, Clitheroe, State, Howe and Sidney streets and Butler avenue.

The petition of S. H. Thompson and others to straighten the lines of School street, repair sidewalks from West Bowers to Broadway and to macadamize from Broadway to School street, was referred to the committee on streets in concurrence.

A like disposition was made of a petition of Frank E. Harris that Chauncy street and others be accepted.

Leave to withdraw was granted A. W. Greaser and others who petitioned that June street be macadamized.

On recommendation of the street committee the sidewalk in front of 239 Fairmount street was accepted. There were 23 sidewalk assessments confirmed.

## MORE LICENSES

Suspended by the Worcester Board

WORCESTER, May 13.—The liquor licenses of John J. Corliss & Co. at 427 Park avenue, and Daniel J. Donohue & Co. at 23 Suffolk street, were suspended by the license commissioners yesterday afternoon after a hearing in which evidence was offered to show that a can of beer was sold to a minor in the Donohue place and that a patron of the Corliss place purchased and drank a bottle of beer on the premises. Both firms have wholesale licenses.

The Corliss license was suspended for 15 days and the Donohue license for 10 days.

These make three licenses that have been suspended by the commissioners this week and were for offenses committed with the places open for business less than a week.

## JACK JOHNSON

Does Not Fear Referee Question

SAN FRANCISCO, May 13.—Though Promoter Tex Rickard is plainly apprehensive that the opposing fight factions may not be able to agree to a referee at Monday's conference both Johnson and his manager profess confidence in a settlement of the problem on the appointed date. Johnson said last night that he was certain to put one of his own choice in the much mooted place, intimating that Jeffries would give in but reports from Ben Leonard flatly short of bearing out the negro champion's sanguine expectations. Jeff apparently is as truly resolved to stand by his own selection as Johnson is by his and unless the situation clears surprisingly in the interval a deadlock is likely.

Sam Berger is expected here today and Rickard is planning to bring about a preliminary conference between Jeffries' manager and Johnson in the hope of adjusting the difficulties. "I believe," said Rickard, "that if I can get these two together before Monday they will come to an agreement. There is no reason why they should not decide on a California man. Californians have been referees in most of the championship fights for the last ten years and I am strong for having one of them this time."

JEFFRIES TO STAY

BEN LOMOND, Cal., May 13.—To give San Francisco prize fight enthusiasts an opportunity to look him over and note the improvements that weeks of training has wrought in his condition, Jeffries, according to a plan arranged by Manager Berger will run up to the city on May 27 and appear in a sparring bout there that evening.

Harsh criticisms of Jeffries' indifference to Sunday visitors to Ben Lomond, who on several occasions have been disappointed by his failure to exhibit himself in action is believed to have something to do with the scheme to hold the San Francisco exhibition.

Berger again declares that hereafter Jeff will positively perform for the benefit of Ben Lomond excursionists every Sunday afternoon.

Jeff has decided to pack his week day activities from now on into morning hours. Wednesday will be his weekly day off from the training grind.

FOOTBALL RULES

Experts Ready for Final Revision

NEW YORK, May 13.—Today and tomorrow may be fateful ones in deciding the ultimate destiny of the American college game of football. The football rules revisers are in New York ready for what is expected to be a final vote with the rules, revision of which in radical fashion has been demanded as the price of the game's stay for retention in the list of sports permitted by many colleges.

The problem of the experts is to make the game safe and sane, as demanded by the faculties of college after college in no uncertain fashion, and at the same time preserve its strenuousness enough to retain it in its present status as the darling sport of the undergraduate and the alumnus lover of exciting athletics.

The much vexed question of the forward pass pressed to the front but not far behind were the serious questions of the living tackle and the eight yards to gain feature of the game tentatively decided upon at the recent Philadelphia meeting of the committee.

Over all the means of solving these problems there are differences of opinion that preclude spirited debate and possible delay of the final solution.

Among the experts who have gathered at the meeting are Prof. Donald of Cornell, chairman of the committee; Walter Camp, Yale; Dr. Carl Williams, Pennsylvania; and Lieut. H. H. Harckett, West Point.

# THE BOSTON MILK WAR

## Is Felt in Lowell--Strange Farmers Are Selling Milk Here

It was said in the beginning that Boston's milk war would not reach or effect Lowell, but it has reached here and in a way that bids fair to cause some commotion.

It has been reported to the board of health that farmers who have never before used the Lowell market are bringing milk here and selling it to certain ones for 25 cents a can.

These are said to be men who have been shipping their milk to Boston but who are now engaged in or affected by the milk war in the Hub. They are sending or bringing their milk here to be sold at a cut price until matters square themselves in Boston.

It was stated today that the milkmen are up in arms against the cut-raters and they will ask the board of health for protection against the men whom they look upon as interlopers.

A man, presumably a milkman, called the board of health office by telephone yesterday and complained that some storekeepers were buying milk from farmers who were selling unsealed eight quart cans for 25 cents a can.

The man who made this complaint did not give his name. Other complaints of a similar nature have been made and if there is foundation in fact for these complaints the board of health will get about to rectify matters and somebody is liable to suffer.

The board of health will meet late this afternoon and it was stated today that the board would probably have another session with the milkmen and storekeepers who sell milk. That there is more or less dissatisfaction as a result of the new milk laws cannot be disputed and the trouble should be ironed out before it spreads.

Some of the milkmen and storekeepers have had a little trouble. Not that they were looking for it, but the new rules mixed things up a bit and there were points upon which they could not agree. Some milkmen, it is stated, are looking to the storekeepers to pay more for the milk on account of the bottle scheme and the storekeeper does not see how he can stand for it. Other milkmen who have been allowed to use cans until the arrival of their bottles do not ask the storekeepers to pay any extra and they are the men that the storekeeper wants to deal with.

This matter is to be settled for good and for all at the meeting of the board of health. No milkman will be allowed to use a can, except the large sealed cans, after today. This may work a hardship to the man whose bottles have not yet arrived but the board of health allows that there is no other way out of it, if the new rules are to be lived up to and made practicable.

## MAINE DRUGGISTS

Paid Fines Amounting to Almost \$1000

ALFRED, Me., May 13.—Fines aggregating between \$800 and \$1000 for liquor selling were imposed on George O. Brown, a Sanford druggist, yesterday, and paid. He was charged with ten single sales, for which he was fined \$50 and costs each; with being a common seller, for which he was fined \$100 and costs, and with conducting a nuisance. The last charge was continued. Brown's clerk, E. Gooture, paid fines of \$50 and costs each for three single sales and \$100 and costs for being a common seller. Brown sold out his business last week.

## PRIEST KILLED

Did Not Know Gun Was Loaded

DIGBY, N. S., May 12.—While cleaning a gun which he supposed was unloaded, Rev. Fr. J. B. Ruest, Roman Catholic priest of Salmon River, Digby county, was killed yesterday by a charge of shot which passed through his body, an inch below the heart. Fr. Ruest was very popular among all denominations.

## LIGHTNING BOLT

STRUCK THE STEAMER CYMRIC DURING PASSAGE

BOSTON, May 13.—Passengers on the White Star liner Cymric, in yesterday from Liverpool and Queenstown, were greatly excited when the liner was struck by a bolt of lightning on Wednesday. An electrical storm burst upon the vessel suddenly and a bolt hit the truck of the foremast, shattering the gut ball, but doing no other damage. There was some alarm among the passengers, but it was quickly allayed by the officers.

On board the Cymric were 58 saloon passengers and 921 in the steerage. Miss Emily Sever of the Back Bay was carried from the steamer to her automobile on a stretcher, her legs having been broken in Europe. James Richard Carter and his family returned on the Cymric from a tour of the world. F. A. Carter, a son, was on the train with Col. Roosevelt in Egypt.

## REV. THOS. BRADY

Visiting Brothers in This City

Rev. Thomas Brady, brother of Patrick and Councillman John J. Brady, is spending a few days in Lowell. Rev. Fr. Brady has many friends in this city who will be glad to learn of his visit here. The reverend gentleman is the guest of his brother, the councillorman.

Rev. Thomas Brady is pastor of St. Patrick's church, Pierce City, Missouri. Pierce City is about 200 miles from Kansas City and the parish that Fr. Brady has charge of is a prosperous one. He says that business is good throughout that section of the country and everything is very prosperous. Fr. Brady was ordained to the priesthood seven years ago and for four years was located in Kansas City as assistant pastor of a big parish. From Kansas City he went to Pierce City and took up his present pastorate.

## THE COMET

WAS HIDDEN BY CLOUDS LAST NIGHT

CAMBRIDGE, May 13.—Clouds again prevented observation of Halley's comet at the Harvard observatory this morning.

If the comet is not seen before Monday astronomers will have to wait until it appears in the evening sky the last of next week. It is believed that more favorable observations can be obtained then and the evenings at this time of the year are clearer than the mornings.

## NEW SERVICE INAUGURATED

CHICAGO, May 13.—New freight and passenger service entirely by boat between Montreal and Chicago will be inaugurated today with the arrival of the steamer City of Montreal from the Canadian city. It is proposed to operate three boats on a regular schedule for both freight and passengers throughout the season.

## FOOTBALL RULES

CHICAGO, May 13.—Coach Sage of the University of Chicago will not attend the meeting of the National Football Rules committee in New York today, but will be represented by Assistant Coach Steffen, who carries instructions to vote for the forward pass in all parts of the field if there is a reason for such action.

## SCHOONER ASHORE

VINEYARD HAVEN, May 13.—The Gloucester fishing schooner Proceptor, bound south on a trip for mackerel, ran ashore on West Chop while leaving Vineyard Haven harbor today. With an increasing easterly wind the vessel's position was regarded as dangerous and a call for assistance was sent to the revenue cutter Gersham at Wood's Hole.

## INVESTIGATION ORDERED

ST. LOUIS, May 13.—Orders for a special investigation into the sinking of the river packet City of Saffillo in which twelve lives were lost Wednesday night were issued today.

## MAN WAS MUTILATED

NEW ORLEANS, La., May 13.—A special from Puerto Cortez, Honduras, says that a Spanish American war veteran named Malone, a negro, was mutilated by Honduran soldiers while he was under improper arrest and that the case would probably be taken up with the state department at Washington. Malone's hand was cut off.

## CRUISER NEW YORK

TOULON, May 13.—The American armored cruiser New York, Commander Jayne, arrived here today. Salutes were exchanged with the French warships in the harbor and the usual formal visits of the officers made. The New York which came from Gibraltar is en route for the Orient where she will become the flagship of Rear-Admiral John Hubbard, commander-in-chief of the United States Asiatic fleet, replacing the protected cruiser Charleston.

## THE SCOTT BILL

WASHINGTON, May 13.—The rules committee of the house today tried ineffectually to agree on a date for the consideration of the Scott bill to prohibit transactions in future on cotton exchanges. It was decided to defer action on a rule providing this consideration for about two weeks.

## ICE BROKE UP

DAWSON, Yukon Territory, May 13.—The ice on the Yukon river broke up in front of Dawson yesterday and thousands of dollars wagered on the time of this event changed hands. The first steamers in the upper Yukon for Dawson will start Saturday.

## MILITIA ORDERED OUT

DANVILLE, Ill., May 13.—A company of militia was sent from this city to Peabody today to prevent a prospective clash between American and Italian laborers at the quarries of the Caparisi Stone Co. Today is pay day at the quarries and the soldiers were ordered to keep the striking Italians off the company's property.

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman, of The Sun, before me, January 1, 1910. J. JOSEPH HENNESSY, Notary Public.

This is by far the largest average circulation of any newspaper in Lowell.

## NOBODY TO ENFORCE THE SMOKE LAW.

The smoke nuisance law seems to go begging for somebody to enforce it. Mayor Meehan first selected Agent Bates of the board of health to enforce it but he declined. It would seem to be the proper function of the board of health to mitigate a nuisance that is a menace to health. Yet the agent of the board declines to have anything to do with the enforcement of the law.

## IS SENATOR LODGE IN DANGER?

The republican leaders at Washington are somewhat afraid that Senator Lodge is in danger of defeat in spite of the fact that he controls the state republican machine and is also favored by the national machine. The question arises, is Lodge losing his grip as political boss of the legislature of Massachusetts? If the election of United States senator were dependent upon popular vote we do not believe Senator Lodge would be reelected, and yet the choice of the voters might not bring any improvement.

## THE NEW QUEEN A STRONG CHARACTER.

Judging from reports leaking out through the press it would appear that the new queen of England is a woman of strong character, of very pronounced opinions and great sagacity on matters of state. She had been known from her girlhood until her marriage as "Princess May" of Teck, a beautiful girl who was well trained both in England and on the continent. A remarkable combination of simplicity, efficiency and philanthropy made her very popular with the plain people while the high social set regarded her as something of an oddity because at times she had the temerity to disregard the conventionalities that bound her circle of society as with a heavy chain.

The young queen has distinguished herself for charity and sympathy with the people, but she never cared much for the splendors or gayety of court life. It is already predicted that she will exert a stronger personal influence upon the royal court and upon matters in general than did her mother-in-law, now the Queen Mother. It is also intimated that she has completely dominated those who have come into contact with her, and hence the very general opinion is that many of those who have shone like social stars in the brilliant court of St. James during the reign of the late king, will be shocked by the change to simplicity or even austerity and will retire in disgust or else be driven out in scorn. It is even surmised that the new queen will extend the sphere of the queen's duties far beyond the social demands of her court, giving attention to political and economic problems involving the welfare of certain classes of people, especially those who are most in need of assistance.

There is a very general belief that King George was not merely paying a perfunctory compliment to the queen when in his first public address he said he would depend largely for assistance upon the wise counsels of his wife.

If these speculations as to the ability and character of the new queen be accurate, then it is likely that she will to a great extent influence or even dominate the action of the king himself and that she will not be satisfied with being a mere figurehead but will be a power to be reckoned with in the solution of many problems, national and international, of the highest importance.

## IDEAL TREATMENT OF NON-SUPPORT CASES.

The city of Washington, D. C., under the sway of congress, has evolved a splendid system of dealing with non-support cases. The man who is brought into court for deserting his wife or failing to provide for his family, must either agree to work for them outside in the usual way and turn in to the nearest police station a fixed amount weekly for their support or else go to prison and work there at the rate of \$1.50 a day. Of this amount a dollar is deducted for his board and lodging, for he gets good food, and the remaining 50 cents is turned over to his family. This amount is not large, it is true, but while the wife deserter is working in this manner he is at the same time being reformed. He finds out that he cannot shirk his responsibility and that he would have more freedom outside.

These men are divided into gangs and put to work in Rock Creek park where President Roosevelt used to take his recreation on horseback. Congress appropriates \$2000 a year for this purpose and the money is well spent. The city gets the worth of its money and the man is made to support his family by labor under right conditions. When he has a choice to work under restraint or to have his liberty, he chooses the latter and thus a great many men are obliged to reform who would never do so if the court imposed a punitive sentence, sending them to some place of detention where they would not be obliged to work. The method of dealing with cases of non-support now in vogue in most cities punishes the wife and children even more than the husband, by leaving them entirely without support and thereby throwing them upon the charity of the city or town.

Moreover, as a rule the man is not any better when he gets out than when he entered the prison or workhouse. How much better would the Washington method be under which the support of the family is secured whether the delinquent husband is forced to work outside or to work under compulsion in the gang under prison rules!

In Washington last year the government paid out \$2340 to men who worked at 50 cents a day. That represented 4680 days' work. But the men on probation outside paid over \$58,319.65 which with the \$2340 earned inside made \$60,659.65 secured for the families of men who if left to themselves might have paid nothing to their families.

It is certainly high time that the legislatures of states that still cling to the punitive method of dealing with non-support cases should consider the Washington method which has now been in operation for three years and cannot be regarded as an experiment.

## SEEN AND HEARD

Truth is the key to the house of fools.

The other man's philosophy never fits you, somehow or other.

The man who has many favors done to him is not always the favorite.

There should be some sincerity left for the few that won't be humbugged all the time.

When you don't believe in yourself, make up fairy stories and tell 'em to yourself.

Few persons in Massachusetts have any idea of the number of commissions that are now concerning Bay state affairs; in fact, it is doubtful if the average citizen could name more than six or seven of the best known, such as the railroad, gas, civil service, harbor and lands, gypsy moth and ballot commissions. The following list of 41 boards and commissions established by the legislature, therefore, will be of more than passing interest: Armory, ballot law, bank, bar, bar examiners, commission on blind, pilots transit, cattle bureau, charity, Charles river basin, Chelsea board of control, civil service, conciliation and arbitration, forestry, embalming, firemen's relief fund, fisheries and game, free public library, gas and electric light, Greylock reservation, gypsy and brown tail moth, harbor and lands, health, highway, industrial education, insanity, insurance, board of registration in medicine, Metropolitan park, Mt. Everett, board of pharmacy, prison commission, province laws, public records, railroad commission, state aid, Suffolk court house, tax commission, weights and measures, wrecks and shipwrecked goods, factory inspection. In addition to these there are the usual police, fire, license and park commissions in all or nearly all of the cities of the state.—Springfield Union.

"My husband was out late last night, and this morning I found a couple of aces in his pocket. I daresay he's been losing at poker."

"Don't condemn him without a hearing. If he carries around aces he probably won't."—Pittsburg Post.

## BEFORE AND AFTER.

Whenever the home club loses out Remarks are charged with gloom and doubt.

"The pitcher has a putty arm. The batters should be on a farm. But what could you expect from skunks. From those predestined second-raters?" And then the wise ones in a row Stand up and shout: "I told you so!"

But when the home club wins a game The place resounds with glad acclaim. Somebody says: "I had a hunch These people were a winning bunch. I sized 'em up the very day."

When first they brought 'em out to play. And then the wise ones in a row Stand up and shout: "I told you so!"

The lodger's pet aversion was cats, and he cherished a special grudge against a topline which sometimes shared his meals without his consent. Just as he was preparing for bed he caught sight of a snuggly hump under his counterpane. "The brute!" he muttered, and his eyes glared murder as he reached for one of the ten-pound dumb-bells with which he was wont to toy each morning. Stealthily he approached the bed. Then, that! And one of the items on his next week's bill was: "To one hot-water bottle, \$1.25."

## How to Cure Eczema

## A NEW IDEA THAT UPSETS THE OLD METHOD

The old method of treating eczema and similar skin diseases as blood disorders is being rapidly superseded by the new compound called Cadum. This remedy is applied direct to the affected parts, thus excluding the air and starting the healing process at once. The itching ceases the moment Cadum is applied, and the most stubborn cases yield to its wonderful curative powers in a remarkably short time. Other skin troubles, such as eczema, psoriasis, acne, herpes, tetter, itching piles, blackheads, pimples, eruptions, etc., are also cured quickly by Cadum, which is sold by all druggists at 10c and 25c a box.

## MR. MAN

That buys the coal, did it ever occur to you to be a successful coal man, in the full sense of the word, you must have practical experience. Let us understand one another. The money that started me in the coal business I earned myself screening, shoveling and teaming coal right here in your own city. Today my coal yard and facilities for handling coal are second to none in this city. I know what coal is, and what coal is not. I know what to buy, and what not to buy; that means my customers do not have to suffer for my mistakes. I do not tell my men, go and do it. I say, come and do it; that means you hire your own foreman in place of the coal dealer hiring him for you. When you are about to place your coal orders, think this matter over.

Mail and telephone orders will receive immediate attention.

## LOWELL OPERA HOUSE

Each successive week of the vaudeville and picture season now being given at the Opera House shows a decided improvement in the quality of the program being offered, and yesterday's mid-week change of bill proved to be no exception to this rule as the vaudeville features of the program include names familiar to frequenters of the big vaudeville theatres of the larger cities. It is an unusual thing for a vaudeville program to attract the close attention of the audience and keeps them in roars of laughter, but that is just what Bertie Fowler did yesterday. Miss Fowler, who is aptly termed the "cheer-up comedienne," delivers a clever line of comedy talk, ending with an imitation of an intoxicated young man, that qualified her for the appellation and made a big hit. The sensational feature of yesterday's program was furnished by Prince Manazawa and Bro., who performed several good "stunts" on the slack wire and finish with a sensational slide from the gallery to the stage that is a startling finish to a clever act. Johnnie Wise is the name of a clever young man who with the

assistance of a petite young woman does some clever imitations and sing-alongs. Davis and Davis, a duo of excellent vocalists, are also a feature of this very strong bill, a pleasing feature of their act being a medley of the old songs that still retain their popularity. The pictures shown are all new and of interesting subjects, including the latest biograph, entitled "Love Among the Roses." A strong dramatic picture, entitled "One of the Pioneers" also comes in for much praise. The current bill will be seen at the Opera House today and Saturday, afternoon and evening, and Sunday there will be an entire change of program for the concert to be given afternoon and evening. Prices at the Opera House are five and ten cents.

## STAR THEATRE

The Nelson-Wolcast fight was the fiercest in the history of the prize ring. For over 40 rounds "The Durable Dane" and the sturdy Wolcast battled with might and main, and it was the sight of a lifetime to the thousands of sports who sat in the arena. Pictures of this fight are to be shown at the Star theatre Monday, Tuesday and Wednesday of next week. The

very clever and difficult feats with musical instruments, and Miss Claudia Rossetto is singing "The Last My Giel" in a way that makes her have many friends. There are the latest pictures, including the biograph "Love Among the Roses," a fine love drama. Continuous show on Saturday and Sunday. Admission 5 and 10 cents.

## AT ST. PETER'S

## INTERESTING MEETING OF THE HOLY NAME SOCIETY

The Holy Name society of St. Peter's church held its regular monthly business meeting in the Fair hall last evening, and while the session was a short one it was none the less interesting. In the absence of Pres. Richard Lyons and Vice Pres. James Cook, a temporary chairman was selected from the body. The very excellent report of Secretary Ward was accepted as was the report of the reception committee. On motion of John J. Watson a visiting committee of five members was voted as a part of the official board, and Pres. Lyons, in whose hands all appointments of committees rests, will make his selections known before the next meeting.

Rev. John P. Burns, when called

upon for remarks, responded briefly yet eloquently, commending the idea of a visiting committee as a step in the right direction. He urged a continuance of interest in the Holy Name society and its affairs. Other remarks were made by John J. Watson, Michael Hetherman, Michael McGlinchey, M. H. McLaughlin and John King. One proposition for membership was read.

It's Parisian Sage That Makes That Other Woman's Hair so Bewitchingly Lustrous

When we say that Parisian Sage is the most wonderful hair tonic, dressing and beautifier known to mankind we are simply stating a fact that you can easily prove.

Get a large 50-cent bottle today; use for two weeks; if it isn't the most delightful and refreshing tonic you ever used; if it doesn't drive out dandruff, stop falling hair or itching scalp, you can have your money back. The girl with the auburn hair is on every bottle.

Mrs. Francis Knegt, 41 W. Jessamine street, St. Paul, Minn., on Nov. 16, 1909, wrote: "Parisian Sage cured my falling hair and dandruff, and it does not only cure those troubles, but is the best hair grower in the world." Parisian Sage is creating a sensation wherever introduced. It is not sticky or greasy. It is in great demand by women of superior taste and refinement who desire fascinating and luxuriant hair that never falls in combed admiration. # FOUND IN CLOSET

## Girl Had Been Without Food for Forty Hours

DANVERS, May 13.—While a country wide search was being conducted for Miss Minnie E. Crawford, aged 24, who had dropped completely out of sight Tuesday afternoon, she was hidden in an attic closet in her own home. She had been in the closet for more than 40 hours, without food or water, and with no air supply beyond that which filtered in through a crack under the door.

Miss Crawford was found yesterday morning by Chief of Police Merrill, who determined to give the house a thorough search.

Miss Crawford had been suffering for some time from nervous prostration. Her father and mother conduct a restaurant not far from their home. On Tuesday afternoon about 4 o'clock Mr. Crawford left the house to join Mrs. Crawford at the restaurant. As he was leaving the house, the father told the daughter to come to the restaurant at 5 o'clock, and the daughter replied that she would do so.

Miss Crawford, however, did not appear at the restaurant at the appointed time. Knowing her nervous and mental condition, her parents became alarmed, and a search was instituted, but no trace of the missing young woman could be found.

Wednesday the search became general. Summoned by the fire alarm signal, a party of more than 100 citizens searched the woods in the vicinity of Danvers, while policemen in automobiles traveled all the roads about the town in an endeavor to find some trace of the young woman.

Yesterday the search was renewed, although both parents of the young woman expressed the conviction that she was dead. Chief of Police Merrill said he intended to give the house a thorough search.

Beginning with the cellar every place where a human being could hide was investigated. Upon arriving in the attic Chief Merrill tried to open a closet door, but it was fastened from the inside. Breaking in the door he found Miss Crawford lying huddled in a heap on the floor. She was partially conscious and her first words were: "You don't want me to go down to the shop now, do you?"

Hastily she was carried downstairs and a physician was summoned. He reported that the young woman was in a serious condition, but undoubtedly would recover.

It is apparent that the illness of Miss Crawford has affected her mind, as she fails to answer coherently questions submitted to her. The cause of her nervous breakdown is a mystery to her parents.

### SKIN TROUBLES IN THE HOUSEHOLD

For Eruptions of Every Kind There Is Only One Thing to Be Used.

At various times during the year nearly all the members of the household are annoyed by skin affections, such as pimples, herpes, rash, inflamed skin, itching spots, scaly scalp, dandruff, etc. A little Poslam ready at hand whenever these troubles appear will effectually put an end to them and prevent any mental or physical discomfort which they might bring. Should any of the more serious skin diseases, eczema, acne, tetter, scabies, psoriasis, etc., affect either infant or adult, or any part of the body, Poslam may be depended upon for immediate relief and a rapid and permanent cure.

How quickly and thoroughly Poslam does its work may be noted by anyone who will send to the Emergency Laboratories, No. 25 West Twenty-fifth street, New York City, for a free sample, and use it on a small affected eczema surface, or for clearing the complexion and causing pimples to disappear.

Poslam is now on sale by all good druggists, particularly Falls & Burroughs, Carter & Sherrill, and the Riker-Jaynes Drug Co. Two sizes, 50 cents and \$2. Druggists who appreciate just what Poslam does, know that they cannot, with satisfaction to their customers, substitute anything else.

### BURNED TO DEATH

**Man Perished in Fire at Jackman, Me.**

JACKMAN, Me., May 13.—Fred Gillian of New Brunswick, a cook in lumbering camps, was burned to death, Henry Hayes of Greenville was very badly burned and taken to a Bangor hospital, and Harry Landry, a hotel employee, received slight injuries to one foot in a fire which early today burned the Armstrong house, the principal hotel here, and the Canadian Pacific railroad station. The property loss did not exceed \$13,000.

Sixteen men were sleeping in the building when from some unknown cause the fire broke out in the rear of the hotel, a three-story wooden structure. When they were aroused by the cries of fire and found the smoke rapidly filling the rooms they hurried out without stopping for clothing or personal effects.

A few of the men, most of the guests being lumbermen, jumped from the lower windows or climbed down a telephone pole which was close to the building, and all escaped in safety except Gillian, who remained asleep in his room and as far as known never knew of the fire. His body was recovered later.

Hayes was badly burned by running through the flames but it was hoped he would withstand the shock and his injuries would not have a fatal ending. He became bewildered while making his way out of the building and was the last to leave it.

The railroad station and freight house, a single story wooden building, caught fire from sparks and was burned, but not before the furnishings, books and freight had been saved.

The Kellogg office and lumber storehouse were in danger but were saved by an iron covering. Had this property taken fire a number of the principal houses in this village would have been burned.

The hotel was owned by Mrs. Margaret J. Armstrong and leased for three years by Edmund Henderson. The hotel loss was \$10,000 partially covered by insurance.

### GREAT HANDICAP

**To be Run at Belmont Park Today**

NEW YORK, May 13.—All was ready this morning for the nineteenth running of the Metropolitan handicap, the first historic fixture of the eastern racing season at Belmont park. Although the hopes of many followers

of the sport were disappointed by the announcement that Fitzherbert, the champion three year old last season and one of the great horses of the American turf, would not be at the post, several stars of the racing world were among the race starters in the battle for the prize of \$6000 and the honor of winning a much coveted fixture.

The Metropolitan has always called out the best horses in training and this year is no exception. In the list of starters as given out this morning there was material for a great race. In many respects it was the finest lot of fast horses that have been named to

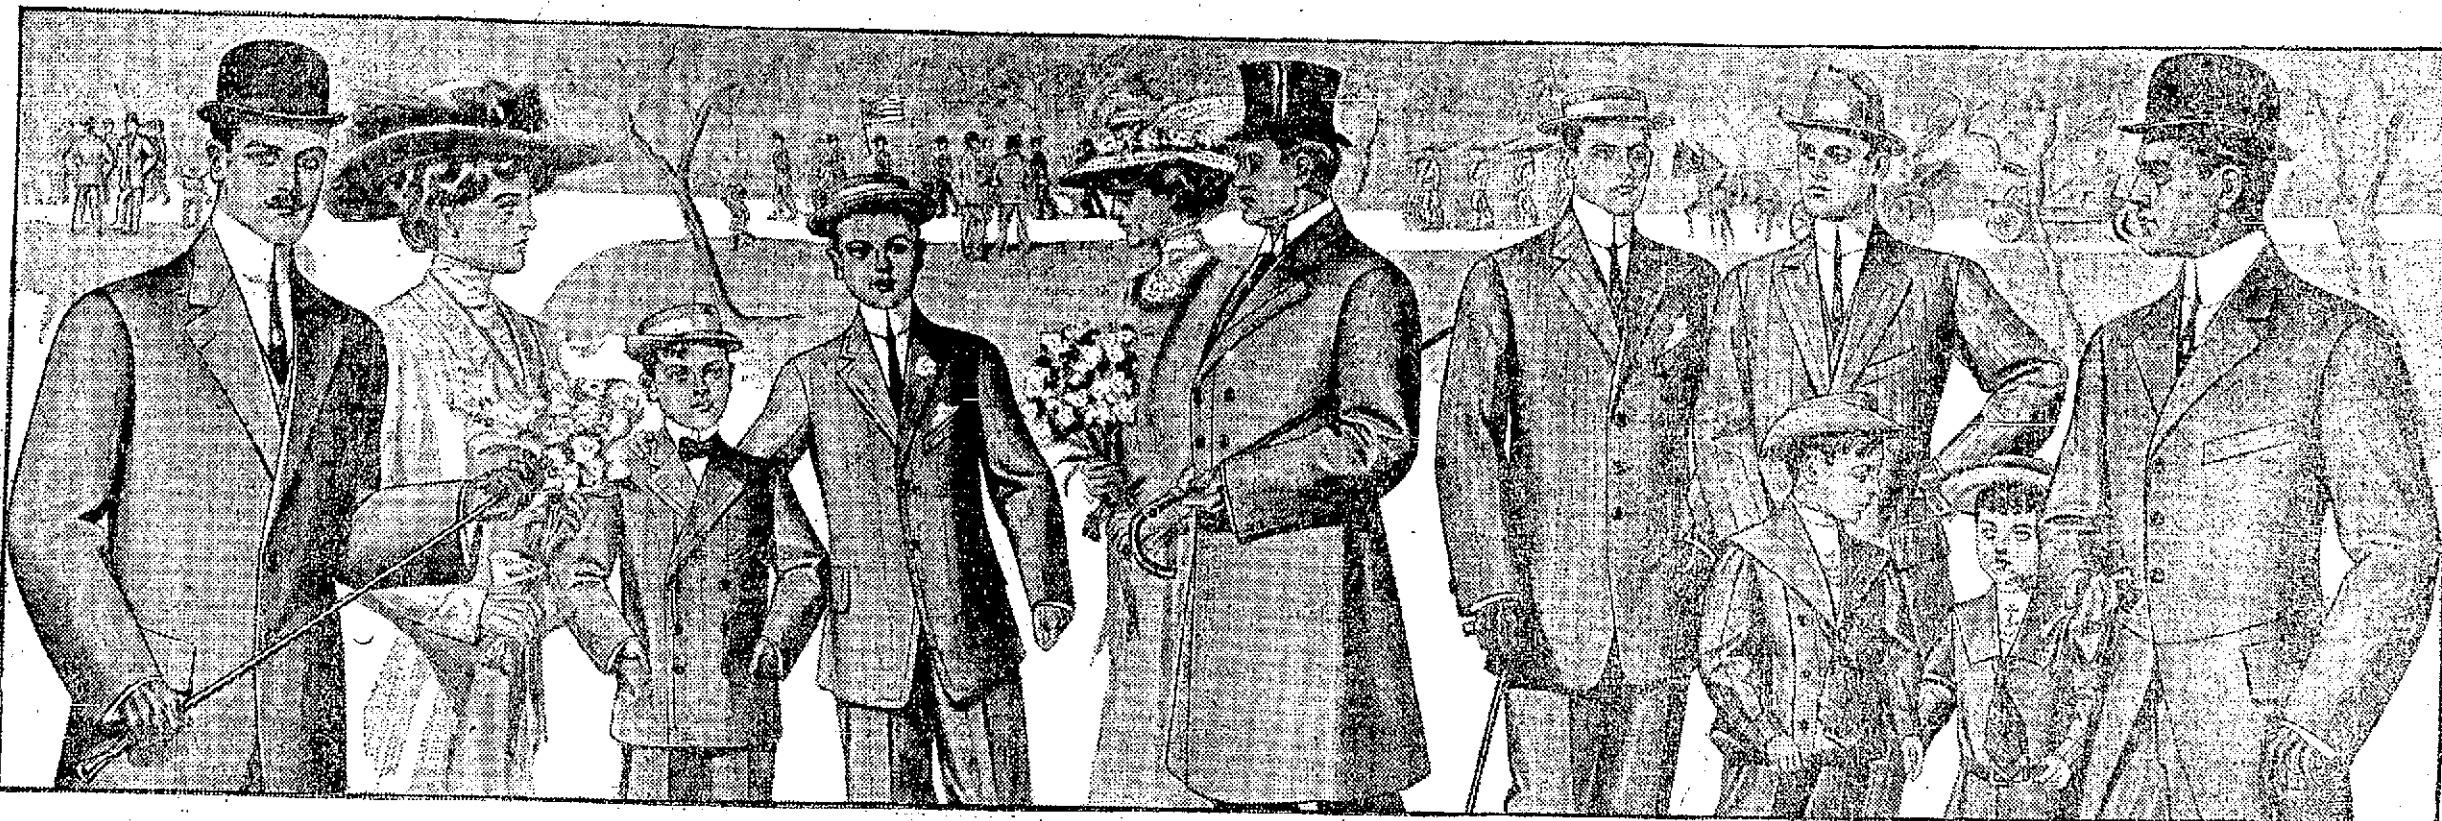

start in this event for many years.

The eight possible starters included Fashion Plate, Stanley Fay, Firestone, Jack Atkin, Priscillian, Maskette, King James and Restigouche, a fast bunch. Horsesmen were divided before the race between James H. Keen's great mare Maskette and the Hildreth entries, King James, Restigouche and Firestone.

## SEC'Y BALLINGER

Was Cross Examined  
by Lawyer Pepper

WASHINGTON, May 13.—With the prospect of being finally excused from the witness stand during the day Secretary Ballinger again submitted to cross examination by Mr. Pepper, counsel for Clifford Pinchot, of the Ballinger-Pinchot investigation today. Mr. Pepper began questioning the secretary about the restoration of water power sites withdrawn under the Garfield administration of the interior department. The committee will decide today whether Atty. Gen. Wickham shall be summoned to relate the conversation he had with Henry Hoyt, former attorney general of Porto Rico, when the latter called the Glavis charges to his attention. Mr. Ballinger said yesterday that Mr. Hoyt had greatly exaggerated the circumstances of that interview and Mr. Brandeis, attorney for Glavis, insisted that the attorney general should be called as a witness.

## THIEVES AT WORK

WITHIN FEW HUNDRED YARDS  
OF POLICE STATION

BOSTON, May 13.—Within a few hundred yards of police station 116, Thack Bay, thieves flimmed into the Mitchell Tire company's store at 401 Boylston street, early yesterday morning, and stole automobile tires and inner tubes valued at \$925. The stolen property weighed at least 400 pounds. How the thieves operated and got away without detection is a mystery to the police. A patrolman on duty the "last half" tried the door at 5.15 o'clock and found it securely fastened. It is thought the thieves were watching at the time, and began operations immediately after. They took 18 tires and three inner tubes.

NEW YORK, May 13.—The three "beauty fasters" of Garden City, L. I., decided by unanimous vote yesterday that it was better to have a little indigestion now and then than to suffer longer from the pains of hunger, which they say are unspeakable.

They broke their fast yesterday and each ate a breakfast large enough to make them safe for some time to come from the dread sensations of the last three days.

The fasters, Mrs. Keith Trask, Miss Anna Townsend and Miss Marie McCann, endured the three days, but yesterday, when it came time to take up the milk diet, they threw up the sponge.

# FIREMEN HAD NARROW ESCAPE

## EXTRA ATTEMPTED SUICIDE JOHN K. WHITING

### MEN ON AUTO PATROL

### Henry Trickett Took a Dose of

### Says Milk Company Planned to Regulate Prices

Had a Narrow Escape From Serious Injury

Carbolic Acid

The men of the auto fire patrol experienced their first near accident at the Middlesex street crossing while responding to the alarm from box 145 at about 1.02 this afternoon.

The fact remained that the firemen found themselves on the track with an engine only a few yards away. The engine, however, was under perfect control, and was brought to a standstill. It may have been signalled to go slow or the engineer perhaps heard the screech of the auto. It was a narrow and spectacular escape, but all is well that ends well.

Henry Trickett, aged about 45 years, made two unsuccessful attempts to end his life early this morning at his home, 5 Howard's place off Appleton street. He first took a dose of carbolic acid, but the acid had been diluted with water and was not strong enough to do him much harm. He then tried to suffocate himself by sticking his head

into a pail of water. Before the man could make a third attempt he was placed under arrest.

The members of the household notified the police and Patrolman James Doyle went to the house. Trickett's condition was apparently serious and the officer telephoned for the ambulance, but when the ambulance arrived

the surgeon said that the man would be better at the police station than at a hospital.

Trickett was arraigned in police court this morning on a complaint of drunkenness and when his actions of this morning were explained the court decided that a month in jail would do the man considerable good.

BOSTON, May 13.—The affairs of the Boston milk contractors and the situation resulting from the strike of the New England producers were further probed by the special legislative committee at today's hearing. Under the searching questions of Rep. Charles M. Gardner of Westfield, J. K. Whiting of the C. Brigham Co. admitted that his company is now delivering in Boston milk which is 72 hours old. This milk, he said, is obtained from various places in New York state. A third of it, he said, was pasteurized when it arrived here and the remainder was pasteurized by his company here. Senator John P. Mearns of Bristol, in questioning the witness brought out the fact that about fifteen years ago there was in Boston an organization of milk contractors for the purpose of regulating prices and that it was an offensive and defensive alliance. After considerable questioning Mr. Whiting answered in the affirmative when asked directly if the policy of his company was to regulate the prices of milk in Boston.

William A. Graustein of the Boston Dairy Co. was questioned for a short time. He said that his supply now is the same as it regularly is and comes from Vermont and New Hampshire. He said however, that during the first few days of the strike he had delivered milk 72 hours old and that the remotest point he received milk from at this time was Bristol, Vt.

A BRISK BLAZE  
IN PLANT OF LOWELL RENDERING COMPANY  
An alarm from box 145 at 1.02 o'clock this afternoon summoned a portion of the fire department to a brisk blaze in the building occupied by the Lowell Rendering Co. in School street, near the corner of Middlesex street. The blaze had made its way through the side of the mill part of the building when a passerby discovered it and pulled in the alarm. The flames were extinguished, however, before much damage was done.

SCHOONER FLOATED  
BATH, Me., May 13.—The Oliver Ames, Captain Noah Morgan, the largest two-masted schooner in the world, struck at Perkins Island in the mouth of the Kennebec today while trying to sail out of the river with a cargo of 160,000 feet of lumber for New Bedford. She was floated by the life-saving crew from Popham beach and found to be sinking badly. The life-savers with their powerboat towed the schooner eleven miles to this city and she was hauled on to the marine railway. Her forefoot was split off.

### SPARKS FROM ENGINE

### Started Fire at International Paper Co's. Plant

SARATOGA, N. Y., May 13.—Fire which broke out in a pile of pulpwood at the mills of the International Paper company at Corinth this afternoon threatened the \$2,000,000 plant and at last reports was still out of control. The last word from Corinth, however, is that the mills are not in danger.

In response to an appeal for aid fire engines and men were sent to Corinth from Saratoga. The militia company that has been guarding the company's property since the paper-makers' strike also helped fight the flames.

The fire is thought to have been set by sparks from a passing locomotive.

### MORE EARTH SHOCKS WERE FELT IN COSTA RICA THIS MORNING

SAN JOSE, Costa Rica, May 13.—The earth tremors continued today. In the month since April 13 four hundred distinct shocks have been recorded. The volcanoes of the vicinity exhibit no special activities. A force of 200 men would be required for six months to clear the ruins of Cartago. Half that number of men is engaged under good organization. Ninety-five buildings shaken from their foundations contributed to the debris. Samuel T. Lee, the American consul at San Jose, is active in the relief work.

### Ice House Destroyed by Fire Today

PROVIDENCE, May 13.—An ice house and between four and five thousand tons of ice owned by Amos P. Weedon was practically destroyed by fire today entailing a damage estimated by the owner at about \$5000, covered by insurance. For a time the firemen were obliged to turn their attention to nearby buildings which were threatened by showers of sparks that rose from the burning structure.

PEOPLE OF IRELAND PROTEST  
WASHINGTON, May 13.—Protests have been received by Postmaster General Hitchcock in a despatch from the people of Ireland against the abandonment of Queenstown by all fast steamers of the Cunard line in carrying mail and passengers from the United States.

In replying to the protests the postmaster general says that the post office department has no control of the movements of the steamers of the Cunard line but is confined to accepting the service which that line offers in competition with the non-contract steamers of other lines carrying mails between New York and European ports.

### SUPERIOR COURT

### Street Railroad Case on Trial Today

The case of Ada Newell against the Fitchburg & Lowell street railway was called in the superior court late yesterday afternoon, and took up today's session. Edward and F. A. Fisher for the plaintiff, and Baker & Baker for defense. Mr. and Mrs. Newell alighted from a car at the park station in Lunenburg Aug. 28, 1909, and proceeded to the waiting room, when Mr. Newell was struck by the running board of a car rounding the curve, and thrown violently against Mrs. Newell, who was in front of him. She was thrown to the ground, and it is claimed that her knee was seriously and permanently injured. She now walks with difficulty, using two crutches.

### PRESIDENT TAFT

### Had Long Conference With Newspaper Publishers

WASHINGTON, May 13.—President Taft had an extended conference this afternoon with J. D. Norris, representing the American Newspaper Publishers' association, and A. N. Burbank, president of the International Paper Co. General Counsel Jennings of the International Paper Co. also was present. Both Messrs. Norris and Burbank presented figures and arguments to the president which were intended to show that there was no need of a tariff on

wood pulp in this country. They also stated that the action of the Province of Quebec in preventing the exportation of pulp wood had seriously affected the print paper market in the United States. The president was told that the newspapers and the paper companies were commonly affected. President Taft is keenly alive to the situation and will do all he can in the course of the proposed reciprocity conferences to relieve the situation.

FAIRBAULT, Minn., May 13.—Bert Sperry, his three children and their grandmother were burned to death in a fire which destroyed their home in this city today. Mrs. Sperry and two children were saved.

The fire started in the kitchen. Mrs. Sperry and the baby were rescued from the second story by a neighbor. While Mr. Sperry was trying to save the other children and the grandmother the floor collapsed. His body and those of the other children were found in the basement.

HE WILL SETTLE

BOYD WAS CHARGED WITH STEALING \$40

Fred Boyd appeared before Judge Hadley in police court this morning on a complaint charging him with the larceny of \$40, the property of John F. Lynch. Boyd entered a plea of not guilty, but was found guilty and when told that if he desired to pay the money back to Mr. Lynch, he would be placed in the hands of the probation officer, he agreed to pay \$5 a week.

Mr. Lynch went into a saloon in Middlesex street on April 15th for the purpose of purchasing a pork pie and a bottle of ginger ale and after making the purchase put two \$20 bills in the inner pocket of his vest. It seems that there was a hole in the pocket and the money dropped to the floor. Mr. Lynch did not miss the money until ten or fifteen minutes later. He then went back to the saloon and reported his loss to one of the bartenders.

It is alleged that Boyd was in the saloon at the time and that he was seen to pick up something from the floor. It is also alleged that he showed two bills of large denominations at the place where he worked.

He denied that he knew anything about the money, but when Judge Hadley said that he was going to find him guilty but would give him a chance to make arrangements of settlement if he so desired, he agreed to pay \$5 a week to Mr. Lynch.

ROOSEVELT'S DENIAL

BERLIN, May 13.—Mr. Roosevelt today authorized an amplified denial of the published report that he had written letters expressing his attitude towards the administration of President Taft and favoring a certain candidate for governor of New York state.

ment of the interior published in the upper right hand corner of our editorial page. This letter is from the secretary. In addition we have a personal letter from Sec'y Ballinger himself. You are requested to send us your affidavit in reference to irregularities charged against the forest service in our article on the first page. You need not fear that you will fail to make proof on account of such affidavit. We will guard your interests."

The letter and editorial were introduced by Mr. Pepper in answer to a statement made yesterday by Mr. Nelson, that he had received a large number of complaints against the forest service.

When Mr. Pepper asked Mr. Ballinger if he did not think the "conspiracy" which he had referred to might have been a defensive combination of those who were heart and soul for a policy to which he was known to be opposed, Mr. Ballinger replied:

"It was a most amazingly wicked defense."

He then took from his pocket a long resume, which he secured permission to read and which he said would show the existence of a conspiracy to remove him from public life. The resume had to do with various portions of the testimony during the present investigation, and concludes as follows:

"The evidence given in the present investigation in the so-called prosecution was all put in by the 13th of March last and since that time evidence has been introduced by me in my own defense. An anonymous pamphlet has been circulated notwithstanding the truth which has been shown by the evidence in my behalf and circulated secretly and confidentially purporting to state what the prosecution had shown and expressly declining to state any evidence introduced by me. Reliable information discloses that these anonymous pamphlets are being distributed from the home of Gifford Pinchot."

the forest service you might with propriety secure such affidavits of the character referred to in your editorial and submit them both to the committee having charge of the investigation of which Hon. Knute Nelson, United States senator, will probably be chairman."

Mr. Pepper also offered the following from the same paper:

# THE NEW KING

## Finds Himself One of Hardest Worked Officials

LONDON, May 12.—From a life of comparative ease and retirement, King George suddenly finds himself one of the hardest worked officials in the kingdom. In addition to spending considerable time daily at Buckingham palace, comforting his widowed mother, he has to attend to multifarious duties connected with receiving and entertaining the royal guests and arranging the difficult details of the lying-in-state and the funeral.

Seven o'clock each morning finds His Majesty already at his desk in Marlborough house, to reply to the innumerable messages of condolence and to receive his ministers and the officials who have to do with the obsequies. Today he had a long special interview with John Burt, president of the local government board. The afternoon he spent with the queen mother, and in the evening he went to the station to meet and escort the king of Denmark to Buckingham palace.

Ex-President Roosevelt, who has been named as special envoy of the United States to attend the funeral of the late king, will be presented to King George soon after his arrival in London on Monday. This has been arranged in conformity with the wish of the king, as expressed to Whitehall, the American ambassador. Mr. Roosevelt, as special ambassador, will occupy a place with the visiting monarchs in the funeral procession, and will also attend the burial at Windsor.

The lying-in-state involves a great addition to the work of arranging the program for the funeral, all the details of which will hardly be completed before Sunday. The procession to Westminster hall on Tuesday, for the lying-in-state, will be almost on as great a scale as the funeral procession. The cortege will include King George and all the foreign sovereigns on horseback, and the queen mother and the royal ladies in carriages. The body will be received by the members of the house of lords and the house of commons, while the choir of Westminster Abbey and the Chapel royal, and the band of the Coldstream guards will take part in the musical service.

When the funeral procession starts on Friday, every train car in London

will come to a standstill for a quarter of an hour. It is also proposed that all the public houses in London should be closed while the procession is passing.

The queen mother herself has been exceedingly busy since the death of the king. She has received a great number of visitors who have been privileged to enter the death chamber. These included besides most of the members of the cabinet and the leaders of the Opposition, many ambassadors and other officials connected with the court, and prominent men who were the intimate friends of Edward VII.

A note of discord in the universal mourning comes from Dublin where, at a meeting of the corporation today, seven members of the Sinn Féin society voted against the lord mayor's resolution to send a message of sympathy and condolence to the queen mother and the royal family. The Sinn Féiners are a mere handful of disturbers who represent nobody but themselves.

### THE CORONATION OATH IS WARMLY DISPUTED

LONDON, May 12.—As has been foreboded by the extremists among the protestants have taken up the fight against the proposed change in the declaration that King George V. makes to parliament. The movement started by William Redmond, to have stricken from the oath the words that are distasteful to the Catholics, has already brought out strong words of opposition. Various Protestant societies are entering the fray. The London Council of United Protestant Societies, representing 5 of these associations, held a special meeting yesterday to consider the position.

There is no doubt that Premier Asquith's plan to modify the oath will be fought strenuously. The Church Association has already sent to Premier Asquith and to every member of both houses of parliament a copy of resolutions passed by the association denouncing the proposal to suppress the declaration, and demanding that the government "promptly reject Mr. Redmond's insidious appeal."

Among Roman Catholics there are doubtless a few who are indignant that any Protestant declaration should be made; but the bulk of the thinking members of that faith do not quarrel with the fact. They recognize that as the Protestants are in a great majority in the United Kingdom it is only to be expected that the Protestant succession to the throne shall be defined and preserved. It is the branding with contemptuous epithets the religious tenets of a large number of loyal Britons of which they complain.

Catholics also quote approvingly the utterances of British Protestant statesmen who have tried to comfort the late Lord Salisbury described as a stain on the statute book. Lord Salisbury declared that apart from the declaration being most offensive to all Catholics, "the stanch loyalty of the sovereign's Catholic subjects in Canada, comprising about 40 per cent. of the entire population of the dominion, should exempt them from any such offensive reference."

The government has not yet taken any overt step in the matter, and pending some definite pronouncement nothing can be said of the prospect of revising the declaration before King George is required to make it.

Sir Conan Doyle writing to the Times on the subject says: "Is it anything other than persecution to hold up the Roman Catholic faith to obliquity in the coronation oath, while every other creed, Christian or non-Christian, is left unassailed?"

### ALL BASEBALL GAMES TO BE POSTPONED

NEW YORK, May 12.—Out of respect to the memory of the late King Edward and his people, all Eastern league baseball games, scheduled for Friday, May 20th, the day of the king's funeral, have been called off. Notice to that effect was sent out last night by P. T. Powers, president of the league.

Games scheduled for May 20th will be played instead as double headers on May 21st, along with the regular games.

### WIDOW IS SUED

Wife Claims Damages of \$50,000

BOSTON, May 12.—Mrs. Sarah F. Merriam, a middle-aged maiden widow, who is so deaf she is obliged to use an ear trumpet, appeared yesterday afternoon before Judge Fox in the second session of the Middlesex superior court at East Cambridge as the defendant in a suit for \$50,000 charged her with enticing Nathaniel H. Heath, a Malden real estate dealer, from his home in 106 Washington street and alienating his affections.

Mrs. Emma Frances Heath, who asks the court and jury for this large amount to assuage the loss of Mr. Heath's society and affections, testified that her troubles began in 1906, or thereabout, when her husband sold Mrs. Merriam the Hotel Evelyn, an apartment hotel in Malden.

Since then, she said, both Mrs. Merriam and Mr. Heath had resided at the hotel, and the latter claimed such an arrangement was necessary as he intended to "build up the place, sell it, and make a good thing out of it for Mrs. Merriam and himself."

### HEAVY EARTHQUAKE SHOCK

CLEVELAND, O., May 12.—The seismograph at St. Ignace college today shows the record of a heavy earthquake shock shortly after 2 o'clock this morning, the tremors lasting one hour and exceeding minutes.

Further observation, the observer, says that the record greatly resembles that made by the earthquake in Costa Rica last week but indicates more serious earth shocks.

# STRIKE SETTLED ORGAN GRINDER

Italian Strikers Back at Work Said to Have Stolen Rivers Child

PROVIDENCE, May 12.—As a result of the contractors in this city according to the demands of the strikers arriving at an amicable settlement with the building laborers committee representing the strikers all but about 300 of the original 1600 Italian laborers who struck a few weeks ago have now resumed their occupations. The last squad of strikers to return to work were those employed by the Bishop company who answered the blowing of the whistles today following a settlement with that company last night. What the exact terms of the settlement were have not been given out, but it is believed they were favorable to the strikers.

### MATRIMONIAL

Albert Edward Park, formerly of this city but now of Cleveland, O., and Miss Henrietta Julia Newman of Los Angeles, Cal., were married April 14.

NEW YORK, May 12.—It is now admitted by all but the police that Willie Rivers, aged five, of No. 32 Washington avenue, Flushing, who has been missing since last Saturday morning, was kidnapped by a wandering organ grinder. Although the police cling tenaciously to the theory that the lad was drowned in Flushing Creek, no less than six persons yesterday declared positively they had seen the boy in the company of an organ grinder up to 3 o'clock Saturday afternoon.

Among these was a Flushing society woman of Parson avenue. She yesterday to Mrs. Joseph, a modest homemaker and told her that at 1:30 Saturday afternoon, the itinerant musician had knocked at her back door and asked a drink for the cowering lad, whom he dragged along by the arm. After procuring the drink the man hurried off with the boy.

"You must not allow my name to become public," said Mrs. Rivers' caller, "for I have an unreasoning fear of the Black Hand, and I believe that man belongs to it. But I am sure it was your little son who was with the man. The little fellow wore a white felt hat and had a peculiar scar over his right temple. I remember remarking upon it at the time."

### ON IMMIGRATION

OFFICIALS CONSIDER THE CHINESE STRAGGLERS

WASHINGTON, May 12.—Immigration commissioners and agents for half a dozen points were in conference today with Benjamin S. Cable, the assistant secretary of commerce and labor, and Commissioner General of Immigration Daniel J. Keefe. They were Messrs. Berkshire at El Paso, Clark at Montreal, Billings at Boston, Williams at New York, Rogers at Philadelphia, and Wells at Baltimore. There was a general interchange of views regarding conditions along the Atlantic coast and on the Canadian and Mexican borders. A problem with which the government has to contend is the straggling of Chinese and Japanese along those borders, the vast territory to be covered making the work an especially difficult one.

### COL. SCANNELL

Sued by Supreme Secretary of Owls

BOSTON, May 12.—George D. Beroth of South Bend Ind., supreme secretary of the national order of Owls, through his attorney, Abram B. Berkwitz, has filed suit in the superior court against Col. Roger F. Scannell charging malicious slander and asking damages of \$25,000.

The allegation of slander, Mr. Berkwitz states, is based on the remarks made by Col. Scannell at the legislative hearing of last Tuesday in regard to the formation of an independent New England order of Owls.

The bill is returnable in June. In his declaration at that time, Mr. Berkwitz states, he never made further charges implicating others than Col. Scannell. He intends also to file a bill in equity for an injunction to prevent Col. Scannell and others from establishing the New England order.

### BIG AVIATION MEET

ST. LOUIS, May 12.—The first national aviation meet ever held in this country for novices will take place in St. Louis beginning June 20 and continuing until June 25 under the auspices of the Aero Club of St. Louis. The meet is for owners or builders of aeroplanes who never have made a flight of more than 100 yards at any exhibition where admission was charged. Entries will be closed on June 1.

### RAILROAD BILL

Taken up by the Senate Today

WASHINGTON, May 12.—With an agreement to begin voting on the long and show hauls amendments to the railroad bill at 4 o'clock today the senate began consideration of that measure almost immediately when it convened at noon.

Mr. Heyburn, author of the first amendment offered, proposing the modification of the long and short haul clause of the pending law, promptly took the floor in support of that provision in contra distinction to the Dixon amendment which was submitted as a substitute. The Heyburn amendment makes a flat and unqualified prohibition against the greater charge for a short than a long haul while the Dixon provision, although making a similar prohibition, gives the interstate commerce commission discretion to make exceptions.

# THE "OPEN SHOP"

## Important Decision Rendered by Judge Rugg in Supreme Court

BOSTON, May 12.—An important decision in favor of the "open shop" as affecting the construction of buildings was rendered today by Judge Rugg in the supreme court in granting an injunction restraining a building trust and a number of labor unions from interfering with L. P. Soule Sons & Co., builders of a large wool warehouse in this city.

The case was fought for nearly two weeks by able counsel on both sides, all of whom agreed that many building contracts throughout the state would be affected by the decision. Soule & Co. maintain an open shop and started last winter to construct one of the largest wool warehouses in the world on Summer street extension in South Boston. The firm had a joint contract with the National Fireproofing Co., which maintains a closed shop, and one of the unions called a strike on the building aimed at the Soule firm. The owners of the property, the Fudge Real Estate Trust, sought to terminate the contract with the Soule firm on the ground that the work was not progressing satisfactorily. The Soule Co. immediately petitioned for an injunction and named three building unions, the real estate trust and the architect.

Judge Rugg decided today that the contract must not terminate and that the strike was illegal.

discussing the disclosures made by the federal grand jury which adjourned Wednesday. "It was established by the grand jury," said Mr. Todd, "that the federal government has gone as far as the law will allow. It is now up to the state authorities who could break this business in short order."

# BRIBERY CHARGE

Is Made Against Representative Browne

CHICAGO, May 12.—States Attorney Wayman announced today that Lee Browne, democratic leader of the house of representatives, who is charged with bribery of legislators, will be placed on trial before Judge McSweeney in the criminal court next Monday. Browne is alleged to have distributed the money alleged to have been paid to certain representatives to vote for Lorimer for United States senator. Reps. White, Beckenmeyer and Link, who are declared by the state's attorney to have conferred to having received bribes, will be witnesses at the trial. The special grand jury, which for two weeks has been investigating alleged bribery, adjourned today until next Tuesday. The inquisitors heard no witnesses today.

# Since John Quit Drinking

BY JOHN'S WIFE

I'm the happiest little woman, in all this little town. And my merry laugh and singing, takes the place of sigh and frown. For JOHN HAS QUIT HIS DRINKING. And is like himself once more, And the world is just a paradise. With such happiness in store!

One day I read some verses— "Merry Mince," the name, And I said, that's John exactly. And I sent for GOLDEN REMEDY. So I put it in John's supper. And I put it in his tea.

And it didn't taste a little bit; Had no odor, so you see— It was smoothest kind of salting. For little Deaky Me do is to send you a bottle of Golden Remedy. And I watched and prayed and waited, (And cried "come, too, I guess"), And I didn't have the greatest faith, I'm ashamed now to confess.

And John never thought a minute, He was being cured of drink, And took to his work as well as any one. It makes me cry to think! Just makes me cry for gladness, I'm so proud to be his wife— Since he is cured of drinking, And leads a nice, new life.

"Since John he quit a-drinking," I can't say it times enough! And hates and loathes a liquor. As he would a poison stuff. And when I say my prayers at night, As thankful as can be, I pray for John the most of all— Then GOLDEN REMEDY.

# THE STATE SENATE

## Killed Bill for Popular Election of U. S. Senators

BOSTON, May 13.—The Massachusetts state senate yesterday negatived the vote of the lower house by rejecting the Riley resolve demanding that congress call a constitutional convention to amend the federal constitution providing for the election of U. S. senators by the people.

The resolution was rejected without a word of debate, 11 to 22.

Yes—Bunting, Butler, Doyle, Lomasney, Mahoney, Malley, Meane, Nason, O'Connor, Russ, Teeling—11.

No—Blanchard, Bray, Burnham, Crosby, Denny, Evans, Greenwood, Harvey, Hibbard, Hultman, Keith, Mellen, Mulligan, Nash, Newhall, Parker, Plakford, Richmond, Tinkham, Tolman, Turtle, White—22.

Senator Mahoney of Holyoke immediately moved a reconsideration of the vote, and his motion goes into the orders of the day for today.

Three republicans—Bunting, Nason, and Ross—voted with the eight democrats for the resolution.

### Income Tax Goes Over

On motion of Senator Malley of Springfield the "income tax" amendment to the constitution was put over to May 19.

### For Voting Machine

Senator Mahoney of Holyoke offered the resolve for an amendment of the constitution to permit the use of voting machines at elections in this commonwealth. He said the committee had asked to see the machines but not one was presented.

Senator Lomasney also opposed the resolve which was favored by Senator Turtle of Pittsfield.

The resolve was passed, 18 to 12.

Yes—Blanchard, Bray, Doyle, Evans, Greenwood, Harvey, Hibbard, Malley, Mulligan, Nash, Nason, Parker, Rockwood, Ross, Teeling, Tinkham, Tolman, Turtle—18.

No—Bunting, Burnham, Butler, Crosby, Denny, Keith, Lomasney, Mahoney, Newhall, O'Connor, Plakford, White—12.

### Intelligence Offices

After a brief debate the house reconsidered its rejection of the resolve directing the director of the bureau of statistics to investigate the employment and intelligence offices of the commonwealth, by a vote of 91 to 8.

The question then recurred to rejecting the resolve as recommended by the committee on ways and means, and Messrs. White of Brookline and Crocker of Boston of that committee asked that the report be negatived, in order that they might present a resolve authorizing the governor to appoint an investigating commission.

After debate, by a voice vote the house refused to reject the bill and Mr. O'Brien of Boston gave notice that he would offer today a resolve authorizing the governor to appoint a commission.

### Motor Vehicle Bill

The motor vehicle bill was ordered to a third reading without debate.

Mr. Cushing of Boston opposed the recommendation of the ways and means committee that the bill to create a metropolitan Boston council should be rejected.

The bill was rejected, 59 to 40.

### More Civil Service

The bill to put the treasury, collecting and penal institutions department in Boston under civil service was ordered to a third reading, with an

amendment to make it take effect Feb. 1, 1911.

### Highway Commission

The contest between the state highway commission and the civil service commission was fought out in the house yesterday afternoon. The highway commissioners desire the passage of a bill providing that when its employees have been at work six months they shall not be discharged because they lack civil service indorsement.

Mr. White of Newton said such a bill would break down the civil service system.

Mr. Martin Flays of Boston said if this was true he hoped the bill would pass. He said he knew nothing of the merits of the bill, but Boston's experience of the past two weeks is enough to show that somebody ought to "hand a bell" to the civil service commissioners and bring them to their senses.

Mr. Dickson of Pittsfield also opposed the bill, although he criticized the civil service commission for their attitude toward the highway commission.

By a vote of 27 to 59 the house refused to reject the bill, as recommended by the committee on ways and means.

### Boylston Railway

The next matter taken up was the bill providing that electric railroads shall be completed within four years of the granting of their certificates. Mr. Keene of Somerville offered an amendment providing that such roads must use a subway in cities of 50,000 or more inhabitants, unless the local authorities consent to other construction.

Mr. Mellen of Worcester raised a point of order that the bill seeks by indirection to repeal the charter of the Boylston bicycle railway, and is in contravention of the rules of the house. Pending the decision of the chair, further consideration was postponed until Monday.

### Voluntary Trusts

Mr. Knight of Boston moved to substitute for an adverse report a resolve providing for an investigation of the common control of lighting and transportation companies by voluntary trust. Such associations, he said, are devised for the purpose of evading the law and expressed the belief that the Consolidated gas and the Edison light companies have as a matter of fact consolidated, although such consolidation is specifically forbidden by law.

Mr. White of Brookline said the voluntary trust has flourished in Massachusetts more than in any other state, because they are permitted to make laws to suit themselves.

Mr. Warren of Chelsea said there is no evil which demands investigation, and the state commission already has all the information that could be obtained.

Mr. Riley of Malden said voluntary trusts may own the stock of railroads and street railways, thus violating the policy and the law of the commonwealth.

Mr. Mullen of Braintree did not see that there is anything to be investigated.

Mr. Milgram of Boston said most of the express companies of the state have gone into a voluntary trust, the result of this action being to reduce the amount of franchise taxes collected

## Feet Tired—So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know for everything that gets the matter with your feet. It's for sore feet and for sweaty, bad-smelling feet, and for corns, callouses and bunions, too.

"For years I have been troubled with sore and tender feet; suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used." A. F. Dreutzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your feet in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person. TIZ is for sale at all druggists, 25 cents per box. Send 10 cents to Walter Dodge & Co., Chicago, Ill.

from express companies from \$118,000 in 1907 to \$118 in 1909.

On a rising vote the motion to substitute prevailed, 68 to 59, and on a roll call, 82 to 73.

### Land By Eminent Domain

In the senate the resolve for an amendment to the constitution to permit cities to acquire by eminent domain the whole of estates, a part of which is to be used for highway improvements, was passed to be engrossed on a roll call, 91 to 0.

## 24 HOUR RACE

At the Brighton Beach Motordrome

NEW YORK, May 13.—Twelve fast cars manned by noted drivers will start at 8 o'clock tonight in the first twenty-four hour race of the season at the Brighton beach motordrome here. It will be the first speed contest in New York this year.

The contesting cars with their crews are as follows:

Stearns No. 1, Ralph Mulford and Cyrus Patschke.  
Stearns No. 2, Frank Dearborn and Roy Howard.  
Buick No. 1, Louis Chevrolet and Arthur Chevrolet.  
Buick No. 2, Bobby Burman and Geo. Dewitt.  
Marion, Louis Strang and J. Anderson.  
Cole, L. Endicott and L. Edmonds.  
Houpt-Rockwell, Montague Roberts and Stanley Martin.  
Simplex, George Robertson and Al. Poole.  
Flat, Ralph DePalma and F. H. Parker.  
Selden, George Mack and Thomas McMahon.  
Rainier, Louis Diabrow and Wally Owen.  
Croston-Keeton, W. S. Spinney and C. H. Lund.

Seven of the cars entered have appeared in previous twenty-four hour races and the other five are comparatively newcomers in long distance track racing. The Cole, Selden and Croston-Keeton have never been seen in track competition in the past, the Houpt-Rockwell and the Marion are really trying their speed in competition for the first time.

The contest represents a preliminary outlay of more than \$100,000 by makers and promoters. Confidence was expressed today that with favorable weather conditions a record of more than 1200 miles—an average of 50 miles an hour would be set by the winners. The present record for 24 hours is 1196 miles.

## ANNIVERSARY SALE

AT GILBRIDE'S DRY GOODS STORE

The second anniversary sale at Gilbride's popular department store is on, and it is a special genuine mark-down sale on every article without reserve or limit. The previous anniversary sale was such a success that when they announced they would have another one this year thousands of people within a radius of fifty miles of Lowell were on hand to attend the sale. All day yesterday the clerks in every department were as busy as bees, and the management was obliged to close the doors three times during the day, as it was impossible to take care of the immense throng of people attracted by the advertisement sale of the bargain sale. As a mere illustration of the power of advertising there were crowds from South Braintree, Mass., and Franklin and Nashua, N. H., and many other cities and towns. While some people may consider business a little dull just now it looks as if there were greater prosperity at Gilbride's store. Mr. John Burns, the manager and secretary of the establishment, was the man of the hour yesterday and was undoubtedly the busiest man in the city. It takes a man with keen judgment and great business knowledge to conduct a sale of this magnitude and make it a success, and it will certainly be an immense success when it comes to a close Saturday night, judging by the business they transacted yesterday and today. Every woman in Lowell should take advantage of this sale as there are bargains enough for everybody, and it would pay to purchase for the future if you do not need anything for immediate use.

# ENTERS MINISTRY

## Young Man Ordained at Trinitarian Church

In the First Trinitarian Congregational church last evening, Rev. Melbourn C. Baltzer was ordained a Congregational minister. The ordination ceremonies were witnessed by a large audience. Mr. Baltzer has been the pastor's assistant at the First Trinitarian church for nearly a year. He will continue as assistant to Mr. Kennett.

The ordination sermon was preached by President Albert P. Fitch, D.D. The services opened at 7:30 o'clock.

Following a statement by the moderator, Rev. B. A. Willmott, and the reading of the minutes of the council by the scribe, Rev. James E. O'Connell, pastor of the Kirk Street Congregational church, gave the invocation, which closed with the Lord's prayer. The Scripture lesson was read by Rev. Henry C. Graves, D.D. The anthem "Praise Ye the Father" (Gounod) was sung by the supplied choir. Rev. E. Victor Bigelow, pastor of the Eliot Congregational church, gave the responsive reading. Hymn 633, "The Church's One Foundation" was given by the congregation and choir.

The prayer of ordination was given by Rev. Lewis A. Fitch, D.D., the candidate kneeling during the prayer. "The Homeland of the Heart" was sung by a boy soprano, with chorus. The charge to the minister was given by Prof. Daniel Evand, D.D., who said in part: "There are more objections raised about entering the ministry than to the entering of any profession. The objections have become adept in the raising of objections, in the getting of reasons for staying out of the ministry. They say that you have got to work morning, noon and night, and preach twice on Sunday. Well, if these objections keep men from entering the ministry then it is well that they stay out, it is better for men and women that they should stay out."

"Whatever else you may forget do not forget the reasons why you came before this church for ordination. The ministry is the greatest calling in the world, but it is a mighty poor profession. There is no calling so great as this, that which gives you the opportunity of ministering to men!"

"The products of the church of Christ are greater than all else in this world. You must be ready for any sacrifice when you enter it. And is not the making of sacrifices worth while when you can turn out men with your work, and that is what you are called upon to do as the Christian minister."

There are three things I wish to speak to you about. The first advice I give to you is: Take care of your mind. In this 20th century a man must be alert, quick, must know the great truths of religion. If you should be asked what you do, you would probably say you were a student at Harvard. It seems infinitely more important to me that a man should be a student after he enters the ministry than that he should have been one before he enters it. And, yet, many ministers are first students and then become ministers, and study no longer. You ought to get six hours—yes, eight or ten—every day for study.

"And the second point is this: Keep your heart human. The ministry must be human and humanizing. It must be

more human and humanizing than any other calling in the world. No man comes in contact with so many different kinds of men and women and children as the minister. The lawyer will tell you that he sees life; so he does. The doctor tells you that he knows life; so he does. The minister knows life; so he does. In contact with more kinds of men and women than did the poet, and the poet merely replied: "Yes, sick men and women of different kinds." Some men who enter the ministry belong to any class except the human class. Keep your heart sensitive to the sympathetic touch with all sorts and conditions of men and women and children. Keep your heart like the finely tuned chords of a piano, chords that will respond lovingly to every call on them.

"My third point is this: You must be religious. Now that he must be religious. You must be in the closest possible touch with the deepest realities of this world. You must be sensitive to the presence of the power and the nature of God. You must be as sure of God as of your own soul. No man can be a minister of God who doesn't learn God, who doesn't know God. Never forget that you have entered the ministry."

Rev. George P. Kennett extended the right hand of fellowship. Hymn 454, "Counsel of Praise," was sung by the congregation and choir, standing, and the benediction was pronounced by Rev. Mr. Baltzer.

The services closed with the organ postlude "Allegro in A-Minor" by Rheinberger.

### EARLY CONFLICT

Between Peru and Ecuador Expected

WASHINGTON, May 13.—Information received here points to an early conflict between the armies of Peru and Ecuador over their boundary dispute. A despatch received yesterday at the state department from the United States consul at Guayaquil, Ecuador, states that President Alfaro has left the capital for the frontier with 900 troops. It is not known at the state department at what frontier post the Peruvian army is concentrated, but the Ecuadorian forces are understood to be mobilizing at Mucha, the capital of the southwesterly province. Members of the diplomatic corps having knowledge of the conditions in these countries, say that both Peru and Ecuador are financially in a condition to stand the expense of a war. Some months ago Peru, it is said, negotiated a loan in France of \$1,700,000 on very extraordinary conditions. She pledged as security the Octroi taxes, or those collected from citizens bringing provisions and other commodities into the city for sale. This is regarded as a very unusual proceeding.

Peru has a standing army of about 4000 officers and men, but it is understood that conscriptions have brought the force up to perhaps twice that number. She also has five war vessels, two of them being fast, new cruisers of three thousand tons each.

The Ecuadorian army consists of about 4000 officers and men, with an available national guard of some considerable strength. She has two small war vessels that might be used for transports in case of war, but nothing sufficiently formidable to meet the Peruvian cruisers on equal terms.

### IMPERIALS DANCED

ENJOYABLE PARTY HELD AT ASSOCIATE HALL

The annual concert and dancing party of the Imperials, an organization of prominent young men of this city, was held last night at Associate hall, and the popularity of the members of the club was evidenced by the large attendance. There were about 300 couples present and the affair proved to be a social as well as financial success.

Music for dancing was furnished by Kittredge's orchestra, and the officers of the party were as follows: General manager, William Devine; assistant general manager, John J. Coughlin; floor director, George A. Morris; chief and Owen L. McGuire; aids, All of Our Friends; chief announcer, Benjamin McNamara; treasurer, James L. O'Day.

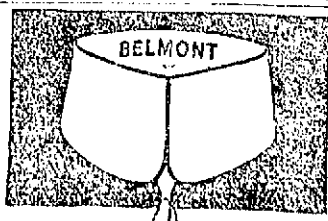

### FORESTERS OF AMERICA

A well attended meeting of Court Gen. Shields, Foresters of America, was held last night, Chief Ranger Thomas A. Green presiding. Three new members were admitted and two propositions for membership received. Several committees submitted reports of progress. During the course of the meeting Chief Ranger Green took advantage of the opportunity to congratulate the members on the hearty co-operation given the officers since becoming affiliated with the grand court federal fund. Plans for organizing a ball team to compete with various Forester teams throughout the state were formulated and the nucleus of a strong organization was announced by the committee in charge. Under the head of good and welfare, the following brothers made interesting remarks, Messrs. Boles, Norton, Bailey and Roddy.

### CASES OF TUBERCULOSIS

WASHINGTON, May 13.—Not less than 3 per cent and not over 15 per cent of all cases of tuberculosis have bovine origin, according to Sept. J. C. Schroeder of the bureau of animal industry experiment station at Beltsville, Md., who testified yesterday before the house committee on agriculture.

Mr. Schroeder contended, however, that the milk of tuberculosis cows was not itself tuberculous, the germs being transmitted exclusively by the milk, instead of at first finding in it. The only safe way, he argued, was to pasteurize the milk.

## Our Most Successful Anniversary Sale

OPENED WITH A RUSH YESTERDAY

THE sales for the opening day exceeded those of last year—We realize hundreds had difficulty in obtaining prompt service and a number could not be waited on at all owing to the tremendous throngs surging through the aisles and reaching to every nook and corner of this store from early morning until late afternoon.

We expected crowds—and prepared for them with over 50 extra salespeople—but the response was so overwhelming that even this number was inadequate.

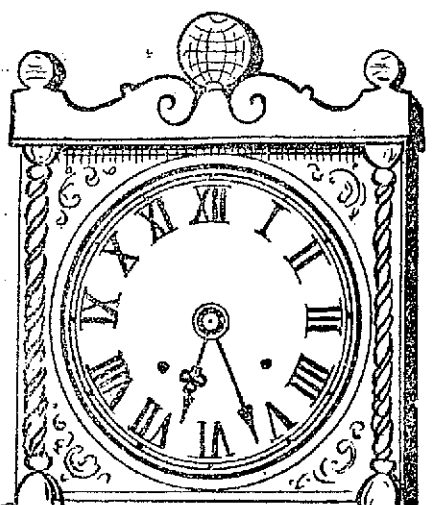

Today and Tomorrow there will be more salespeople, more cashiers, more delivery-men, and with the stocks replenished, we feel confident the service will be prompt and satisfactory.

In the celebration of its Second Anniversary, The Gilbride Store is the medium through which the many patrons are receiving astonishing bargains.

"To Make Good" in this sale we have labored for months with manufacturers at home and abroad to secure the best merchandise at the lowest prices ever paid. Not a cent's worth of undesirable goods is offered in this sale. Profits are ignored. Bargains in a bigger and broader sense than Lowell shoppers have ever known are here.

Come Here Today or Tomorrow. It's Our Annual Demonstration of the Value Giving by the Entire Store

### \$25,000 DAMAGE

FIRE DESTROYED ELEVATOR OF GRAIN CO.

EAST BRIDGEWATER, May 13.—The elevator and plant of the Eastern Grain Co., owned by Walter Little, was burned here last night, causing a loss of \$25,000. The fire had gained much headway when discovered and the firemen directed their efforts to preventing the flames from enveloping the shoe factory of L. Q. White Co. and the East Bridgewater station of the New York, New Haven & Hartford railroad, both of which were in danger.

### BOYLSTON PRIZES

CAMBRIDGE, May 13.—There were eleven contestants for the Boylston prizes for election annually competed for at Harvard, in the final trials in Sanders theatre last night. The winners of the first prizes were W. C. Beach, 1911, of Auburn, N. Y., and P. Stern, 1911, of Boston. The second prizes went to E. A. Bonds, 1911, of Cambridge, G. E. Harding, 1911, of Providence, R. I., and C. J. Cuddeby, 1910, of Milwaukee, Wis.

### PRESIDENT NOT ILL

WASHINGTON, May 13.—President Taft last night set at rest rumors that he was confined to the White House by a threatened attack of pneumonia, by attending the theatre last night with Mrs. Taft. The president remained throughout the performance and, although plainly suffering from a cold, looked like anything but an invalid.

### AVIATION MEET

TO DECIDE THE CHAMPIONSHIP OF WORLD

NEW YORK, May 13.—America's first international aviation meet for the championship of the world will be held on Long Island. The last international meet, at which Glenn H. Curtiss of Hammondsport, N. Y., won the James Gordon Bennett trophy, was held last year at Rheims, France.

The exact site for the course has not been definitely chosen, but it will be somewhere on the Hempstead peninsula, Long Island, just outside the limits of New York city. The course will be triangular in shape, three miles long over all.

The races will be conducted by the International Aeronautic Federation, of which the Aero club of America is a member, and will last for a week.

The main contest for the world's championship and the Gordon Bennett trophy has been scheduled for October 22d. Many foreign aviators are expected to challenge this year, because under an agreement entered into between the Aero club of America and the Wright brothers the latter agreed to license all aviators competing in the events sanctioned by the club.

# THE MAY FESTIVAL

## Of the Day Nursery Was Opened Last Evening

The annual May festival in aid of the Day Nursery opened last evening in Prescott hall and, if the attendance of last night can be taken as a criterion, when the event comes to a close tomorrow night it will be found that it was one of the most successful affairs that has ever been conducted in aid of the association.

The first night's program was an attractive one, and there was a generous patronage from the public. The festi-

Last night's entertainment, which will be repeated tonight, is entitled "Cupid's Garden." It is a pretty little operetta which was arranged and directed by Mrs. Julian Talbot, assisted by Mrs. Plunkett, Mr. Frederick O. Blunt is musical director, and Miss L. Blanche Perrin has charge of the dancing. Miss Rebecca Bartlett is the accompanist.

The stage is set to represent flower wreathed groves, while in the wings on both sides of the stage are seated the members of the chorus. The operetta consists of a series of pictures with Cupid as the central figure, the part of Cupid being taken by Ruth Renwick.

The following are the pictures:  
Picture 1... Cupid Plants His Garden  
Picture 2... The First Rose of Summer  
Picture 3... The Blush Rose  
Picture 4... The Bride Rose  
Picture 5... The Cabbage Rose  
Picture 6... The Bell Flower  
Picture 7... The Gossip Weeds  
Picture 8... The Wind Flower

opportunity. The interior of the hall is very prettily decorated, while at different points about the hall are booths and sales tables presided over by corps of pretty young ladies.

Between 5 and 8 o'clock each night supper is served in the People's club rooms with a change of menu each night. Last night chicken was the main article, and tonight lobster in its various forms will be the principal dish.

## BIG FINANCIER

### Found Leading Double Life by First Wife

PITTSBURG, May 13.—Franklin S. Hamilton, president of the Washington Life and Annuity society, treasurer of the Lincoln Trust company, and the head of other financial institutions, is under arrest here on a charge of bigamy and desertion brought by his Philadelphia wife, Mrs. Mary Ida Hamilton. His attorneys are arranging to settle with the Philadelphia Mrs. Hamilton for \$20,000 cash and Hamilton is mourning the sudden departure of his Pittsburgh "wife" from the luxurious home in which he had installed her.

Until a few weeks ago the Philadelphia Mrs. Hamilton, married in 1898, believed that her husband was a struggling traveling salesman. With the desire to help with the family expenses she obtained a position in Pittsburgh and came here intending to surprise him.

She found him rated as a wealthy man and occupying luxurious offices in the Frick building. Then she learned that he had a wife and two children here. He had married Miss Grace McGough of Wilmerding in 1903. Mrs. Hamilton returned to Philadelphia and spent three weeks in the Jefferson hospital suffering from the shock of her discovery. Then she returned here determined to prosecute.

## MISS PIGGOTT

TO RECEIVE HER DIPLOMA AS A TEACHER

Miss Arvilla Howard Piggott, a talented No. Chelmsford girl, had a prominent place on the program of the commencement exercises of the School of Expression, Boston, on Thursday afternoon, May 12, at Jacob Sleeper hall. Miss Piggott, who is receiving her diploma as a teacher, has appeared in a number of recent recitals, prominent among them being one by the Browning Society of the school, of which she is a member. Her presentation at the commencement was "The Last Tournament" from Tennyson's "Idylls of the King," which left no room for question as to her ability and qualifications for a diploma. Following the exercises the teachers and trustees of the school tendered a reception to the graduates and their friends at the school studios in the Pierce building.

## BOYS HELD UP TRAIN

PHOENIX, Ariz., May 13.—It was two boys, still in their teens, who held up a passenger train a mile from here Wednesday evening and who after a chase across the desert were captured last night. The boys gave their names as Ernest Woodson, 18 years old, and Oscar Woodson, 17, and say they were raised in Oklahoma City, Okla., and have been in Arizona but a short time.

## THE HYDE CASE

KANSAS CITY, Mo., May 13.—By tonight the jury which is to decide the fate of Dr. Hyde, accused of the murder and poisoning in connection with the Swape mystery will have retired to consider its verdict. If the final arguments are not delivered within the regular court hours today a night session will be held.

## OBJECTS TO DANCE

CHICAGO, May 13.—Chief of Police Stewart today ordered that a certain theatre, a standard playhouse devoted to musical comedy, be closed tonight and thereafter until a dance which he considers objectionable is eliminated.

## Banker Acquitted on Charge of Milk Producer Thinks it a Misapplying Bank Funds Case of Spite

NEW YORK, May 12.—Fitz Augustus Heinze was acquitted in New York last night of charges of misapplying funds of the Mercantile National bank while he was president of the institution in 1907, and he was cleared of the charge of over-certifying the checks of his brother's firm, Otto Heinze & Co. A jury in the criminal branch of the United States circuit court, after a trial lasting nearly three weeks, found him not guilty at 9:50 o'clock last night and he was discharged.

Thus failed indignantly the government's attempt to hold Heinze responsible for misapplying during the panic of three years ago, alleged to be in vio-

lations and back slapping of the men. Out into the corridor he was pushed, where the scene of enthusiasm and disorder was repeated.

Closely surrounded he was almost carried down the stairway to the street where the crowd gave a final cheer of victory.

**GRAND SACRED CONCERT**

A grand sacred concert in aid of the Mathew Temperance Institute building fund will be held in the Mathew hall on Dutton street, next Sunday evening, May 15, at 8 o'clock sharp.

A large array of talent has been secured for this occasion, which promises to eclipse any and all concerts ever held in our city in previous years. Those who have volunteered are as follows: Eugene McCarthy, M. J. Mahoney, Miss Teresa Slattery, John F. McQuade, William B. Ready, James E. Donnelly, William F. Thornton, Miss Margaret O'Donoghue, Frank Maguire, and St. Peter's Mandolin and Guitars club, Mr. Hovey leader. Miss Julia Slattery will be the accompanist.

A musical treat is in store for those who attend. Middlesex orchestra, John J. Hanlon, director. Tickets, 10c and 50c. Seats for all.

Kittredge's, Associate, tonight.

BARRE, May 12.—Charles N. Winship, one of the few Barre milk producers who are still sending milk to the Boston contractors, since Tuesday, has lost six cows by poisoning. The cows were grades, and were valued by Mr. Winship at \$300.

Mr. Winship is unwilling to impute the responsibility for the act to any individual person or persons, but says he fears it may have been due to the fact that he has continued to send his milk to Boston, while nearly every other milk producer in Barre has withheld it.

Tuesday morning when the herd was driven from the pasture to be milked one cow dropped dead as she entered the barn. Upon investigation five other cows were found to be sick. Two of them died Wednesday, one yesterday, and the remaining two were killed by the veterinary in charge to put them out of their misery.

An autopsy was performed on the bodies of the dead cows by Dr. Charles Paquin, a local veterinary, and board of health official, who announced that the cause of their death was mineral poisoning. The cows have subsequently been buried.

Yesterday morning William Cobb, the driver of a meat cart, found beside the road near the Winship pasture a partly burned bag in which was about a teaspoonful of paris green. This has been taken in charge by the veterinary.

The Barre thief and rogue society, which has a fund of about \$2200 and to which most of the prominent local men belong, including Mr. Winship, met late yesterday afternoon and voted to offer a reward of \$200 for the arrest and conviction of the parties who poisoned Mr. Winship's cows.

Mr. Winship is one of the largest farmers and milk producers in the town. He has a farm of 1000 acres and maintains a herd of about 100 head. He has been accustomed to send to Boston from 60 to 70 cans of milk a day, which since the strike has made about half of the total amount sent from here.

Though the great majority of producers here are withholding their milk, reducing the number of cans sent from a normal of 600 to 150, and have agreed to keep up the strike for six months if need be, it is felt that a man who wishes to sell his milk should be allowed to do so. There is general condemnation against cow-poisoners by all classes of producers, whether in or out of the strike.

Witnesses say Miss Bruschi was dragged sixty feet or more, and that the chauffeur did not slow his car until after she had become disentangled from the low-built machine. Keller declares she was dragged but a few feet, and that he stopped the car as quickly as he could.

Bystanders yelled to the chauffeur, and when his machine stopped an angry crowd threatened bodily injury, and would have attacked him but for the interference of Policeman Joseph J. Weber, who arrested him.

She was attended by a priest and became unconscious on her way to the hospital where her condition was regarded as very serious.

Is in Good Financial Condition

A business meeting of the Calvary Baptist church, called more especially for the purpose of hearing the financial report for the past year, to make appropriations for church expenses for the coming year and to act on new by-laws for both church and corporation, was held last night and there was great joy at the meeting especially when it was announced that sufficient money had been raised to pay all bills and leave a comfortable little nest egg in the treasury.

Rev. A. Reed Ditts was moderator. For a number of years the church has been able to clear up annually all current bills, but because of the disturbance of the work of the church incident to occupancy of temporary quarters and the removal to the new church, also the financial strain because of the canvass for subscriptions for the new church edifice, the financial report which was presented for this meeting was awaited with no little interest and some anxiety. The announcement that sufficient money had been raised to pay all bills and leave a balance in the treasury evoked hearty applause. The appropriations were approved as recommended by the committee.

**WOMAN DRAGGED 60 feet in New York**

NEW YORK, May 12.—A taxicab bound southward on Seventh avenue last evening struck a woman at Thirty-first street and knocked her under the car. She was rolled over and over like a ball, and finally she was dragged out with a fractured skull, a broken arm and internal injuries that probably will cause her death. She is Miss Mary Bruschi, of No. 8 Carmine street. The car was operated by George Keller, a chauffeur, of No. 304 West Twenty-fourth street.

Witnesses say Miss Bruschi was dragged sixty feet or more, and that the chauffeur did not slow his car until after she had become disentangled from the low-built machine. Keller declares she was dragged but a few feet, and that he stopped the car as quickly as he could.

**EIGHT DROWNED**

**One Young Hero Died in An Effort at Rescue**

WILKESBARRE, Pa., May 13.—Eight high school students, six girls and two boys, lost their lives yesterday while boating on what is known as the old paper mill dam at Huntington Mills, about 20 miles below this city.

The dead are:

MAUD SUTLIFF, aged 17, of Town Line.

CAROLYN KOONS, aged 16, Harveyville.

RUTH BONHAM, 15 years, Town Line.

IRIS DAVENPORT, 16 years, Watertown.

RACHEL THOMPSON, 16 years, Town Line.

MADELINE GOOD, 17 years, Watertown.

ROBERT MINNICH, 16 years, Koonsville.

RAY DODSON, 17 years, Fairmount.

Twelve students secured two boats at the noon hour and started for a row on the dam. The dam is nearly half a mile in width, and when the two craft had reached the centre of the body of water it was noticed that one of them had sprung a leak. The boats were then pulled together by the young men and an effort was being made to transfer the girls from the leaky boat to the safer craft. The last one had scarcely set foot in the boat when it began to sink, owing to the combined weight of the party.

The girls were helpless to save themselves, and the boys, with the exception of Dodson, being good swimmers, struck out for the shore, which all reached in safety.

Minnich, in the excitement, it is presumed, thought that all the girls had succeeded in reaching land, but had no sooner gained the bank than he noticed them hanging to the rapidly sinking boat. The boy dashed into the water and swam swiftly to the water filled craft. Only two of the girls were clinging to the boat, the others having gone down for the last time. Seizing Miss Davenport, Minnich again started for the shore, but the exertion was too much for the gallant lad and the two went down together when they were within a stone's throw of the bank.

When the boat sprung leak there was no excitement, but as soon as the sound craft began to fill it appeared as though all became terror stricken.

The accident has cast a gloom over the lower end of Luzerne county, where

the families of all the victims are prominent. Three of those who were drowned would have graduated this summer. Young Minnich, Miss Bonham and Miss Good.

After grappling for less than two hours, all the bodies were recovered. None of the parents of the drowned boys and girls knew of the accident until all of the bodies had been brought to shore.

**Y. W. C. A. BANQUET**

The young ladies of the Y. W. C. A. gymnasium with the members of the gymnasium committee enjoyed a banquet in Kitson hall in the Y. W. C. A. building last night. An excellent menu was served and the event was a success in every particular. From now until October the gymnasium will be closed and Camp Comfort on the Concord river will be the centre of attraction.

**ADS PEROXIDE CREAM**

is the best cream made for the skin. If you have a red, rough, blotched, sore, unattractive skin, try this great product of the American Druggists' Association.

You can use it for massaging wrinkles and for a sallow complexion, as it whitens and beautifies, is safe, harmless and does not grow hair.

No woman who values her appearance and who wants a smooth clear skin should let a day go by without trying it for the face, neck, arms and hands.

Get it for 25c. at any A. D. S. drug store.

**Chas. Reed of Westford Killed Last Night**

Charles Reed, aged 55, a well known Westford farmer, was the victim of a fatal accident while driving home, about 3 o'clock last evening.

He was thrown from his wagon into an excavation, his horse falling in on top of him. He lived but a few minutes after the accident and was dead when taken out of the excavation. For the past week workmen have been setting a catch basin in the street directly in front of John C. Abbott's residence.

While passing this point last evening the horse which Mr. Reed was driving shied suddenly to one side, throwing the driver from his seat into the excavation. In his effort to get away the animal attempted to jump the hole and fell in on the unfortunate man, crushing him severely and causing internal injuries which resulted in his death a few moments later.

The horse struggled and finally released itself from the wagon and reached the surface again. The commotion attracted the attention of several people and they removed the body of Mr. Reed to a nearby house and a physician was called. Undertaker D. L. Grotz took charge of the body.

It was said that several lanterns were placed about the excavation so that to drive into the hole unknowingly would be quite impossible.

Reed was a veteran of the Civil war and had no living relatives, so far as is known.

**PIERIAN CLUB**

**OF HIGHLAND M. E. CHURCH**

**HELD ENTERTAINMENT**

A well attended and successful social and entertainment was held in the vestry of the Highland M. E. church last night under the auspices of the Pierian club of the church.

Miss Ethel Carrowe entertained in piano selections and Miss Alice Livingston gave readings. There were southern songs by Mr. Fred Timmins as Rufus Johnson and this was followed by the presentation of a two-act comedy entitled "Lucia's Lover." The cast of characters was: "Polly Chandler," Miss Grace Mitchell; "Mildred Chase," Miss Mildred Sturtevant; "Katherine Stanton," Miss Bertha Porter; "Edith Lee," Miss Bertha Porter; "March Summers," Miss Daisy Brown; "Lucia Lovering," Miss Sybil Severance; "Miss McGregor," Miss E. Vinant.

**Observed 80th Birthday Anniversary Yesterday**

Dr. and Mrs. J. J. Colton received their friends of the Pawtucket church at their home in Varnum avenue last evening, the occasion being the 80th birthday anniversary of Dr. Colton.

They were presented with a bouquet of 80 roses by friends of the church, Mr. C. E. Miles making the presentation speech. Rev. F. G. Alger made a graceful speech and both Dr. and Mrs. Colton responded.

A feature of the informal program was the reading by Mrs. Atkinson Varnum of an original poem in which she referred humorously to the doctor's courtship days and to subsequent events in his history. During the evening there was music by his daughter, Mrs. W. T. S. Bartlett and Mrs. R. L. Chase of North Adams, and by his grandson, Winthrop Bartlett, and also Mrs. O. R. Park and Mr. S. R. Fleet.

The ladies who assisted in the dining room were Mrs. O. R. Park, Mrs. C. A.

Richardson, Mrs. G. C. Hatch, Mrs. George Coburn, Mrs. N. L. Peavey, Mrs. Lombard and Miss Cora Bartlett. At the luncheon table were Miss Alice Seaton and Miss Marjorie Chase. Several friends sent remembrances of flowers.

**HEAVY DAMAGE**

ATLANTA, Ga., May 13.—Several thousand dollars' damage was done in Atlanta yesterday by one of the worst hail and rain storms in its history.

**HOW TO STOP DRINKING**

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every 30 or 60 days, and then break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased and he must have treatment that will cure this condition. Orlene is sold under a positive guarantee to cure the drink habit or the money will be refunded. Can be given secretly.

Write for free booklet on the Cure of Alcoholism to the Orlene Co., 694 Orlene Building, Washington, D. C. Mailed sealed. Orlene costs but \$1 per box. Sold in this city by Baker-Jaynes Drug Co., 121-123 Merrimack st.

### TWELVE FAMILIES

Are in One House in Passaic, N. J.

NEW YORK, May 13.—The census enumerator at Passaic, N. J., who found a house in which 350 persons lived by day and night shifts under the same roof thought he had made a discovery, but he must give way to another enumerator who reported even worse conditions yesterday.

Another house in Passaic shelters 12 families, numbering, with their boarders, 232 individuals, and all either infants or day workers, so that they all sleep there at night, whereas in the first named house there were never

more than 175 sleeping at the same time. In the house found yesterday the average number of occupants to each room is 5.1-9, including the kitchen. There is no space for beds and the inmates sleep in straw.

Most of the occupants are foreigners.

### THE U. S. TRADE WITH GERMANY SHOWS A LARGE INCREASE

WASHINGTON, May 13.—Trade of the United States with Germany in the nine months ending with March, 1910, aggregated 336 million dollars, an increase of 42 million compared with the corresponding period of the fiscal year 1909 and a decrease of 9 million compared with a like period of 1908. Imports from that country in the first nine months of the current fiscal year

were 132 million dollars in value, against 104 million in 1909 and 113 million in 1908; while exports thereto in the same period were 205 million in 1910, compared with 191 million in 1909 and 232 million in 1908. Imports from Germany in the nine months of 1910 were larger than those for the corresponding period of any other year in the history of our commerce, while exports to that country, although 14 million greater than those for the nine months of 1909, were 27 million less than those for the same period of 1908.

Manufactures form by far the greatest part of the articles imported from Germany. Considering only those items whose imports are shown in the monthly summary issued by the bureau of statistics of the department of commerce and labor, the leading articles are cotton lace, edgings, etc., silk manufactures, toys, cotton knit goods, crude India rubber, undressed furs and fur skins, coal tar colors and dyes, earthen, stone and china ware, gloves, manufactures of furs, wood pulp, hides of cattle, wool dress goods, leather, linens, wool cloths, still wines, books and art works.

In many of the important classes marked changes have occurred in the volume of trade during the past four years. Thus in the nine months under review India rubber has increased in value of imports from \$2,300,963 in 1907 to \$4,616,572 in 1910; silks, from \$971,987 to \$1,240,749; leather tobacco other than wrapper, from \$910,607 to \$1,355,663; hides of cattle, from \$267,221 to \$2,040,969; wood pulp, from \$507,211 to \$2,232,486; undressed furs and fur skins, from \$2,234,892 to \$3,840,573; cotton lace, from \$4,658,614 to \$5,290,095; and art works, from \$217,506 to \$925,520. In certain of the foregoing a large increase in imports immediately followed the changes in tariff rates under the law which became effective August 6, 1909, notably art works, 20 years old and over, and hides of cattle, free on and after the date named. Other articles, however, show decreased importations: sugar, from \$6,750,570 in the first nine months of 1907 to \$2,749 in the same period of 1910; copper pigs, etc., from \$182,740 to \$91,741; pig iron, from \$3,506,569 to \$2,416,380; books, from \$1,027,497 to \$948,019; cement, from \$1,093,911 to \$243,129; cotton cloths, from \$138,369 to \$280,969; earthen stone and china ware, from \$3,967,436 to \$3,074,765; linens, etc., from \$1,788,247 to \$1,695,539; silk manufactures, from \$6,757,963 to \$4,835,282; and toys, from \$4,887,770 to \$4,821,161. The most important ar-

ticles whose imports in 1910 show decreases compared with 1909 are sugar, manufactures of furs, cement, books, cotton cloths, pig iron, and carpet wool.

Reports from the United States to Germany cover a wide range of articles, chiefly materials for use in manufacturing, foodstuffs, and manufactures. Of raw cotton the exports in the nine months ending with March were 114 million dollars in 1910, against 85 million in 1909, 119 million in 1908, and 107 million in 1907; copper pigs, etc., 133 million dollars in 1910, against 13 million in 1909, 15 million in 1908 and 134 million in 1907; leaf tobacco, 4 1-3 million dollars in 1910, compared with 2 1-3 million in 1909, 4 1-3 million in 1908 and 34 million in 1907; illuminating oil, 54 million dollars in 1910, compared with 5 1-3 million in 1909, 5 million in 1908, and 4 million in 1907; and furs and fur skins, 3 4-5 million dollars, against 24 million in 1909, 1 1-3 million in 1908, and 1 million in 1907.

Articles of food have in nearly all instances decreased. Wheat exports to Germany in the nine months under review were, in 1910, 5 million dollars, against 9 million in 1909, 11 2-3 million in 1908, and 5 1-2 million in 1907; flour, 1 million dollars, against 1 1-2 million in 1909, 2 1-2 million in 1908, and 1 1-2 million in 1907; corn, 3 million, against 2 1-2 million in 1909, 5 million in 1908 and 5 1-2 million in 1907; cotton seed oil cake, 2 1-2 million in 1910, against 4 2-3 million in 1909, 3 million in 1908 and 4 1-2 million in 1907; and lard, 9 1-3 million in 1910, against 12 2-3 million in 1909, 14 million in 1908, and 13 2-3 million in 1907. In meats marked decreases occurred in almost every class, exports of lard, for example, having fallen off from 13 2-3 million in 1907 and a like sum in 1909 to 9 1-3 million in 1910; bacon, from \$253,017 in 1907 to \$305,596 in 1910; and salted or pickled pork, from \$227,150 in 1907 to \$31,850 in 1910, the figures in each case referring to the nine months ending with March.

### A. O. H. REUNION

TO BE HELD AT LEXINGTON PARK JUNE 5

The reunion of the Ancient Order of Hibernians and Ladies Auxiliary will be held at Lexington park June 5. The ladies are expected to bring baskets, with luncheon, for their escorts. Special cars will leave Merrimack square, Lowell, for Lexington park at 9:10 a. m.

It is to be understood that the special tickets for this outing are good only on special cars and members not availing themselves of the opportunity to come on the special cars must pay the regular fare on the regular cars, the special ticket being good for admission to the park.

The president of each division will be held personally responsible for every invitation issued through the members of his or her division.

The committee in charge is as follows: John P. Donnelly, county president, Cambridge; John H. Craig, Natick; James J. Harold, Waltham; Jeremiah J. Cronin, Hudson; Jeremiah Sullivan, Maynard; John C. O'Rourke, Lowell; Joseph R. Conney, Watertown; Thomas J. Green, West Newton; James J. Casey, Cambridge; Mrs. McNamee, county president, Laconia; Anthony, Somerville; Mrs. O'Donnell, Natick; Mrs. Galvin, Watertown; Mrs. Spaulding, Waltham; Mrs. McCarthy, Maynard; Miss Driscoll, Holliston.

### LAWYER DARROW

Is in Favor of Race Amalgamation

NEW YORK, May 13.—Clarence S. Darrow, the socialist lawyer of Chicago, in an address last night, at the second annual convention of the National Negro committee in Cooper Union, wiped out the color lines and urged race amalgamation as the solution of the race problem. He criticized Booker T. Washington and told his hearers that what the negro needs is someone to teach him not to work. In part, he said:

"It may be a long ways in the future, but intermarriage between the races will finally settle all difficulties as it has in the case of the Irish and Germans and other peoples who formerly

had to be kept apart in order to preserve the peace.

"It is not the color which causes the distinction between the negroes and the white people. The real barrier is the fact that negroes were once slaves and that today they are in the ranks of labor. It is a labor question rather than a race problem and the way for the negro to obtain recognition is to cast his lot boldly with the people and fight with them and for them. The causes of the people is his cause—and his cause is theirs."

Booker T. Washington was described as "that modest, self abasing optimist, who builds industrial colleges to teach his people to lay bricks for the white man and to perform manual labor of the lowest kind."

WASHINGTON, May 13.—After several years' service in far eastern waters, the cruisers Cleveland and Chattanooga started yesterday on their way home from Shanghai, China.

### CANAL WORK

HAS BEEN INTERFERED WITH BY HEAVY RAINS

WASHINGTON, May 13.—Heavy rainfalls on the isthmus have retarded the canal diggers, according to a cable report made to the Washington office of the Isthmian Canal commission by Col. Goethals. The total excavation for the month of April was 2,632,468 cubic yards, against 3,067,479 yards in the previous month, but the rainfall for April was 6.08 inches against 3.79 inches in March. Besides rainfall, the canalers have had to contend with the fact that as they get nearer the bottom of the excavation the work increased in difficulty. In spite of this, Col. Goethals reports substantial increase in the amount of work done upon the great locks and dams of the canal during April, 66,120 cubic yards of concrete having been laid, against 50,502 yards in March.

# COMMON COUNCIL

## Passed Upon a Big Grist of Business Last Night

A small army of candidates, wearing for weapons the most winning smiles, invaded the city hall last night for it was rumored that the common council might proceed to the election of a principal assessor to succeed the late Abel Wheeler. The council didn't ballot and the little army retreated.

The council held an adjourned meeting which was not called to order until nine o'clock. There were twenty-three members present and a big raft of stuff, petitions and other things, was hustled through the boom in less than 30 minutes.

Monthly reports of departments were ordered on file in the city clerk's office. The communication from the mayor relative to the urgent request of the state forester that the city appropriate \$1000 for moth extermination was referred to the joint committee on appropriations in concurrence.

For medical instruction in private schools \$800 was voted in concurrence. The report of the lands and buildings committee recommending an appropriation of \$10,000 for repairs to school houses and fire houses, was accepted and the matter was referred to the joint committee on appropriations. An appropriation of \$800 for the Lowell Textile school, an annual affair, was passed by the council in concurrence. Before the vote was taken James T. Smith of the textile school was asked to speak on the subject. He said he did not know of any other way to continue the evening school. The state was giving generously and the city had not been asked to erect any buildings.

The motion of Councilman Aehn that the \$1500 appropriation for the Fourth of July be taken from the table was voted down.

Resolutions were passed for side-

walks on Pawtucket, Gates, School, Clithorne, State, Howe and Sidney streets and Butler avenue.

The petition of S. H. Thompson and others to straighten the lines of School street, repair sidewalks from West Bowlers to Broadway and to macadamize from Broadway to School street, was referred to the committee on streets in concurrence.

A like disposition was made of a petition of Frank E. Harris that Chauncey street and others be accepted.

Leave to withdraw was granted A. W. Grosley and others who petitioned that June street be macadamized.

On recommendation of the street committee the sidewalk in front of 239 Fairmount street was accepted. There were 23 sidewalk assessments confirmed.

## MORE LICENSES

### Suspended by the Worcester Board

WORCESTER, May 13.—The liquor licenses of John J. Corliss & Co. at 427 Park avenue, and Daniel J. Donohue & Co. at 23 Suffolk street, were suspended by the license commissioners yesterday afternoon after a hearing in which evidence was offered to show that a can of beer was sold to a minor in the Donohue place and that a patron of the Corliss place purchased and drank a bottle of beer on the premises. Both firms have wholesale licenses.

The Corliss license was suspended for 15 days and the Donohue license for 10 days.

These make three licenses that have been suspended by the commissioners this week and were for offences committed with the places open for business less than a week.

## PRIZE DOG

### ANIMAL VALUED AT \$5200 IS DEAD

NEW YORK, May 13.—What is said to have been the most valuable dog in the world, Champion Chinese Young Jack, the English bull, died yesterday at the Long Island kennels of his owner, J. Cooper Mott, who recently imported him for \$5200. Richard Croker, Jr., paid \$5000 for Rodney Stone, another English bull some years ago. Champion Chinese never knew a healthy day from the time he landed in America. His owner exhibited him once but he was out of condition and took only a second prize. The best veterinarians in the country prescribed for him in vain.

## J. CHAMBERLAIN

One of England's Greatest Statesmen

LONDON, May 13.—Reports have been circulated from time to time in London of the death of Joseph Chamberlain during the past fortnight, only to be denied a few hours later. Mr.

Chamberlain has been in poor health since he was stricken with paralysis three years ago. His last public appearance was in the middle of February, when he bade a silent goodbye to the house of commons after again being sworn in as member from West Birmingham.

## JACK JOHNSON Does Not Fear Referee Question

SAN FRANCISCO, May 13.—Though Promoter Tex Rickard is plainly apprehensive that the opposing light factions may not be able to agree to a referee at Monday's conference both Johnson and his manager profess confidence in a settlement of the problem on the appointed date. Johnson said last night that he was certain to put one of his own choice in the much mooted place, intimating that Jeffries would give in but reports from Den Lombard fall short of bearing out the negro champion's sanguine expectations. Jeff apparently is as firmly resolved to stand by his own selection as Johnson is by his and unless the situation clears surprisingly in the interval a deadlock is likely.

Sam Berger is expected here today and Rickard is planning to bring about a preliminary conference between Jeffries' manager and Johnson in the hope of adjusting the difficulties. "I believe," said Den Lombard, "that if I can get these two together before Monday they will come to an agreement. There is no reason why they should not decide on a California man. Californians have been referees in most of the championship fights for the last ten years and I am strong for having one of them this time."

JEFFRIES TO SPAN BEN LOMOND, Cal., May 13.—To give San Francisco prize fight enthusiasts an opportunity to look him over and note the improvements that weeks of training has wrought in his condition, Jeffries, according to a plan arranged by Manager Berger will run up to the city on May 27 and appear in a sparring bout there that evening.

Harsh criticisms of Jeffries' intention to Sunday visitors to Ben Lomond, who on several occasions have been disappointed by his failure to exhibit himself in action is believed to have something to do with the scheme to hold the San Francisco exhibition.

Berger again declares that hereafter Jeff will positively perform for the benefit of Ben Lomond excursionists every Sunday afternoon.

Jeff has decided to pack his week day activities from now on into morning hours. Wednesday will be his weekly day off from the training grind.

## FOOTBALL RULES

Experts Ready for Final Revision

NEW YORK, May 13.—Today and tomorrow may be fateful ones in deciding the ultimate destiny of the American college game of football. The football rules revisers are in New York ready for what is expected to be a final tussle with the rules, revision of which in radical fashion has been demanded as the price the game must pay for retention in the list of sports permitted by many colleges. The problem of the experts is to make the game safe and sane, as demanded by the faculties of college after college in no uncertain fashion, and at the same time preserve its strenuousness enough to retain it in its present status as the darling sport of the undergraduate and the alumnus lover of exciting athletics.

The much vexed question of the forward pass pressed to the front, but not far behind were the serious questions of the flying tackle and the eight yards to gain feature of the game tentatively decided upon at the recent Philadelphia meeting of the committee. Over all the means of solving these problems there are differences of opinion that promise spilled debate and possible delay of the final solution.

Among the experts who have gathered for the meeting are Prof. Dennis of Cornell; chairman of the committee; Walter Camp, Yale; Dr. Carl Williams, Pennsylvania and Lieut. H. H. Hackett, West Point.

JOHNNY COULON WON NEW YORK, May 13.—Johnny Coulon of Chicago champion bantam weight, outfought and outpointed Philly McEwren in 10 slashing rounds before the Madison A. C. last night.

# THE BOSTON MILK WAR

## Is Felt in Lowell--Strange Farmers Are Selling Milk Here

It was said in the beginning that Boston's milk war would not reach or affect Lowell, but it has reached here and in a way that bids fair to cause some commotion.

It has been reported to the board of health that farmers who have never before used the Lowell market are bringing milk here and selling it to certain ones for 25 cents a can.

These are said to be men who have been shipping their milk to Boston, but who are now engaged in or affected by the milk war in the Hub. They are sending or bringing their milk here to be sold at a cut price until matters square themselves in Boston.

It was stated today that the milkmen are up in arms against the cut-raters and they will ask the board of health for protection against the men whom they look upon as interlopers.

A man, presumably a milkman, called the board of health office by telephone yesterday and complained that some storekeepers were buying milk from farmers who were selling untested eight quart cans for 25 cents a can. The man who made this complaint did not give his name. Other complaints of a similar nature have been made and if there is foundation in fact for these complaints the board of health will set about to rectify matters and somebody is liable to suffer.

The board of health will meet late this afternoon and it was stated today that the board would probably have another session with the milkmen and storekeepers were buying milk from farmers who were selling untested eight quart cans for 25 cents a can. The man who made this complaint did not give his name. Other complaints of a similar nature have been made and if there is foundation in fact for these complaints the board of health will set about to rectify matters and somebody is liable to suffer.

Some of the milkmen and storekeepers have had a little trouble. Not that they were looking for it, but the new rules mixed things up a bit and there were points upon which they could not agree. Some milkmen, it is stated, are looking to the storekeepers to pay more for the milk on account of the bottle scheme and the storekeeper does not see how he can stand for it. Other milkmen who have been allowed to use cans until the arrival of their bottles do not ask the storekeepers to pay any extra and they are the men that the storekeeper wants to deal with.

This matter is to be settled for good and for all at the meeting of the board of health. No milkman will be allowed to use a can, except the large sealed cans, after today. This may work a hardship to the man whose bottles have not yet arrived but the board of health allows that there is no other way out of it, if the new rules are to be lived up to and made practicable.

## MAINE DRUGGISTS

Paid Fines Amounting to Almost \$1000

ALFRED, Me., May 12.—Fines aggregating between \$200 and \$1000 for liquor selling were imposed on George G. Brown, a Sanford druggist, yesterday, and paid. He was charged with selling single sales, for which he was fined \$50 and costs each, with being a common seller, for which he was fined \$100 and costs, and with conducting a nuisance. The last charge was continued. Brown's clerk, E. Goutura, paid fines of \$50 and costs each for three single sales and \$100 and costs for being a common seller. Brown sold out his business last week.

## PRIEST KILLED

Did Not Know Gun Was Loaded

DIGBY, N. S., May 12.—While cleaning a gun which he supposed was unloaded, Rev. Fr. J. B. Ryan, Roman Catholic priest of Salmon River, Digby county, was killed yesterday by a charge of shot which passed through his body, an inch below the heart. Fr. Ryan was very popular among all denominations.

## LIGHTNING BOLT STRUCK THE STEAMER CYMRIC DURING PASSAGE

BOSTON, May 12.—Passengers on the White Star liner Cymric, in yesterday from Liverpool and Queenstown, were greatly excited when the liner was struck by a bolt of lightning on Wednesday. An electrical storm burst upon the vessel suddenly and a bolt hit the truck of the foremast, shattering the gilt ball, but doing no other damage. There was some alarm among the passengers, but it was quickly allayed by the officers.

On board the Cymric were 58 saloon passengers and 921 in the steerage. Miss Emily Sever of the Back Bay was carried from the steamer to her automobile on a stretcher, her leg having been broken in Europe. James Richard Carter and his family returned on the Cymric from a tour of the world. F. A. Carter, a son, was on the train with Col. Roosevelt in Egypt.

## REV. THOS. BRADY

Visiting Brothers in This City

Rev. Thomas Brady, brother of Patrick and Councilman John J. Brady, is spending a few days in Lowell. Rev. Fr. Brady has many friends in this city who will be glad to learn of his visit here. The reverend gentleman is the guest of his brother, the councilman.

Rev. Thomas Brady is pastor of St. Patrick's church, Pierce City, Missouri. Pierce City is about 200 miles from Kansas City and the parish that Fr. Brady has charge of is a prosperous one. He says that business is good throughout that section of the country and everything is very prosperous. Fr. Brady was ordained to the priesthood seven years ago and for four years was located in Kansas City as assistant pastor of a big parish. From Kansas City he went to Pierce City and took up his present pastorate.

## THE SPARKLITES

## STRIKE ENDED

LYNN, May 12.—The strike of stock fitters which for some two weeks or more seriously affected six of the larger shoe manufacturing establishments in this city ended today when William Porter & Sons signed an agreement with the union. All demands of the strikers were granted and the men returned to work under a slightly increased price list effective for one year.

## WOMEN'S CLUBS MEET

CINCINNATI, O., May 12.—William Hall, first assistant to Gifford Pinchot, former chief forester of the United States, occupied the stage today at the third day's convention of the Federation of Women's Clubs. He addressed the audience on "The Forest and the Family."

Congressman Ransdell of Louisiana followed Mr. Hall and spoke on "Our National Waterways."

## PANAMA CANAL WORK

WASHINGTON, May 12.—The sixth year of American construction of the Panama canal ended May 30 and the canal record has presented an interesting review of what has been accomplished. Altogether 105,888,705 cubic yards of earth and rock have been removed.

That leaves to be taken out of the water approaches to the canal 20,232,065 cubic yards of material while the steam shovels have to dig out 38,827,617 yards of solid earth and rock. Rapid work is being done in constructing the great dam and locks of the canal.

## THE HARVARD NEEDLE

BOSTON, May 12.—The delicate needle of the Harvard seismograph was agitated for nearly three hours today, the record beginning at 3:05.45 a. m. and continuing until after 6 o'clock. The experts estimated the origin of the earthquake at about 5300 miles south or southwest.

## THE COMET

WAS HIDDEN BY CLOUDS LAST NIGHT

CAMBRIDGE, May 12.—Clouds again prevented observation of Halley's comet at the Harvard observatory this morning.

If the comet is not seen before Monday astronomers will have to wait until it appears in the evening sky the last of next week. It is believed that more favorable observations can be obtained then and the evenings at this time of the year are clearer than the mornings.

## NEW SERVICE INAUGURATED

CHICAGO, May 12.—New freight and passenger service entirely by boat between Montreal and Chicago will be inaugurated today with the arrival of the steamer City of Montreal from the Canadian city. It is proposed to operate three boats on a regular schedule for both freight and passengers throughout the season.

## FOOTBALL RULES

CHICAGO, May 12.—Coach Stagg of the University of Chicago will not attend the meeting of the National Football Rules committee in New York today, but will be represented by Assistant Coach Steffen, who carries instructions to vote for the forward pass in all parts of the field if there is a reason for such action.

## SCHOONER ASHORE

VINEYARD HAVEN, May 12.—The Gloucester fishing schooner Precaptor, bound south on a trip for mackerel, ran ashore on West Chop while leaving the Vineyard Haven harbor today. With an increasing easterly wind the vessel's position was regarded as dangerous and a call for assistance was sent to the revenue cutter Gresham at Wood's Hole.

## INVESTIGATION ORDERED

ST. LOUIS, May 12.—Orders for a special investigation into the sinking of the river packet City of Saltville in which twelve lives were lost Wednesday night were issued today.

## MAN WAS MUTILATED

NEW ORLEANS, La., May 12.—A special from Thorton Cortez, Hispaniola, says that a Spanish American war veteran named Malone, a negro, was mutilated by Honduran soldiers while he was under improper arrest and that the case would probably be taken up with the state department at Washington. Malone's hand was cut off.

# FOUND IN CLOSET

## Girl Had Been Without Food for Forty Hours

DANVERS, May 13.—While a country wide search was being conducted for Miss Minnie E. Crawford, aged 24, who had dropped completely out of sight Tuesday afternoon, she was hidden in an attic closet in her own home. She had been in the closet for more than 40 hours, without food or water, and with no air supply beyond that which filtered in through a crack under the door.

Miss Crawford was found yesterday morning by Chief of Police Merrill, who determined to give the house a thorough search.

Miss Crawford had been suffering for some time from nervous prostration. Her father and mother conduct a restaurant not far from their home. On Tuesday afternoon about 4 o'clock Mr. Crawford left the house to join Mrs. Crawford at the restaurant. As he was leaving the house, the father told the daughter to come to the restaurant at 5 o'clock, and the daughter replied that she would do so.

Miss Crawford, however, did not appear at the restaurant at the appointed time. Knowing her nervous and mental condition, her parents became alarmed, and a search was instituted, but no trace of the missing young woman could be found.

Wednesday the search became general. A party of more than 100 citizens searched the woods in the vicinity of Danvers, while policemen in automobiles traveled all the roads about the town in an endeavor to find some trace of the young woman.

Yesterday the search was renewed, although both parents of the young woman expressed the conviction that she was dead. Chief of Police Merrill said he intended to give the house a thorough search.

Beginning with the cellar every place where a human being could hide was investigated. Upon arriving in the attic Chief Merrill tried to open a closet door, but it was fastened from the inside. Breaking in the door he found on the floor. She was partially conscious and her first words were: "You now, do you?"

Hastily she was carried downstairs and a physician was summoned. He reported that the young woman was in a serious condition, but undoubtedly would recover. It is apparent that the illness of Miss Crawford has affected her mind, as she fails to answer coherently questions submitted to her. The cause of her nervous breakdown is a mystery to her parents.

## SKIN TROUBLES IN THE HOUSEHOLD

For Eruptions of Every Kind There is Only One Thing to Be Used.

At various times during the year nearly all the members of the household are annoyed by skin affections, such as pimples, herpes, rash, inflamed skin, itching spots, scaly scalp, dandruff, etc. A little Poslam ready at hand whenever these troubles appear will effectually put an end to them and prevent any mental or physical discomfort which they might bring. Should any of the more serious skin diseases, eczema, acne, tetter, scabies, psoriasis, etc., affect either infant or adult, or any part of the body, Poslam may be depended upon for immediate relief and a rapid and permanent cure.

How quickly and thoroughly Poslam does its work may be noted by anyone who will send to the Emergency Laboratories, No. 32 West Twenty-fifth street, New York City, for a free sample, and use it on a small affected eczema surface, or for clearing the complexion and causing pimples to disappear.

Poslam is now on sale by all good druggists, particularly Falls & Burroughs, Carr & Sherburne, and the Riker-Jaynes Drug Co. Two sizes, 50 cents and \$2. Druggists who appreciate just what Poslam does, know that they cannot, with satisfaction to their customers, substitute anything else.

## BURNED TO DEATH

### Man Perished in Fire at Jackman, Me.

JACKMAN, Me., May 13.—Fred Gillian of New Brunswick, a cook in lumbering camps, was burned to death. Henry Hayes of Greenville was very badly burned and taken to a Bangor hospital, and Harry Landry, a hotel employe, received slight injuries to one foot in a fire which early today burned the Armstrong house, the principal hotel here, and the Canadian Pacific railroad station. The property loss did not exceed \$13,000.

Eighteen men were sleeping in the building when from some unknown cause the fire broke out in the rear of the hotel, a three-story wooden structure. When they were aroused by the cries of fire and found the smoke rapidly filling the rooms they hurried out without stopping for clothing or personal effects.

A few of the men, most of the guests being lumbermen, jumped from the lower windows or climbed down a telephone pole which was close to the building, and all escaped in safety except Gillian, who remained asleep in his room and as far as known never knew of the fire. His body was recovered later.

Hayes was badly burned by running through the flames but it was hoped he would withstand the shock and his injuries would not have a fatal ending. He became bewildered while making his way out of the building and was the last to leave it.

The railroad station and freight house, a single story wooden building, caught fire from sparks and was burned, but not before the furnishings, books and freight had been saved.

The Kellogg office and lumber storehouse were in danger but were saved by an iron covering. Had this property taken fire a number of the principal houses in this village would have been burned.

The hotel was owned by Mrs. Margaret J. Armstrong and housed for three years by Edmund Henderson. The hotel loss was \$10,000 partially covered by insurance.

## GREAT HANDICAP

### To be Run at Belmont Park Today

NEW YORK, May 13.—All was ready this morning for the nineteenth running of the Metropolitan handicap, the first historic fixture of the eastern racing season at Belmont park. Although the hopes of many followers

of the sport were disappointed by the announcement that Fitzherbert, the champion three year old last season and one of the great horses of the American turf, would not be at the post, several stars of the racing world were among the sure starters in the battle for the prize of \$50,000 and the honor of winning a much coveted fixture.

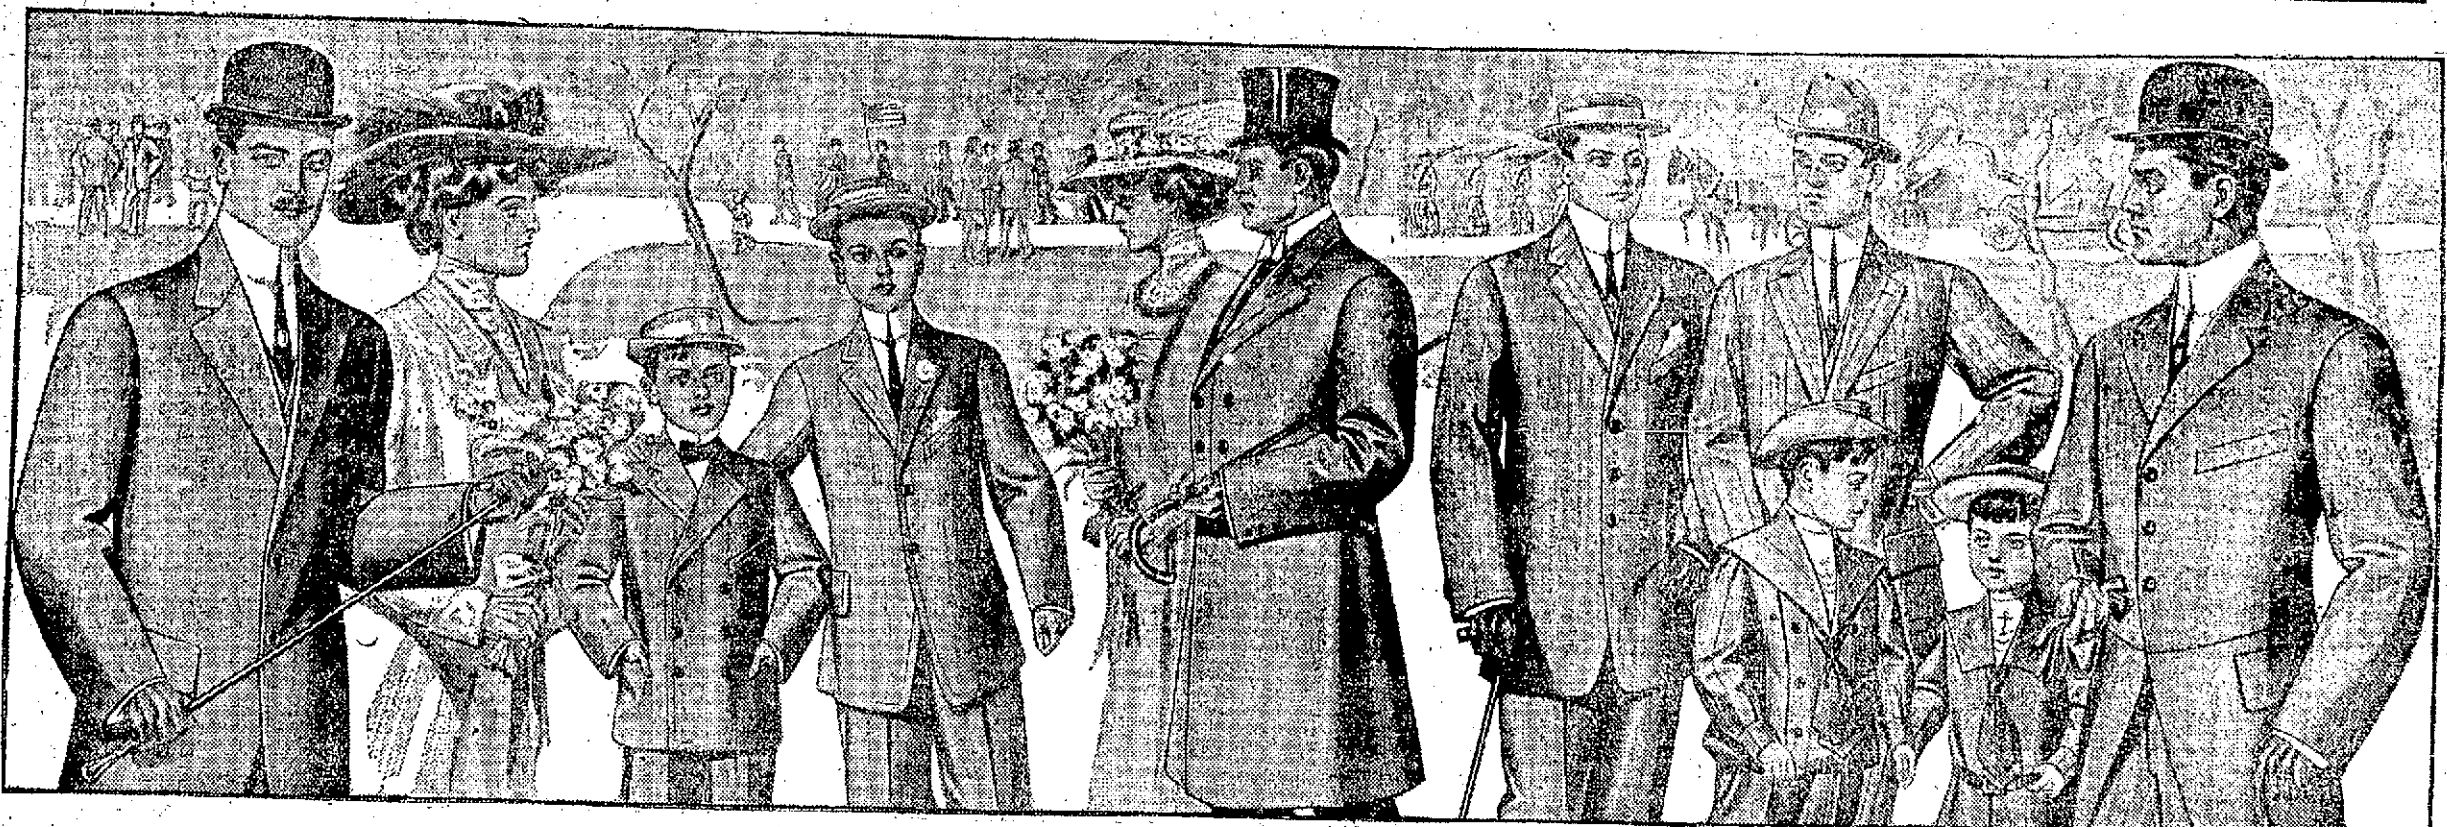

The Metropolitan has always called out the best horses in training and this year is no exception. In the list of starters as given out this morning there was material for a great race. In many respects it was the finest lot of fast horses that have been named to

start in this event for many years. The eight possible starters included Fashion Plate, Stanley Fay, Firestone, Jack Atkin, Priscillian, Maskette, King James and Restigouche, a fast bunch.

Horsemen were divided before the race between James R. Keene's great mare Maskette and the Hildreth entries, King James, Restigouche and Firestone.

De first innin' o' terday's game saw yer batted for sixty-nine bases; de secon' innin' saw yer batted out de box; de third, fourth, fifth, sixth, seventh, eighth, an' nint' innin' saw yer nina retired in one, two, three order by de man I jilted fer you. Stan' back, De Bourienne O'Donahue! Stan' back, an' don't chuck me no more bluffs!"

### THE DOMINIE'S FORECAST.

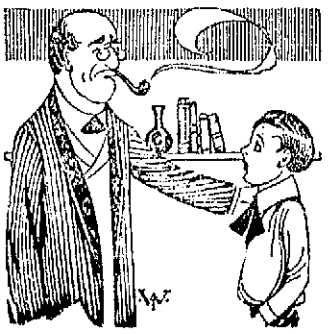

After his sermon the new pastor said, "The parties who are to be joined in wedlock will please present themselves at the church immediately after the singing of hymn 416, 'Mistaken Souls That Dream of Heaven.'"

### THE NEW COP.

"Here, yer blockin' th' sidewalk throwin' th' dirt on 't."

Laborer—What'll I do wid th' dirt? New Cop—Dig another hole an' throw 't in.

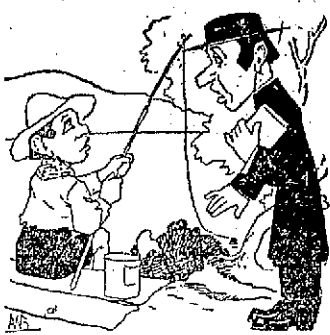

### ACCORDING TO SCRIPTURE.

Inquiring Lad—Say, pop, who was the first man higher up? Pop—A fellow named Zaccheus. And he had to come down.

### FAMILY DINNER ON A CANNIBAL ISLE.

Unattended One (interrupting the feast while the father is stirring the potted remains)—Oh, mamma, I've swallowed a hairpin!

### EVADING THE ISSUE.

Parson (to youngster fishing on Sunday)—My boy, I am surprised to find you here.

Youngster (innocently)—Do you know some place where they bite better?

### ON ANOTHER MISSION.

Fritz—I've been over to Mueller's. "Serves you right! I said you mustn't play with that Mueller boy."

"I didn't go to play with him. I went to lick him."

### HAD EXPERIENCE.

Mother—I wish Richard wouldn't marry that girl, but I suppose he'll have his own way.

Father—I reckon he will just now, but it won't happen again.

## SAFETY AT THE CIRCUS.

Mrs. Punkin (at the circus): "I dunno, Silas, about climbin' 'way up on them seats. They look pretty flimsy to me."

Silas Punkin: "I guess they're all right. Don't ya know what they said in the advertisements—secure seats."

## IN THE WRONG SHOP.

Lady—I would like you to paint my portrait with my hat on.

Painter—Good gracious, madam, you'll have to go to a landscape painter for that.

## FINANCIAL DIAGNOSIS.

Medical Understudy—Dr. Allwise, has Speckham appendicitis? You said you were going to read 'up on the case.

Dr. Allwise—Glad you reminded me. Hand me that last Bradstreet's.

## MIXED CHRONOLOGY.

Jimmy—How old are you now, Tommy?

Tommy—I dunno. On the railroad I'm always under twelve, but when dad hired our flat I was fifteen!

## AN ACCOMMODATING CANDIDATE.

Youth: "Say, mister, dem fellers over dere are playin' a match game or ball fer two kegs o' beer, an' dey're lookin' fer an umpire."

## LESS INTOXICATING.

"In my opinion champagne is less intoxicating than any other drink."

"What makes you thin' so?" "Because fewer people can afford to drink it."

## THERE'S A REASON.

"Don't you ever get homesick, captain?" asked the passenger on the ocean liner.

"No, I'm never home long enough," replied the captain.

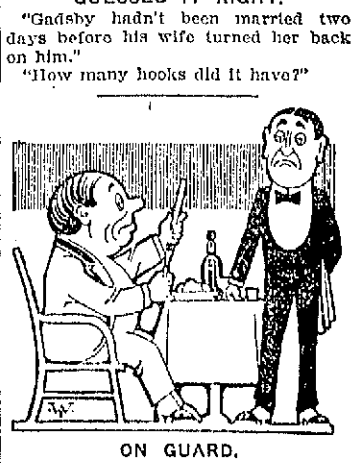

## NO REDUCED RATES.

Tommy (to his sister's beau)—I saw you kiss her.

Sister's Beau—Don't say anything about it, Tommy. That's a good boy. Here's a nickel.

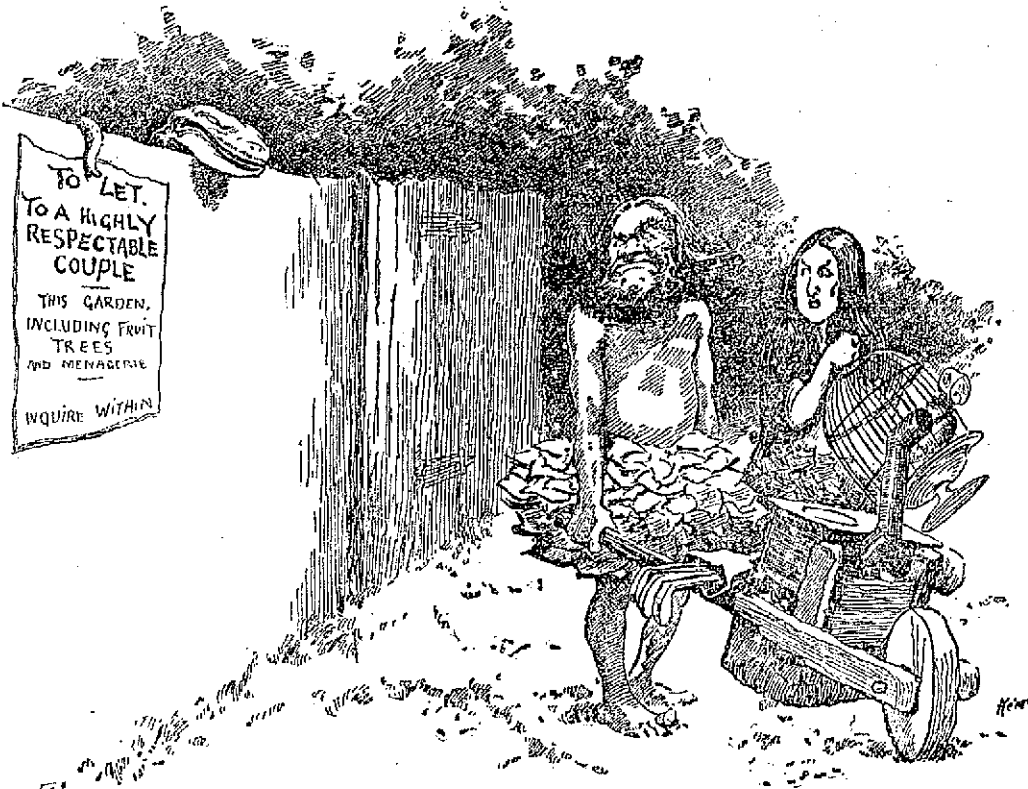

Tommy—A nickel! My regular charge is a dime.

## ON GUARD.

Diner—I wish to goodness you wouldn't hang around the table!

Waiter—Monsieur will pardon me, I am sure. I am responsible for no silver.

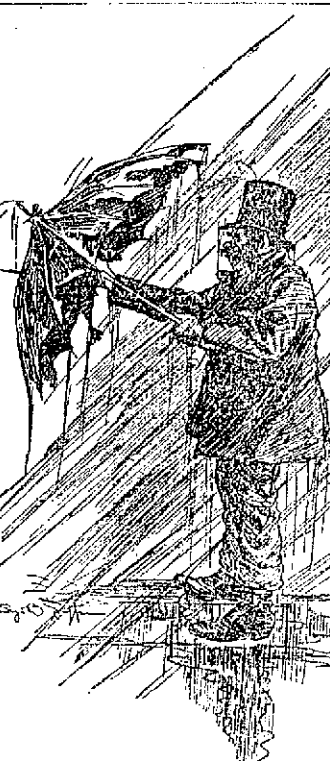

## THE ORIGINAL MOVE.

### REALISTIC.

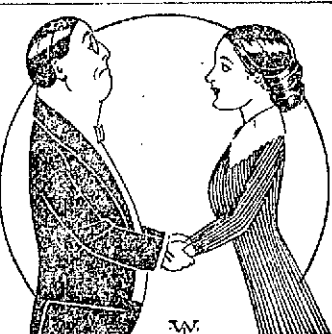

Timmy Tough—Kin she sing, Billy? Billy—Foy, if dat goll wuz t' scale one ov dem high jint notes at noon de men wud quit work.

## SPRING WIND THROUGH HIS RIBS.

"Bah!" said Frog as he put up his gump. "What beastly weather!"

"I have seen better days myself," remarked the umbrella.

### DIFFERENT.

Swellishby—So your father asked you what you saw in me to admire?

Miss Couleby—Oh, no! He asked me what I imagined I saw.

### KNEW HIS BUSINESS.

Lady (at the counter)—Why do you call this 'boys' funnel'?"

Clerk—it shrinks from washing.

## HIT BY THE LITTLE DROP.

"What's Bugs worrying about? Did he drop a five at poker?"

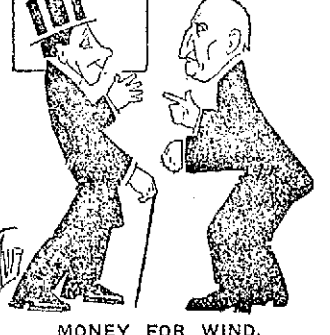

"No. He put a penny in a slot machine that had run dry of gum."

## BREAKING THE NEWS.

Husband (anxiously)—Well, is it a boy?

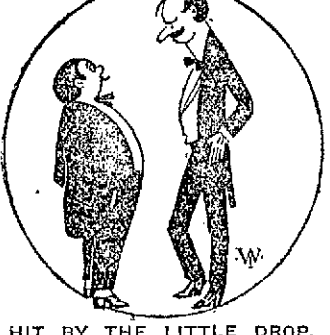

Grandmother—Yes, George. One of them is.

### MONEY FOR WIND.

Man With a Lease—I have lived to see it. My landlord has raised the rent because he has put in a ventilator.

Talk about the cattle raisers!

## NO COMPLIMENTARIES.

Spokesman: "Look here, young feller, we're three mighty bad men, an' we allus goes into circuses free, so hand out the ticks or we'll—"

Circus Official (to the trained boxing grizzly): "That'll do, Jeff; get back in your cage!"

## SECY BALLINGER

Was Cross Examined  
by Lawyer Pepper

WASHINGTON, May 12.—With the prospect of being finally excused from the witness stand during the day Secretary Ballinger again submitted to cross-examination by Mr. Pepper, counsel for Gifford Pinchot, at the Ballinger-Pinchot investigation today. Mr. Pepper began questioning the secretary about the retraction of water power sites withdrawn under the Garfield administration of the interior department. The committee will decide today whether Atty. Gen. Wickham shall be summoned to relate the conversation he had with Henry Hoyt, former attorney general of Porto Rico, when the latter called the Gifford charges to his attention. Mr. Ballinger said yesterday that Mr. Hoyt had greatly exaggerated the circumstances of that interview and Mr. Brandeis, attorney for Gifford, insisted that the attorney general should be called as a witness.

## THIEVES AT WORK

WITHIN FEW HUNDRED YARDS  
OF POLICE STATION

BOSTON, May 12.—Within a few hundred yards of police station, 16, Black Bay, thieves jammed into the Michelin Tire company's store at 901 Boylston street, early yesterday morning, and stole automobile tires and inner tubes valued at \$225. The stolen property weighed at least 400 pounds. How the thieves operated and got away without detection is a mystery to the police. A patrolman on duty the "last half" tried the door at 5.15 o'clock and found it securely fastened. It is thought the thieves were watching at the time, and began operations immediately afterward. They took 18 inner tubes and three inner tubes.

## COOK PRIZES, Associate, tonight

NEW YORK, May 12.—The three "Beauty fasters" of Garden City, L. I., decided by unanimous vote yesterday that it was better to have a little indigestion now and then than to suffer longer from the pangs of hunger, which they say are unspeakable.

They broke their fast yesterday and each ate a breakfast large enough to make them safe for some time in the future.

The fasters, Mrs. Keith Trask, Miss Anna Townsend and Miss Maria McKelvey, endured the first three days, but yesterday, when it came time to take up the milk diet, they threw up the sponge.

## THE ARMY BOARD

Has Decided on a New Park  
for Soldiers

The soldier of tomorrow will present a vastly different personal appearance than the soldier of today if the plans of a board of United States infantry officers, who have been studying equipment for disinclined men are approved.

This army board, headed by Col. J. A. Greene, 10th United States Infantry, says that the old familiar shoulder blanket roll of the dismounted soldier, the salter for infantry officers and grocers and housewives should go.

It is said that the proposed changes, planned for the regular army that also includes state militia, must get the approval of Massachusetts officers and men.

The new pack is the piece of resistance of the board, it is said. This pack saves 10 pounds in weight. It consists of a cylindrical roll of canvas worn vertically on the back and con-

tains many articles of value to a soldier. A pull of a puckering string and everything except the food and water in the pack drops on the ground.

In other days a soldier carried a miscellaneous collection of hardware dangling about his person, but the new

plans do away with this idea, the bayonet, trenching tools, canteen, etc., being carried on the back. It is recommended that the sword for officers be done away with, the revolver to remain.

Other changes include a hat of better quality, with the Montana peak instead of the Alpine crease, woolen leggings, a short pea jacket in place of the overcoat, a sweater instead of a blouse and a slipper gymnasium shoe.

It is recommended that an extra kit be carried in the scout bag, this kit to include among other things "housewife," extra blanket and the gym shoes. The board also wants an artificer's box made for each company containing repair tools and oil for rifles.

The board is against any garment with pockets, for they claim pockets collect dirt. The hardest task, the board claims, was to make up a pack that could be easily discarded by the soldier in case of necessity.
